ASR 2013 Semarang Java Indonesia For Alfred's Friend

Dear **Ciro**

I came across your site And books today while researching on my solar return.

Is it of any significance for action?

I'm unable to travel overseas but for my relationship and finances/ career what do you advice.

My birth info - July 21st, 1979, 2:45pm, mokameh, India. His info: dec 14th, 1974, 3:05pm, Bombay India.

Thank you

S, from India

Welcome S form India!

I posted your questions because you had some difficulties. Your post is not completely clear to me, but I'll try to answer anyway.

In my book "Elective Astrology" (www.Amazon.com) you can watch two spectacular examples that demonstrate that don't exist a Solar Return of middle road: I have published two very conspicuous, but I could publish tens and hundreds examples.

To suggest a good location birthday in July, you do not need the details of your boyfriend.

Below is two cities that I recommend you.

The best solution is to Reykjavik, Iceland. Please take note of everything that is written at the bottom of this page.

Many greetings.

Dear Ciro,

I just want to greet you for the New Year:) Best wishes for lots of health, love, success and wonderful happy moments with your dear ones!

Thank you for all your help and insightful suggestions and comments!

Happy and Prosperous New Year!

Best regards,

Vicky

Dear Vicky,

you are very sweet!

Best wishes also to you.

Dear Ciro,

I write for my friend Cheryl. Her birthday is June 18, 1958 St. Cloud, Minnesota, 11:07am.

I am searching for a wonderful 2013 SR that meets your approval.

The Midway Islands in the Pacific place Sun, Jupiter and Venus in 10th, but Asc is in 1st house.

Alternatively I have tried many locations in western Europe, Brazil, etc but have not succeeded in placing Venus 6th, Jupiter 5th, and Mars in 3rd....unfortunately someplace in the Atlantic would be perfect!

Can you suggest anywhere please?

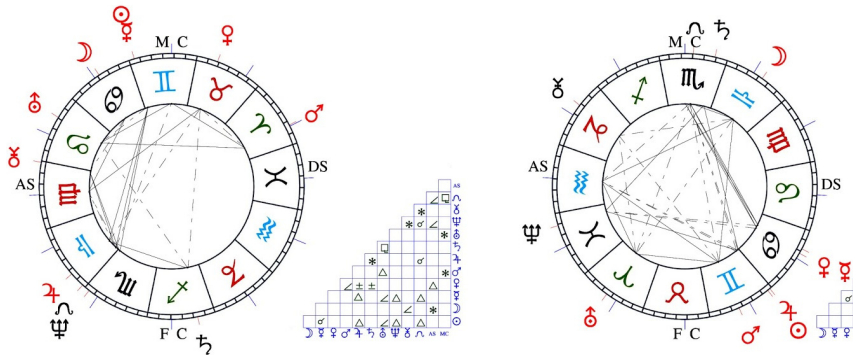

Thank you Ciro!

Julie from Wisconsin

Dear Julie,

Mars in the 3rd House is not possible, but the Aimed Solar Return that you see is very good!

Best wishes.

ASR 2013 Codo' Maranhao Brazil For Cheryl

Dear Ciro,

thank you so much for your time and effort. I am very sorry to bother you...when I check Codo, Maranhao, Brazil Mars is in 5th and Saturn in 10th house.

Her birthday is same... June 18, 1958 St. Cloud, Minnesota, 11:07 am.

Thank you so much!

Julie

Dear Julie,

be sure: the ASR for Codò, Maranhao, Brazil give us a Saturn in the 9th House, far over 15° from the Mid Heaven, Jupiter is in the 5th House and Venus is in the 6th House. Probably you have chosen another Codò.

"My" Codò is at 43°50'W and 4°30' South with an OAG Airport code of CDX.

Best regards.

Ciro,

Thank you so much for doing the SR.

I'm so pleased you were able to do it. Yesterday I was excited to receive six more of your books from Amazon. Your research makes so much sense.

Boston is a nice city, but it is so cold. Now I live in Lake Worth, Florida. Later I'll read your book on astrocartography.

Elizabeth H Dole

Dear Elizabeth,

good reading.

I was once in Miami and another time in Tampa: very nice.

Best regards.

ASR 2013 Long Lellang Sarawak Malaysia For Alfred'S Friend

Long Lellang Airport

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
