Exercises in Aimed Solar Returns from the Blog of Ciro Discepolo (55)

Dear Ciro,

I was born on 3 June 1972 14,45 in Denia (Spain). I spent my past birthday in Porto Nacional Tocantins (Brasil), as you recommended. Now I live in Madrid (Spain), but I am thinking about going to live to another city.

There are 2 places I am considering:

- Denia: because my family live there.
- Cadiz: to improve work.

Is there a really difference between Denia or Cadiz relating to work?

On the other hand, if you look at my natal chart, which kind of work do you think can be good for me?

Thank you very much

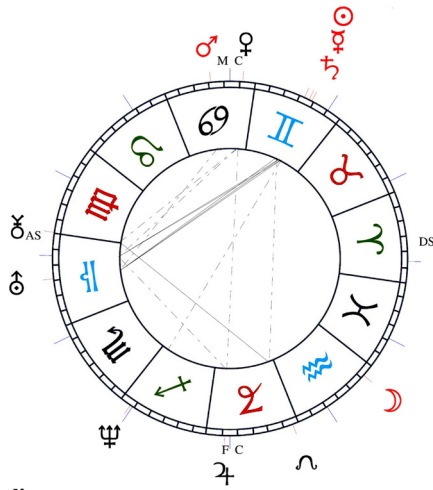

Carolina from Spain

Dear Carolina,

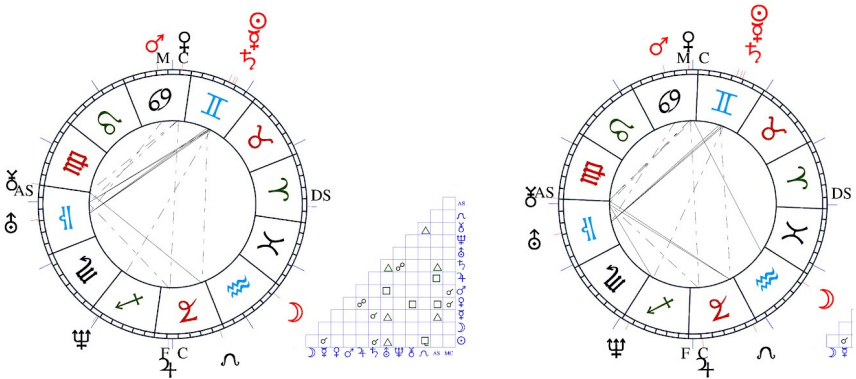

the difference is very low, however Cadiz is better because Venus in Cancer, dominant to MC, is very closed.

I think, also for your Jupiter in the Fourth Natal Chart, that you can work well in the real estate world, mostly in the second part of your life.

Best regards.

Relocation For Cadiz For Carolina

Good morning,

i have to say, that your Guide to astrology is really good, im still reading.

And i can understand almost all :) I've never heard about compensated signs and i want to ask, if the Sun signs characteristics works too for that sign i have ar anybody has in asc?

For example im a Leo with asc Scorpio, but your Scorpio description suits for me much more than Leo.

And what about signs in houses, if i have to look only in the sign on the cuspidus or on the all signs in the house?

Thnx, Zoe

Dear Zoe,

the most important sign in a Natal Chart is the sign in relation to the House where is the Sun in the instant of a birth.

In your chart (I have not your birth data) you can be born few minutes before or later noon and then you are, **FIRST OF ALL**, a Capricorn (the Sun in the Tenth House) or a Sagittarius (the Sun in the 9[^] House).

After you can have a Scorpio Ascendant stronger of the Solar Sign Leo.

The signs in the Houses value both for cusps and for all the signs.

Dear Ciro,

Is it possible for 2 people to happily marry and both to have bad SR charts for the year of their wedding? He: 19 May 1970, 3:45 am, Campulung (Arges), Romania ; She: 9 Oct 1974 Campulung (Arges), Ro.

Date of their marriage: 11 Jul 2001. I also noticed that in her SR of 2000 there is a Mars in 7th house. Generally, from what I read, this does not indicate marriage, to the contrary. How can you explain this? Marriage based on interest?

I also present to you the terrible case of a good friend of mine. The damages emerged in 2011. She ended up in the hospice for mental problems amd eventually she was diagnosed with schizofrenia.

These issues appeared after continuous quarrels with her parents, her only relatives alive.

She practically had issues on all levels in 2011: arguments at work, lost her job, faced lot of pressure from her family and lack of love, was

not able to start a relation with the boy she liked, money issue, etc.

The year shows AS in 1st natal house and lots of planets, including Mars, in 12th house. An awful chart.

I talked to her parents and they claim that schizophrenia was something imminent to her, as doctors say it is usually inherited, although they don't know any case in their family.

I knew that she had a sensitive emotional background, but I wouldn't have guessed that it would go this far, to develop a mental illness. I am convinced that the 2001 SR chart triggered this and that it wouldn't have happened if the chart looked good. What do you think about this?

The chart of 2012 looks very good, but she went again to the hospice and the doctor prescribed pills for at least 5 more years. Taking pills will also harm her, as she has a very sensitive liver.

