# Exercises in Aimed Solar Returns from the Blog of Ciro Discepolo (76)

**Dear Master Ciro,**

I hope you are well and had a productive break from blogging. Not sure why I am writing to you, but I am.

Things have been quite difficult in the past few months. My ex is spreading rumours against me, she has schemed against me so that I lose the rented house I am living in.

I am feeling more and more hopeless about any future relationship. The career seems to be not going anywhere [I wanted to start a degree in counselling/psychology and eventually move to work as a therapist].

My father is getting worse. A friend of mine recently committed suicide.

Not sure what kind of transits I am going through.

Any words and advice of hope will be greatly appreciated.

thank you so much.

sincerely, A

**Dear Alfred,**

I am sorry, but I have some splendid resources for you: an Aimed Solar Return every year, the exorcization of symbols every day and, if it

is possible, a very good relocation!

Best wishes.

**Dear Ciro,**

I would like to ask your opinion on a matter. In 2010 I spent my SR in Flores, Azores.

I know that it is long gone and passed, but keep wondering if it was a good choice. Another choice would have been Maastricht, NL.

I think I should have triggered then a 10th house ASR.

Now, I also wonder if maybe a 2013 10th house ASR spent in Melbourne, AU would be a good option.

I find myself in a point in life when I really need an important change. Montreal might be only an extension of the last 2 years, as the charts are similar. Do you think that a Venus on the 7th house in the Melbourne chart could attenuate the influence of Mars? Or is it going to worsen the situation because of the numeric implication and impact?

When does someone know that they are ready for a 10th house ASR?

Thank you in advance for your honest opinion!

Best wishes, Georgiana

**Dear Georgian,**

you ask me as the your 2010 would have been if instead of going to Flores where I recommended you, you had gone to Maastricht NL.

It is a binding and difficult question because I should know in detail, month for month, what happened you in that year.

I - nevertheless - know that in these last two years, following the ASRs that I have recommended you, you have had an extraordinary and objective growth: you have brightly overcome a difficult surgical operation (according to your declarations), so much you are grown in the knowledge of the Active

Astrology, you have found a fiancé that I have glimpse in Bucarest and that seems a very positive person for you.... And we could still continue.

If I have well understood it you would like to make a big leap in before, everything in an only time, without a constant and very good progression. And if I have understood well you identify the presence of an Ascendant in X House as a propeller of radical changes.

If I have understood well, despite the obstacle of the language, the Ascendant in X Casa doesn't bring yourself this: in the majority of the cases you get its fruits distributed in the years to come. It is Uranus to the MC that can change the whole your life in a day: but if the whole ASR is not studied well, Uranus could also change your life in negative.

Perhaps your actual indecision between Melbourne and Montreal makes me think that I have understood well your small worries and your desire to have a leap in before decisive, immediate and mighty.

In everybody and two these ASRs your relationship of couple is in a risk situation: Jupiter "bistable" to the Descendant or Mars in VII. In this whole I think that the Ascendant in X House cannot change of 180° your ASR.

You ask when we are ready for an AS in X: we are always ready. Probably the ASR in Montreal is preferable because so much money is seen in entrance and because to Montreal you could also stay to live, with great receptions, more to west where you would have the Jupiter relocation to the MC: the maximum one!

In Melbourne the relocation is excellent, but not for the career and - as you will perhaps know - it is difficult to enter to live in Australia. In short, considering everything, I recommend you to go to Montreal.

A dear regard.

ASR 2013 Montreal For Georgiana

ASR 2013 Melbourne Georgiana

**Dear Ciro,**

Thank you for your answer and honest opinion. The goal is not a big leap forward without a solid base. Wanted to say that I need a change, an important positive change in my life.

That could be an engagement, a very good job, a scholarship, the possibility to pursue a passion or anything that could upgrade my sense of personal growth.

I need a transformation or a lovely event to delight my heart. 2009 was truly a year of growth, for exemple. I had Jupiter+Sun on the MC. And it is not that I'm asking favours to the stars and doing nothing.

I put effort in everything. And I know that with the right celestials on the right houses, anything should be possible.

I was thinking that maybe, from time to time, we should take risks in order to flourish.

For instance, I acted in a conservative way when I decided to go to Flores in 2010. I had both options in hand (ASR in 9th and 10th), but decided to pick the safe path: ASR in 9th, like in 2009.

