Exercises in Aimed Solar Returns from the Blog of Ciro Discepolo (62)

Dear Sir,

thank you for replying again. I am sorry to ask many questions but this will be my last.

If I spend my 2013 solar return in Christchurch new Zealand, I will have

- venus conjunct solar return ascendant,
- sun on the 2nd solar return house cusp, mars and neptune in the 3rd house,
- jupiter in the 6th
- saturn in the 11th house of solar return

What are your thoughts for this location?

I have decided that if this is not successful as well, I will just stay in Melbourne and try not to get pregnant for the coming year.

I am not able to take too much time off work, if this is a good location, should I be in Christchurch 1 day before and 1 day after my birthdate for it to be effective?

Again I am grateful for your help and time.

I will definitely be in New Zealand for my 2014 solar return as advised.

Warm regards,

Michelle

I am sorry, Michelle,

but if you will spend your next Aimed Solar Return in Christchurch,

New Zealand, you will infringe 3 of the most important rules of Active Astrology:

1) The Sun on the cusp of the I/2^ Houses works also in I House: very dangerous.

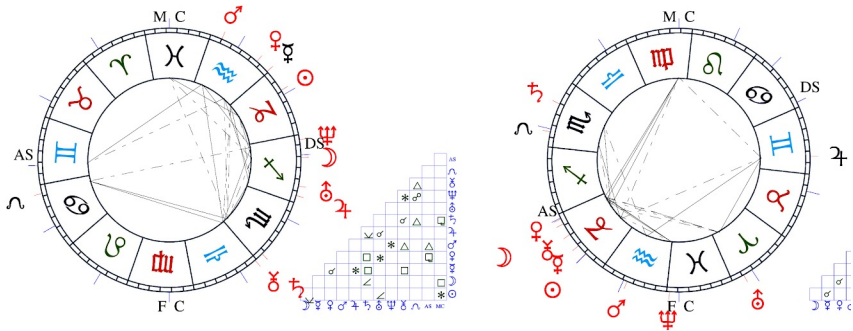

2) A stellium of 5 Celestials in the First House is very dangerous

3) Venus perfectly joined to the Ascendant works also in the 12^ House and it is negative for love and sons

Besides, there you don't improve, in any way, the 5^ House.

I advise you to choose my solution for 2014.

Best wishes.

ASR Christchurch 2013 For Michelle

Hello Ciro,

I saw that my SR for May 6th 2013 is TERRIBLE and even though I almost became a nun after 12 years of celebrity in 2001 I decided to take the householder roll and live in the world.

All my astrology mentors tell me the 6 planets in the 12th house for 2013 SR is a very spiritual time, my gut tells me otherwise.

I am wondering if I buy a plane ticket to San Francisco, CA for May 4th and fly back to Montana

May 8th I might be ok? Would you take a look? I have 8 months to plan for this event and life is already hard enough for me as it is.

May 6th 1970 08.09 pm pst Sacramento, CA

Current Location: Corvallis, MT 59828

Relocated location for the sake of the SR: San Francisco, CA

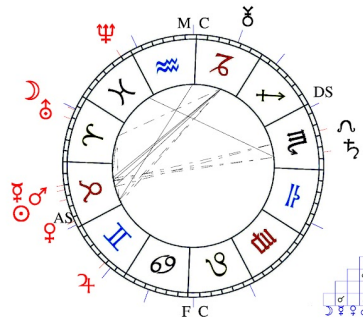

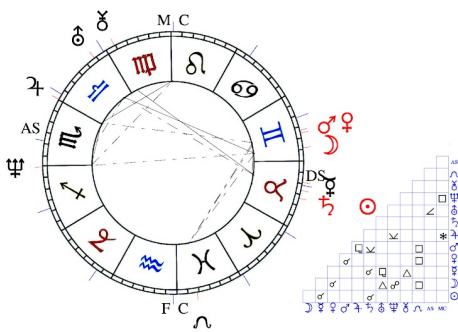

If you see a better place let me know, but I don't have much money to travel.

I lost my engineering telecom career in 2007 and had to move out of CA to find work and I am working for a little more than minimum wage. I used to make 5 times more than what

I make now and I also have had a bad neck injury 2 years ago that may need surgery (Venus is conjunct Caput Algol in 2012 SR from Corvallis, MT) and I just broke my foot 4 days ago. With Uranus on my Chiron right now I am accident prone and just plain tired of all this stuff.

Thank you!! Let me know if SF is good enough to soften the blow and if 4 days is enough time for me to veg out in SF before I head back to real life.