Her data: 4 April 1986, 5:50 am, Bucharest, Romania

Thank you! Warm regards,

Georgiana

Dear Georgiana,

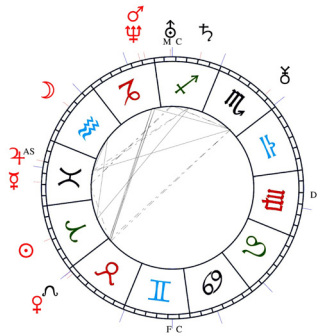

the great Carl Gustav Jung said: "Every thing that is born on this Earth takes the characteristics of the instant and of the place in which it is born: this is how affirms the astrology."

If two subjects have an ugly Aimed Solar Return they don't have to begin anything in that year because also, and above all, a marriage is born with the pretense joy of the bells that play, but behind the façade there is always the drama.

I, with a bad Aimed Solar Return, would not write even a book and I usually write more than one of it a year.

I don't believe that your female friend is a certain case of schizophrenia because she is true that has an unconscious strongly dilated, but it is also true that she has a strong "Io" (Sun in Aries, in the First House, with good aspects).

Many wishes.

Natal Chart Of Georgiana's Friend

Dear Ciro,

Thank you very much for your answers!

I notice that I forgot to mention the hour of birth of the woman married in 2001. It is 8:00 am (9 Oct 1974).

I need your opinion on the Lunar Returns of my family members. They all point to a bad incident that will occur between 13 august - 20th september this year.

Both my sister and father have ALR in 12th house.

Also my sister and mother have the conjunction Mars-Saturn on the AS of the LR and my father has Sun in the 12th. Jupiter in the 8th house of the LR of both my mother and sister might indicate a funeral. My father has, in exchange, an Uranus in the 8th house of the LR. I have a 10th house ALR and the terrible Mars-Saturn conjunction falls in the 5th house that is related to both father/grandparents and love life.

My grandmother is suffering for sometime with a health issue, so I worry, especially since I have a Saturn in the 11th house of my SR and Uranus in the 4th.

My sister has Saturn in the 4th house of the SR and both Sun and AS in the 8th.

Me: 24 JAN 1986, 21:20, Campulung (Arges), Romania, 2012 SR spent in Vilhelmina (Sweden)

Sister: 22 JAN 1984, 1:30, Campulung, 2012 SR spent at 37:00W; 1:30S, 3:00GMT (in the ocean close to Fortaleza, Brazil)

Mother: 5 OCT 1958, 4:45, Campulung, 2012 SR spent in Campulung

Father: 26 OCT 1956,1:55,Bucharest, 2012 SR spent in Campulung.
Best wishes, Georgiana

Dear Georgiana,

what you ask me is not possible. To be able to give you a professional and reliable answer, I should study the Natal Charts of all of your narrow relatives, then their ASRs, therefore their ALRs and their Transits. A study done well would take me a lot of times and I cannot give many hours even to myself.

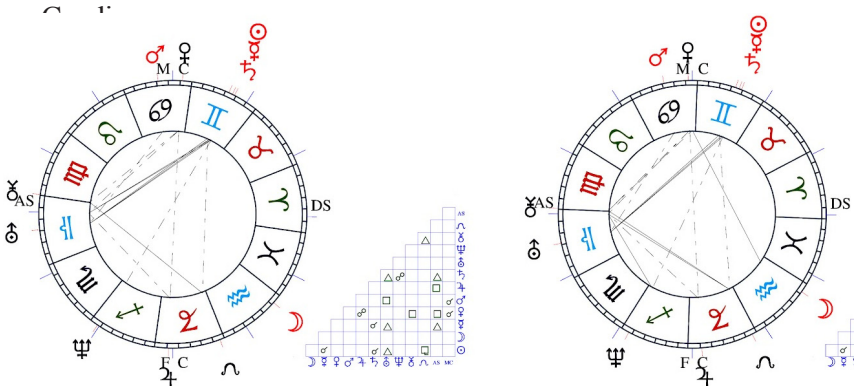

I regret because you are among my preferred students, but really I am not able to find this time. I am able - however - to advise you: if you see all these dangers, recommend them not to go to trip in the same car.

Many wishes.

Dear Ciro,

You said to me two days ago that for my Jupiter in the Fourth Natal Chart, I can work well in the real estate world, mostly in the second part of my life; but my Jupiter is in the 3th. Have you any suggestions?

03-06-1972 14,45 Denia (Spain), Thank you

Relocation For Cadiz For Carolina

Dear Carolina,

we were speaking of the Cadiz relocation...

Best wishes.

Dear Ciro,

Greetings from my Aimed Lunar Return in Palm Springs. I have chosen Benson, Arizona for 8/1 Aimed Lunar Return, please let me know if it is good.

Thank you once again and best wishes for your birthday journey. Buffalo, NY, December 7th 1964, 9.41 p.m.

Dear John,

it is not beautiful, but it is possible. You can have a sentimental displeasure next August. Best regards.

Hello Ciro,

can you recommend a precise software to calculate solar returns and where i can buy it?

Thank you for the answer, Anonimo

Dear Anonimo,

the best software in the whole world aimed to Solar and to Lunar Returns is Aladino, but I cannot sell it abroad for assistance problems.

I advise you to use one good professional and not free software not specific for ASR and ALR and not Italian.

Best regards.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called

'horoscopes of the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