I cannot complain that it was a terrible year. It brought growth, but also sorrow on the relational part, because of Saturn in 5th. And I believe it was unnecessary suffering. It could have been a positive turn instead with Sun+Venus in 7th (Maastricht).

As positive events, first of all I found you later in the year. It is strange that I have been looking for SR information on the internet since years and didn't come across you by 2010. Also, in 2010 I decided, after years of

denial, to proceed with the surgery. A very important growth happened also on the artistic part. I learned vocal classical Hindustani. Also, in terms of shortage, I graduated from my master degree, but finished my final paper with enormous efforts and didn't get the result I expected.

And Yes, one of the most important growths during these years, was the fact that I became more knowledgeable in Active Astrology, thanks to you and your precious work.

But what I mean, is that I have been in a continuous chase for change to the better, but I find myself in the same scenario. For instance, my love life is not so great anymore, even with Jupiter in 5th. The surgery was good, especially on the healing part, but not excellent as needed and expected. It has lots of functional flaws. It may simply be that nothing is perfect, this is how I am indulging myself.

So, that is why I was thinking that a 10th house ASR might bring that feeling of sudden happiness and accomplishment. This, because, as you said, it has a certain mightiness. Montreal is a safe path to me. Melbourne might be my last chance to have a 10th house SR. I looked at the years ahead, and won't have the possibility anymore to have this type of chart under safe conditions, at least in the close future. That is why I couldn't decide and needed once again your opinion on this issue.

But yes, I will probably choose Montreal and give a third chance to this format of chart, hoping for the better.

Best wishes,

Georgiana

**Dear Georgiana,**

you was clear and I was the first to discover the extraordinary value of an Ascendant in X. However it needs of a complete and positive ASR in parallel.

I am sure that next year by the splendid Aimed Solar Return of Montréal and the contemporarely transit of Jupiter in the your X House, you will get a beautiful growing.

Uranus in the IV House could be one of your best arrows to your bow for a radical chagement of life. Dear Georgiana, trust in me!

Hello, Ciro.

My name is Igor (11.02.1976 in 06.20,Kharkov in Ukraine).

I was born and live in town Kharkov on Ukraine. In present time I almost finished reading Your book on Solar Returns.

In the process of reading I discovered that in the future Solar Returns (in 2 months) Asc Solar gets in my 12 natal house, and Sun to 1 natal house, and Saturn on MC.

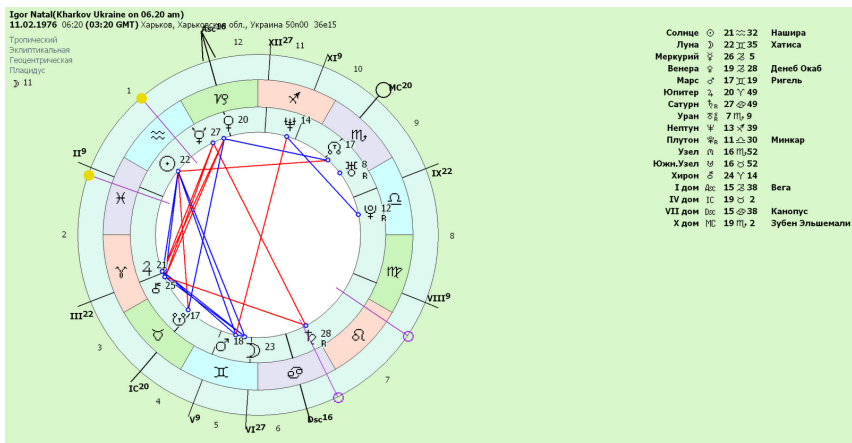

Because in current Solar which Saturn for me stands on Asc, I understood that following my Solar can be far more serious.

Prompt to me please where I could meet the following birthday in 2013 to avoid negative consequences.

If it is possible that it will be not so far for example in Europe or Russia.

Thank you in advance, my e-mail:prometey-76@mail.ru

With kind regards, Igor from Ukraina

**Igor Natal**

**Dear Igor,**

in Europe Mo-I-Rana, Norge, is the best!

And Saturn is out the 2,5 degrees of the X/11^ House cusp!

Below you read the longitudes. Choose a hotel very closed to the Airport.  
 Best wishes.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
