# Exercises in Aimed Solar Returns from the Blog of Ciro Discepolo (68)

**Dear Ciro,**

I know you're not fond of answering queries on emails, but I am just confused in reading and finding your response in your blog..... But first of all, I would like to THANK YOU for being you and for becoming an astrologer. As a gemini rising and moon I have lots of questions, but first things first.

I would try to make plans for my 2013 SOLAR RETURN vacations. Could you please help me with it? I am aware that the 20 days before and after birthdays is the most significant.

I am wondering if I am to go on a planned SR location, and I am only allowed 7 days, would that be enough?

My birthday is Feb.7, 1979 at 12:55PM bacolod city, negros occidental, philippines. I am currently living and working in vancouver, bc.

I am thinking of going back to school while working full time at the hospital. Please help me find the best SR location for 2013, and when should I be there and how long to stay?

My other questions would be in regards to my NATAL CHART. I would not want to cheat you of your expertise, and would kindly ask, if I could hire you to guide me as my counsellor to give me directions of best way to unleash and make full use of my natal blueprint.

At 33, later than ever, I am just beginning to learn my turn my weaknesses into an advantage. For example, the biggest bane of my existence has always been my childhood.

With SATURN in VIRGO in 4th house SQUARES my ASCENDANT MOON in GEMINI, I have a lot to mentally and spiritually detoxify to do.

I have always been a shy person, but I have also the presence of an arrogant prick, so it seems.

My sister and everyone else sense that I am a total snub, but in fact yes, I have always been so detached and awkward. And as of late, I have been thinking of getting married and I do want children. Okay, maybe one. Problem is I have never been in love.

SO please, PLEASE, help me. If I could afford it, I would like to learn and become an astrologer too. But then again, I have exceptionally weak MOON-NEPTUNE, so I doubt I can help anyone else much less myself.

Please, if you could, how much do you think it will cost? Thank you, and again, thank GOD for giving you to us.

PS: MY 2012 SR happened in vancouver, BC. If I stay here again next year for my SR, MAR'S 2012 influence will incur a mammoth of anything but nice.

GOD BLESS YOU AND YOUR LOVED ONES!

Kirsten Marie

### **Dear Maria,**

the 20 days before and after every birthday are usually intense and they bring many important events, but it is enough to stay an only minute in the place where your Aimed Solar Return will happen.

If you are not sure of the birth time, you can also stay 30 minutes after the moment of the Solar Return.

For prudence it is useful to you to come 2-3 days before your birthday there because, in case of strikes in the transports or of bad atmospheric conditions, you will succeed in reaching the location that I will suggest you.

For your birthday 2003 I advise you: Albany, Australia. You will have to stay there the day February 2nd 2013, at 7.55 pm (19.55).

Remember: it is a rith thing to arrive there 3 days before and to depart 30 minutes after or more.

This Aimed Solar Return is very good, except Mars in VII House that we cannot cancel with the magic varnish... Nevertheless you can read my book "Aimed Solar and Lunar Returns", on selling on Amazon.com, to

understand as exorcising Mars in the VII House.

I will follow you also in the future, but not for the small choices. I ask you to consider that the pages of this blog are visited from over half million people and I cannot take care privately in relation to everybody.

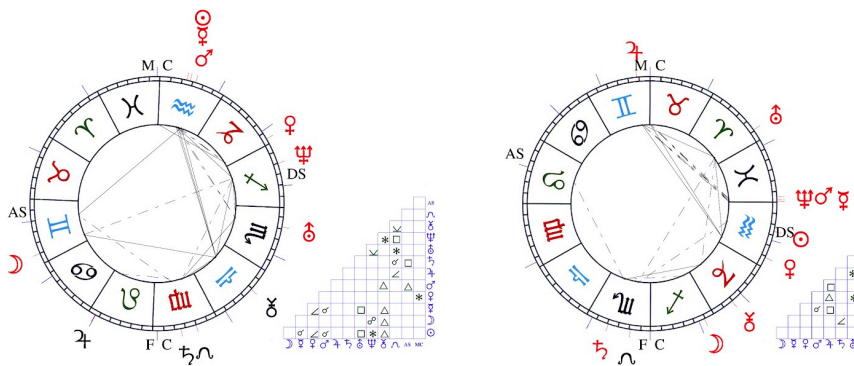

For this motive I have created some Active Astrology owners in every part of the world. In this moment there are several people that write me from British Columbia but they are not enough expert to give advices.

