# Exercises in Aimed Solar Returns from the Blog of Ciro Discepolo (42)

**Dear Ciro,**

My cousin born on 16.8.80, 12:50, Tel Aviv, has intestine cancer. His coming SR puts the sun in the 12th house of the SR.

Can you suggest please a good ASR for him?

Thank you, Mordecai

**Dear Mordecai,**

I am so sorry. The Sun or the Ascendant or Mars or a stellium in the 12 ^ House of an Aimed Solar Return are very heavy positions and a lot of times they bring serious illnesses as that of your cousin.

**Fals Pass Alaska 2012 For Mordecai Cousin**

For the next birthday I recommend you False Pass, in Alaska (Mars and Saturn will be in the 9<sup>th</sup> House).

Best wishes to you and to him.

I think that we can officialize the news that you have begun to translate "Transits and Solar Returns" in Jewish: it will be a hard and a very long job, because we are speaking of around 600 pages.

Many wishes from all those that love Astrology!

**Dear Ciro,**

I have a friend who wants to improve her relationship status. I advised her to relocate for her 2012 birthday.

She would travel only in Europe, so I suggested Minsk. Therefore, she would have Sun, Mercury, Jupiter and Venus in the 7<sup>th</sup>, but also Mars in the 9<sup>th</sup>. The problem is that she is studying aboard with a scholarship and is supposed to travel also in Asia and Australia for her studies, very soon after her birthday.

Would this Mars cause issues to her, giving the fact that she interacts all the time with foreign people?

Would it be better to have it in the 10<sup>th</sup> house in this situation? Also, she insists she would rather go to Vilnius, as she doesn't like Minsk.

her data: 25 MAY 1986, 13:40, Campulung Muscel, Romania.

Thank you in advance.

Warm regards, Georgiana

**Dear Georgiana,**

go easy! Mars in the 9<sup>th</sup> House is very good for the studies efforts and is good also for travelling with some damages (usually not heavy).

**Dear Ciro:**

Hi, it is a bit of a shock to me and i'm quite unexpected from the new changes of this year's solar return already.

My initial intention is to put the benefits (venus and jupiter) either in 7th or 10th, and i decided 7th will be overall a better chart, and I do want to continue improve my love, then i have the option to either have mars in 9th, saturn in 11/12th, jupiter in 6/7th, and sun in 4th, OR have mars in 10th, saturn in 12th, jupiter in 7th and sun in 5th.

I choose the mars in 9th (yellowknife, CA) as i'm afraid mars in 10th (whitehorse, CA) will be dangerous as saturn transits my 10th house.

But i guess i have diminished the effects of venus/jupiter by putting sun in 4th and saturn in 11th, is it me or is it the surrounding environment (people around me) not sure how to figure out the new me (especially from last year's stellium including sun in 5th house)?

I just feel much more withdrawn and unsure how to interact with the people around me, and afraid that the 11th house matter (the environment, i feel hostility around me already) will seriously hinder any positive things that 7th house has to offer.

Maybe I just need to be patient, and good things will eventually happen. Do you have any suggestions what to expect from this kind of aimed solar return?

Also would it be dangerous if mars in a lunar return is in 7th house, with venus/jupiter in 7th house in a solar return chart? Or is it ok to pass?

hope everything is well with you,

Deva

**Dear Deva,**

I dissuade you to go to Yellowknife for your next ASR (I was there last spring for a Lunar Return) because Saturn would be too much next to the Ascendant. I recommend you, instead, Toloyoak, Spence Bay, Nunavut that is very good.

There would be the usual doubt whether to leave the Ascendant in X House when there are bad transits, but for the job that you do I say that this choice goes well. You don't have to fear Mars in 7 ^

House in a Lunar Return when the Solar Return is good indeed in VII House.

Best wishes.

**Hello Mr. Discepolo,**

My name is Carolina and I live in Madrid (Spain). I spent my past birthday in Madrid.

Here is my birth details:

Date of Birth : 3 June 1972

Place of Birth : Denia (Spain)

Time of Birth : 14,45 h.

To find a new work is important for me now. I need to do changes in my life, but I am worried about

my next solar return because Mercury, Sun, Venus and Jupiter will be in the 12th. Moon in the 6th...

**Dear Carolina,**

a lot of people are writing us to have a suggestion because they fear to lose the job in the next months and don't esteem the astrologers that say "Think positive!" because they have already tried and the job doesn't arrive. I recommend you two very good places: I don't assure you that you won't lose the job, but if this will happen, you will have a lot of arrows to your arc to find a new job.

Best wishes.

**Warm regards,**

Short question. How would you interpret a Lunar Return in which the Sun is conjunct Ascendant (from 1st house, less than 1 degree) and Pluto is conjunct MC (from 9th house, less than 2 degrees)?

All the best, Michael

**Dear Michael,**

I interpret this a very ugly sky because if the Sun is in I and in 12<sup>^</sup> House, the whole rest doesn't count...

However you know that the Lunar Return cannot provoke damages that are not already written in the Solar Return.

Best wishes.

**Respected Ciro,**

I wanted to let you know that my friend with date of birth 19th Nov 1970 got a job which is a higher position.

Thanks to your solar return(Gran Canaria, canary islands) she had Jupiter conjunct MC and pluto conjunct 6th. She was extremely unhappy in the current job. She is starting the new job on April 23rd.

Is there a particular time she should start from home in the morning? Any tips? And should she be worried about Pluto in 6th in terms of new job?

Regards, Neena

**Dear Neena,**

this is the most beautiful news of the day and perhaps of the week! In times when we risk all to fall in an economic abyss without end, once more your testimonies of concrete realized events by Aimeds Solar Returns are joys for our hearts.

Our compliments to you and your friend. I recommend you to make to enter her, in the new place of job, next 23 April, when Venus will be a lot next to the Ascendant (around the 8-9 of the morning).

Pluto in the sixth House can be very powerful and to make to appreciate her in the new place of job, but she could also point out of her pulsionis masochists to leave if it had to see difficult a relationship of job: encourage to overcome a fact as this if it had to happen.

Best wishes.

**Hi Ciro,**

Thank you for answering my previous post, I'm sorry I forgot to mention that I was born in Florence Italy on June 25th 1962 at 8 pm. I will be traveling from Santa Fe N.M. to Florence for my 50th birthday, so I was wondering where it would be better for me to be on my birthday.

I could be stopping anywhere on the east coast or europe.

Thanks, Ro.

**Dear Ro,**

a your next Aimered Solar Return to Florence is not possible because the Ascendant should be in the First House and Mars and Saturn in the 8<sup>th</sup> House (please, read my 30 rules in "Transits and Solar Returns").

Adak in Alaska is good!

Best wishes.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of

the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
