Exercises in Aimed Solar Returns from the Blog of Ciro Discepolo (44)

Dear Ciro,

Regarding my next year's Solar Return Saturn on the 2nd/3rd cusp.

Birthplace: New Hyde Park, NY (40.44N 73.45W)

Birthtime: 9/3/1984 11:39 AM Eastern Daylight Savings Time

Place of Return: Fresh Meadows, NY (40.45N 73.47AM).

Do you know what Mercury conjunct the Virgo ascendant from the 12th house might be?

Thank you for your patience,

Michael

Dear Michael,

but why do you want to hurt you?

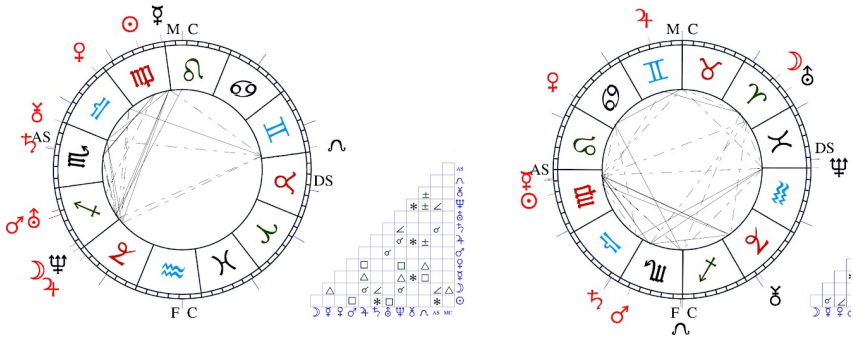

You worry yourself about Saturn on the 2nd/3rd Houses' cusp and you fear Mercury in the 12th House, but you don't worry yourself about the Sun in the first House that is very worse than these positions and it is a great deal similar to an Ascendant in the 12th House or to Mars in the First House.

I understand that you have tried to place Mars and Saturn in 3rd House without removing the values of X House, but we can get this without leaving the Sun in the I House: my suggestion, as you see from the graph, is for Houston in Texas.

Your schedule should be precise to the minute, but if you are not

certain of this, moved slightly more to west.

Warm wishes.

Caro Ciro,

but I will not engage in any research until I graduate from my study and fully trained as a clinician, and as part of my study, I need to spend half of the time in the hospital as a student, interacting with patients and superiors (senior interns, doctors, administrators that in the long-term can give me right recommendations and even refer me to a good job after

I graduate) or vice versa, that last year, when I had the lunar return ASC in 12th house, one of the staff told the senior surgeon I was joking with some interns about him, and then the next thing I noticed is his resident students (I wonder why they suddenly so nice to me and try to find out which floor I am on, and trying to talk to me) told the head doctor in the emergency room some of the bad experience I had when I'm in rotation in the emergency room that I told them about, and the shame is I didn't even find out the connection until the damage has been done. And in the future, will I ever want to go back to that hospital and work?

probably not. But it is definitely a good lesson to learn.

SR ASC in 10th seems to magnify everything I do, good or bad. And yes, in helping my exams, I have put venus in III house of LR a couples of times, it does work like magic.

But for other aspects of my work, will it be 10th house matter or more of 11th house matter? I think I'm getting hooked by SR ASC in 10th house in that, I think more people in the field know me (of course only the good things about me), it will help me get matched in the specialty I want to get into after graduation.

Deva

Dear Deva,

don't sadden yourself because the values of 12[^] House always bring "stabs in the back"... People as you exist, that think studying and to do research and others that think in the night as to use the knife in the back of the others because they are poisonous snakes...

Relatively to the Ascendant in the X House of the Aimed Solar Return, as I have written a lot of times, it I succeed to explaining it through an enormous practice but I am not able to explain it totally.

You, don't take however big risks, this I can assure to you. I desire to tell you a brief episode happened in our blog where we do true Astrology and not "wishy washy all rosey predictions" as our English colleague Kim says. An Italian important physician asked us help for an Aimed Solar Return "because he wanted to improve his own career".

However he didn't tell us that he was investigated by the Law. In lack of this information I positioned him the Ascendant in the X House and he

was imprisoned returning from his birthday trip... But you not to fear because in your closed future everything will go well.

Best wishes.

Dear Mr Discepolo,

As per our conversation earlier I am posting my request regarding SR here.

Birth details - 13.04.1975, 8.10am, Kanpur, India (26n28,80e20)

Solar Return (2012) - Edinburgh, Scotland (55n03, 3w11)

Mars in the 8th house of SR is worrisome.

Is there a remedy I can use with Aimered Lunar Return to change or at least make the affect of all a bit milder.

Your interpretation of the SR and any guidance for LR (due to my work and other stringent restrictions it would be practically impossible for me to travel anywhere else except the UK this year.)

Thank you so much for your time and care.

regards, Alfred

Dear Alfred,

I have been sorry that you have not succeeded in reaching Galway as I recommended you.

Choosing Edinburg you have chosen an enough heavy position because you have positioned Mars on the VII/8^ Houses cusp and therefore very heavier than Mars in 8^ (without thinking to 3 Celestials in the First House).

I believe that this, together with the Ascendant in the 8^ SR House, will make you quarrel in the actual place of employment and you will be forced to change job.

You will have different small exits of extra money during the year and you will also have a climate of greater "war" around you.

Nevertheless you don't have to dramatize because nobody has ever died with this position...

I don't recommend you to make Aimed Lunar Returns because, in this situation, they would not be useful to anything.

In my book "Aimed Solar and Lunar Returns", www.amazon.com, you will find many suggestions on as to exorcize Mars in VII and in 8th House.

For this year the situation has gone badly, but from next year, you will see that we will always find a good solution, if we will move there with a few months of advance.

Best wishes.

Edinburg Britain ASR 2012 For Alfred

Dear Ciro,

For May, Veracruz.

Thank you.

John from Buffalo

Dear John,

if you are looking for your next Aimer Lunar Return, Veracruz is not possible because Saturn is closer to Mid Heaven.

Detroit, Michigan, can be a good solution.

Best wishes.

Detroit MI ALR May 2012 For John

Veracruz ALR May 2012 For John

Very good, thank you.

John from Buffalo

Dear John,

it was a pleasure for me.

Dear Ciro,

Are the Lunar Returns most active when the moon transits over the Lunar Return Ascendant?

What would be the effect of Lunar Return Pluto conjunct midheaven, while Lunar Return Ascendant is conjunct the Sun?

(Pluto ruling the 8th house in this lunar return)

(Sun ruling the 5th house)

I am describing my current 6th house return.

Deep thanks as always,

Michael

Dear Michael,

described so it is a quitz.

It is always preferable to point out all the elements of the sky of return because our is a judgment based on the rules and not on the suppositions.

Nevertheless, in an ALR of this type the Sun in the First or in the 12th House makes to disappear the whole rest because it is very worse than every other thing.

Best regards.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