Be patient still, but remember that the fundamental choice that will change positively your life is that to spend every year an excellent Aimered Solar Return where I will recommend you.

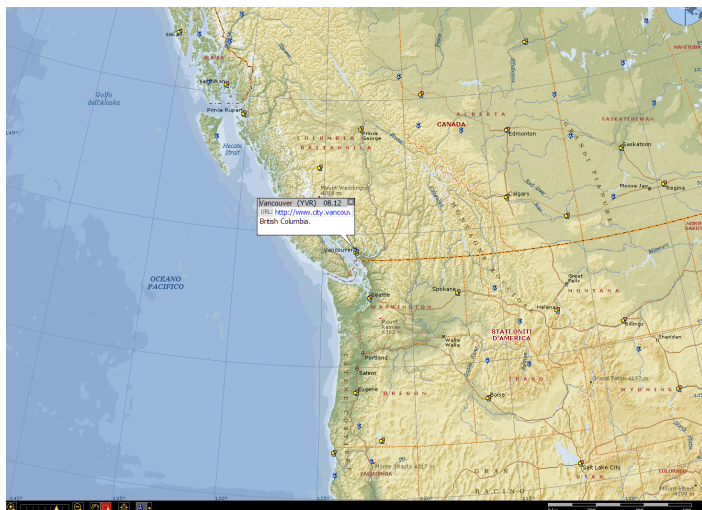

You have to pay nothing because this service is aimed to teach to my students.

For the other things we write again another time.

Best wishes!

Bacolod City

**Dear Sir,**

Which place would you advice me for my 2014 solar return.

sincere regards,

Alfred

**Dear Alfred,**

our bloggers often ask me suggestions on their own birthdays for the future years.

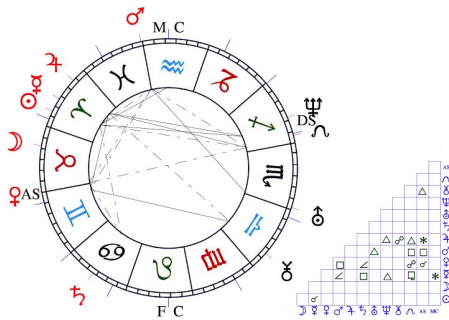

I wonder me: are you afraid that I am about to die?

I have so much desire to live and I will try to still stay among you for a lot of time.

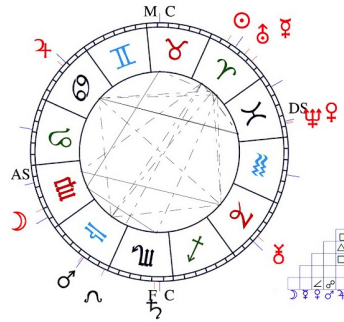

However a good Aimed Solar Return for you, for 2014, you see here under.

Many wishes.

**Hello Ciro,**

congratulation on your new book!!!

Ive wonder to know if its possible to get information in natal, solar or transits about grandchildren? Especially about they birth in particular year? If, yes, what can show this?

Zoe

**Dear Zoe,**

thanks for the wishes for the new book that I hope you can read also soon.

Just in this book there are little sentences - very important in my opinion - that explain, according to my practical and not theoretical experience, the correct attribution of our relatives in every House.

The nephews that come from brothers and from sisters, cousins, brother-in-laws, etc., we observe them in the 3<sup>^</sup> House.

The nephews in the sense of children of our children we observe them in the 5<sup>^</sup> House. In the 5<sup>^</sup> House they are also the nephews as children of the children of our second husband and our second wife.

