## **Thanks again and again,**

On a spur of a moment my son (recruiting to the army soon) have decided to join his friends and travel to Thailand on this thursday January 31.

I don't want to hold him back but my fatherly instinct suddenly has awakened, especially with his Aries Asc. etc.

His birth is July 22, 1994, Tel Aviv, 23:45.

Although his SR Sun is located at the 12th house, the LR is quite promising. What do you say?

Many thanks,

Mordecai from Tel Aviv

## **From Mordecai again,**

I just realized that my sons LR Asc. is in his 12th house???

## **Dear Mordecai,**

unfortunately is the Aimed Solar Return to rule over the whole year ...  
Let's hope so.

Many greetings.

## **Ciao mio Cugino Italiano. Sono Gina.**

You did a wonderful job sharing your gift in NYC. Your lecture was fascinating and left me wondering where should I be at the time of my next solar return?

What do I need to know about my job, my career, my work, my relationships?

I was born in Teaneck New Jersey on 5/5/1982 at 6:57am.

Looking forward to hearing from you!

Gina from New York

## **Dear Gina,**

first of all I would like to tell you that you will do a great career in your life. You are already a good lawyer, but in the future will grow more and more in your profession.

Unfortunately, your love life is the area where you will have less joy, although you are a woman beautiful and charming. Unfortunately you have Mars, Saturn and the Moon in the 5th House, the House of Love. The close conjunction between the Moon and Saturn at the time of your birth, I explained so, as you can read below, in my book "The New Guide to Astrology".

Read the part that indicates the angle dissonant: this nasty conjunction is similar to the condition of the thirsty who continue to drink and continues to be thirsty. This is a psychological condition: you try to always find someone better, but then you end up losing even good opportunities. When you have this condition in your Natal Chart should never get married and I would advise you to have a life too full of love, but not necessarily aimed to build a fixed relation.

I know that these words will not make you pleasure, but we are talking about three stars that are really bad in the 5th House. However, the Active Astrology can help to improve this item in your life. I advise you a psychological help for a better look inside yourself. You could go every year for a birthday targeted and have a good year for Love: but do you think that you may not help the health, career, money and watching only Love? Every year?

I hope that you, despite my bad English, can understand what I'm writing. I'm not writing that you will be without love, but that, probably, you will have always too much love occasions and you may not be good to choose.

For this next birthday you should go to Suva, Fiji Islands, so you'll have a brilliant year for career and emancipation in all directions.

Another very good point of your Natal Chart is friendship: you will always have many people who will help you in life.

Another formidable item of your Natal Chart is the beautiful Mercury, dominant in Gemini: you are intelligent and communicative, but also tell a lot of lies ...

In terms of health pay attention to the thyroid, bronchi and lungs. In old age you will have trouble enough big eyes, but when you will be old, the medicine will be proficient to solve them all.

To enlarge the chart, click on it. See the bottom of this page and read other important information further down what it means to have the Moon conjunct Saturn in the natal chart. A big hug and best wishes.

## Moon-Saturn

Harmonic – Moon-Saturn aspects have many values in common with those of Sun-Saturn. The key word that identifies them is rigour. Especially the conjunction gives a sterling character to the native, who tends to behave in a stubborn way. The ego is conditioned by a strong sense of duty that blocks the native's emotions, checks every little choice and submits it to

arbitration of rationalism. Therefore, these people's moves are limited within narrow tolerances; they appear to be absolutely lacking in resilience and humour. The following are the other keywords of this aspect: seriousness, severity, consistency, method, honesty, frugality, perseverance, loyalty, industriousness, faithfulness. These natives' wives or mothers are usually serious, admirable women.

Dissonant – As explained in the paragraph about the dissonant aspects of Sun and Saturn, in this case also, all the positive values of the harmonic aspect are maintained, if not strengthened – what changes is the attitude of the native towards them. In fact, in the case of harmonic aspect the individuals tend to live their own qualities in a natural way, while the disharmonious aspect points to their suffering, pathos, and neurosis insofar they consider their own qualities as a responsibility to be fulfilled at any cost.