ASR Corvallis Montana 2013 For Kelly L

Dear KLEisenhower,

I start to believe in the Saints that perhaps want to save you. In fact not only in USA, but also in Italy, there are some astrologers that read your next Aimed Solar Return for Corvallis, in Montana, as a marvelous Aimed Solar Return that will make grow a lot you.

Unfortunately also the bad things grow as the tumors and then I think that you have happened on this blog or on someone of my books to be able to save you.

[illegible]

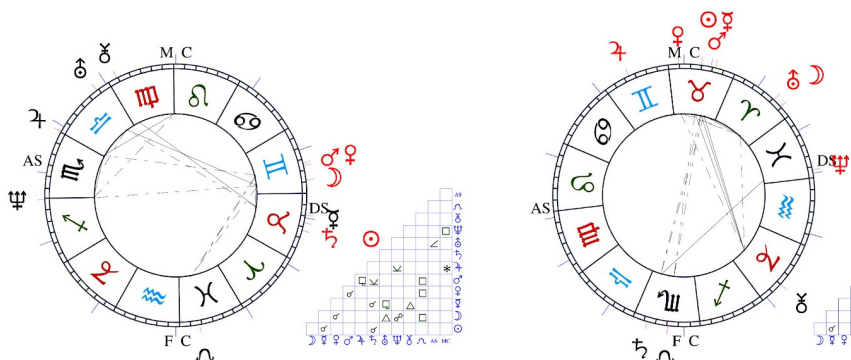

Unfortunately going to San Francisco is not enough: in my experience of 42 years of practice and of over 25.000 Aimeds Solar Returns which I recommend to the others and to myself, I understood that the First House is exactly dangerous how much the Twelfth House, even if you think about exorcizing it with a surgical operation.

I recommend you a lot to make to lend you the money of the trip and to go to Dublin, Ireland, the day May 6th 2013, at 01.53 pm, Dublin Time. Even at 2 pm you can leave Dubin and you can return home.

The aerial company Air Lingus, of Dublin, is one of the most economic aerial companies of the world.

We do you many wishes and, I finally, remember that clicking on the graphs you can see them widened and passing the mouse on the graphs, down and on the right of your screen, you will able to read the name of the place.

If you don't succeed in reading the name of the place use Google Chrome as browser.

ASR Dublin Ireland 2013 For Kelly L

Happy to meet you!

Thank you so much.

Here's a picture of me last year.

I looked at your list of books on my phone but many are no longer in print.

I'm just learning about SR and have no clue about Lunar Returns.

What books are best for the intermediate hobby astrologer in training?

I've studied astrology since I was 13 so I have a facination with it.

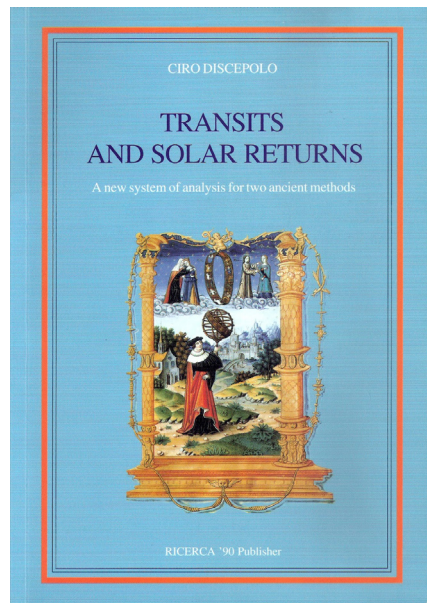

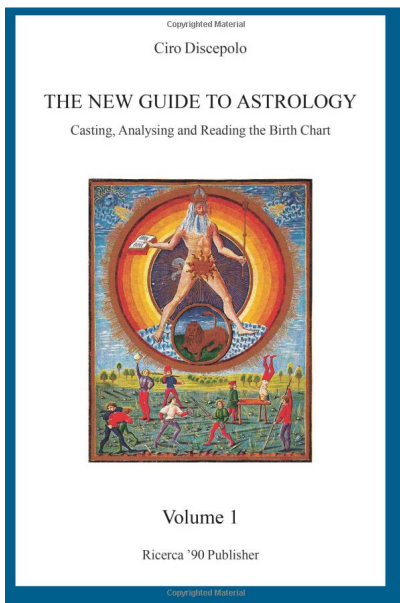

I really appreciate you help

I think that you have to start from these basic and fundamental books of mine, all available on www.Amazon.com:

Lunar Returns

The many things you should know
about this fantastic tool of forecasting

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