Therefore, if in a sky of Solar Return, if you find Jupiter in the X House and a beautiful Venus in 5<sup>^</sup> House, this can mean the birth of a nephew of the your second husband, if you have a second husband.

Dear regards.

**Dear Ciro,**

Is there a place where we might send my father in our native United States?

He is being understandably stubborn regarding flying to Norwich, England as you've suggested.

**Dear Anonymous,**

yes, we would be able, but only to hurt him and not of making good things.

Here, as you know, we move to help the others and not to damage them.

A dear regard.

**Hi Dear Ciro,**

I have to tell you that I spent my last birthday in Portland, Maine (USA) as agreed with you last year.

So far, it has been according to what I expected (at least as to the 9th house, Venus was on the cusp).

I've been traveling a lot overseas this year. I also had some problems at work (Pluto in 6th), but anyway, this year has been good so far. I am planning to go to Midland, Texas (USA) for my next BD where Jupiter will be on cusp of the midheaven and 4 planets in the 5th (I still hope to have a partner and a family of my own) and ASR ascendant in the natal 10th.

I don't like Mars and Neptune in the 6th, but I think the positions of Jupiter and the 4 planets in 5th worth it.

Could you please help me confirm if I am doing right with my plan to spend my next BD in Midland?

My DOB is January 23, 1973, 1.43 am, Mexicali, Mexico (Sun 03'16

Aquarius, Ascendant 22'52 Scorpio, and Moon 00'46 Libra).

Thank you! Mery

**Dear Mery,**

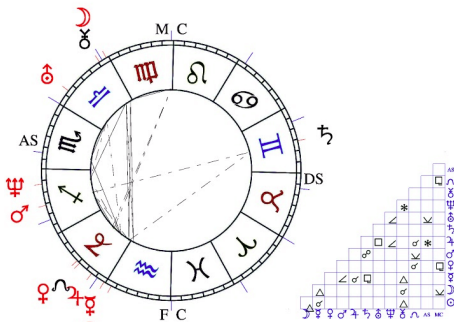

bentornata!

I am pleased that your year in Portland has been all right. Instead you cannot absolutely go to Midland (Texas) for your next Aimerd Solar Return because Mars in 6<sup>th</sup> House could bring you one hard year, in every field.

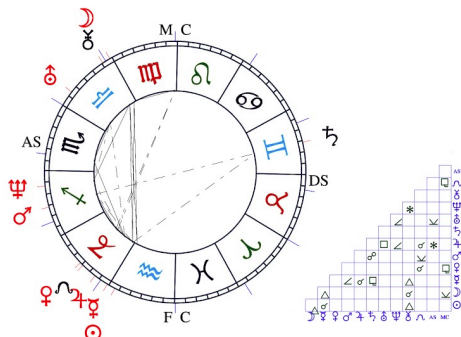

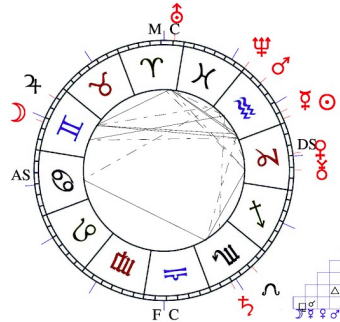

Last year you wrote me 1.51 am as your birth time. Today write me 1.43. If your correct schedule is 1.43, then I recommend you Hilo, Hawaii, with a splendid Venus on the Descendant: love, law, health, job and relationships of job.

If you are not certain of the time of birth, move slightly you toward east.

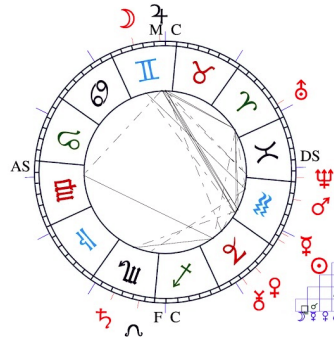

Many wishes.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 70 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia) and about 250 short Astrology Essays almost all on Google Books. He has published also about 1000 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