Once again, it is those who live and work together with these people who really benefit from their moral rectitude. Sometimes, if the overall reading of the chart points to it, there may be various types of treachery, but the native remains strictly faithful to his/her own code of conduct. For example, many women or men have this aspect in their birth chart, live in a social environment where adultery is not considered a sin, but on the contrary: it is their very partner who spurs them to neglect morality and live their sexuality freely. On an existential level, this aspect implies a tougher feedback: poor health and slow recovery from illness, frustrating relationship with one's mother, usually traumatic weaning, adverse emotional life, reduced professional success. This transit also points to melancholy, pessimism, mistrust, low sociability. It is always a factor of inhibition and limitation.

The man of chart #17 (opposition) is a scrupulous, diligent, and responsible individual. His love life is miserable (as it will be explained in the reading of his chart). The lady of chart #36 (conjunction) is a brilliant worker because she is rational and methodical. She gives little room to emotions, which implies much trouble in other fields of her life. The man of chart #39 (conjunction) suffers very much: his Moon is in Cancer, hence it spurs him to live according to his emotions and feeling; but it is also saturnized, i.e. repressed. The opposition of chart #62 points to the excellent quality of the native; while the square of chart #69 represents very well Palmiro Togliatti's sense of duty.

**Hi Ciro,**

i´m writing to you because i´m very afraid of my next solar return. The problem is that i have no chance to travel on my birthday, i´ll pass it on my hometown (Coimbra, Portugal).

Cheers,

Ricardo

**ASR Coimbra 2013 For Ricardo**

**Dear Ricardo,**

in my book "Aimed Solar and Lunar Returns", available on Amazon.com, you can read many advices to exorcise the bad positions of your next Aimed Solar Return in Coimbra, but remember that by the exorcism of the symbols you will be able to cut the 20-25% of the negativities.

If you will able to depart, you can avoid the 80-85% of them.

Best wishes.

## Thank you **Ciro** For your fast answer.

How bad is my solar return chart? Can you give me some clues? If i can travel on my birthday, what place will be the best to pass it?

Thank you,

Ricardo

## Dear **Ricardo**,

I advice you to study my 34 rules to plan a very good Aimerd Soalr Returns. They are written in the second English edition of my "Transits and Solar Return", but this book will be published in next weeks or months.

You could study, instead, now, the other my book "The Great Treatise of Astrology", over 1200 pages in a very large size, available on Amazon.com, with these 34 rules.

I suggest that you spend your next birthday in Aqaba, Jordan: this ASR is 100 times better than the one of Coimbra!

Read the many information on the bottom of this page.

Best regards.

## Hi **Ciro!**

Tu cugina Gina again! I was reading your book "Evaluate Your Synastry" and it says to put into the computer dates times and locations for compatibility of couples.

I put my birthday 5/5/82 born in Teaneck NJ at 6:57am and my friend he was born 2/5/80 in Suffern NY. We got "43" what does that mean? Is that a good match? How did you know Daniela was the perfect match?

Gina from New York

## Dear **Gina,**

if I have understood well you have not inserted the time of birth of your boy-friend and this means that the score that you have gotten can be deceptive and it can become also 20 points on 44.

Besides if among you there is Mars in negative angle with the Sun or the Moon or the Ascendant of the other, then the score lowers a lot.

My score with Daniela is quite a lot tall. We don't have Mars that opposes our skies. She has a beautiful Venus in Taurus to 120 degrees from her Ascendant: sweetness, no aggressiveness, love for the next one.

Besides, from astrologer, I have been able to read her internal serenity (she has never made use of medicines in her life) and the beauty of her soul. If you post here the complete birth data of your boy-friend, with the place of birth and the time of the birth that it is recorded on his document of birth, I can comment how much your relationship is worth.

A great kiss.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of

the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
