# Exercises in Aimed Solar Returns from the Blog of Ciro Discepolo (92)

**Dear Master Ciro,**

Could you please recommend a friend of mine a place for next ASR. He wants to improve his aspects in higher education and research and publication.

His birth details are following

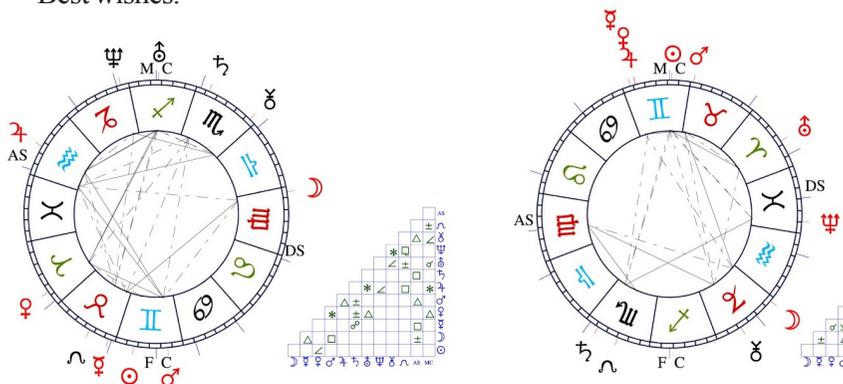

29th May 1985, 1.35am Barking, UK.

thanks so much. yours A

**Dear Alfred,**

it is the best! Saturn in the 3<sup>rd</sup> House and the Sun and Mars in the 9<sup>th</sup> House: tears and blood for the publications, but with a fantastic Tenth House!

Best wishes.

ASR 2013 Stony Rapids Saskatchewan Canada For A Friend Of Alfred

**Dear Ciro,**

Where should I aim my Solar Return 2013/2014?

My birthday is 8/29/1984. I was born at 11:24 AM. My place of birth (and return, if not relocated) is Levittown, NY.

Can I relocate for my 8/29/2013 birthday, and place Venus on the 2nd/3rd house cusp? I am a writer and would like to make money from my publications, while preserving my gift for language.

Thank you!,

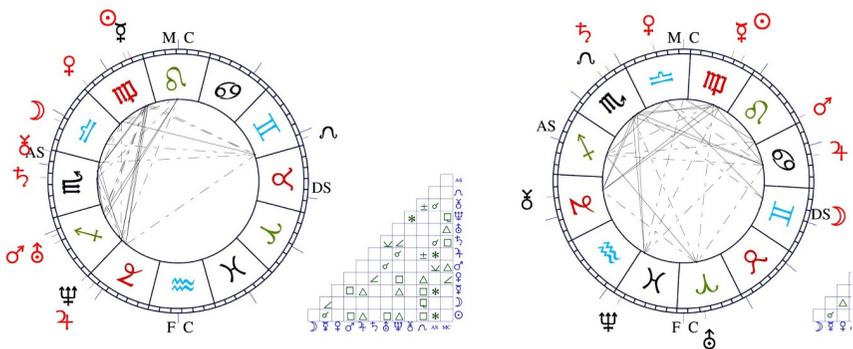

Latecia

**Dear Latecia,**

it is not possible because if we try to put Venus on the 2<sup>nd</sup>/3<sup>rd</sup> Houses cusp, the Sun will fall in the First House and it is very dangerous for you.

I advise Horta Island, Azores, Portugal, with Venus in the Tenth House (growht at 360°), Jupiter in the VII House (more probabilities to find a publisher) and Neptune in the 3<sup>rd</sup> House (more inspiration to write).

Best wishes.

**Dear Ciro,**

I want to share with you the chart of a dear friend of mine born March 29, 1957 at 23h 30min. in Cuellar, Spain. She spent her 2011 birthday in Pamplona, Spain, where she resides.

My friend, Juana, and I discussed the strong need for her to have an aimed solar return in 2012 because the chart was horrific according to your recommendations. She absolutely could not get away from work and spent her birthday in Pamplona.

This is what happened: She had a freak accident in a public bus riding home from work. She lost a chunk of her liver and her hepatic artery ruptured. It is not short of a miracle that she is still alive, only due to the fact that the accident happened very close to a hospital and she got there very fast.

It took a couple of very serious surgeries but she made it. The broken arm and other issues are no big deal.

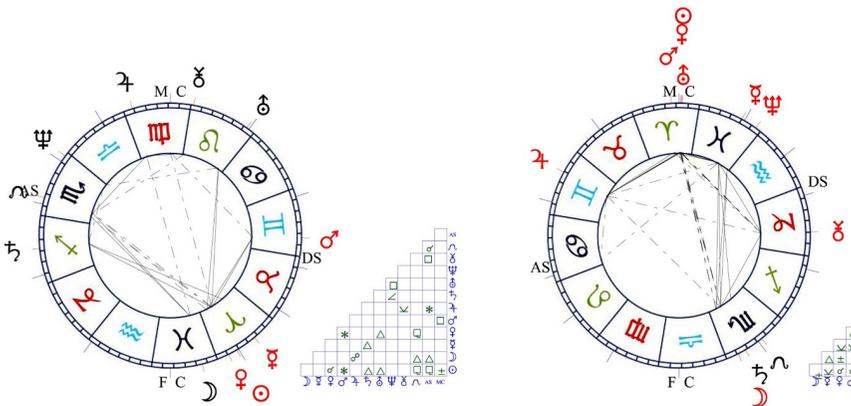

On top of the above, her mother died of a heart attack in August.

I shared this story with you before and you said that for Juana's 2013 SR Pamplona would be ok. But Mars falls very close to her MC, and I'm afraid of complications at work. She went back to work very recently after being in hospitals and at home for almost one year.

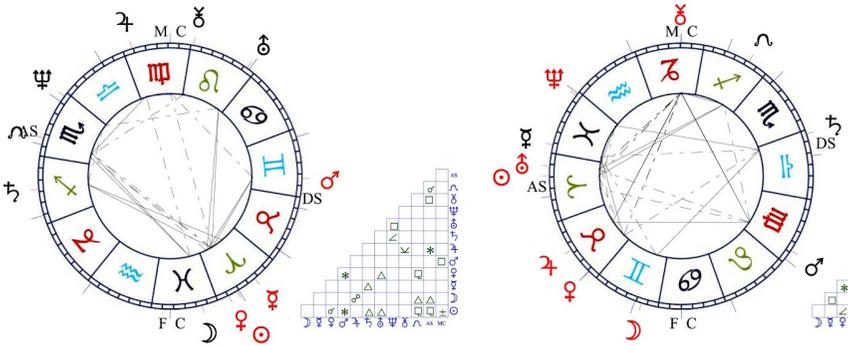

Would it be better for her to spend her birthday in Roma, which will place that Mars in IX house?

With much gratitude for sharing your knowledge so freely with all of us.

Eva

**ASR 2013 Pamplona Spain For Juana**

**ASR 2012 Pamplona For Juana**

**Dear Eva,**

I am a lot sorry of what has happened to Juana! I have spent all of my life and I will still do it to avoid, in my small segment of knowledges, suffering to Humanity.

You had acted well looking for in every way of convincing Juana to depart because her 2012 Aimed Solar Return, in Pamplona, was appalling indeed! There are many mediocre astrologers, above all here in Italy, that they contest my 34 rules and they recommend, in a case as this, to stay home.

We have the duty to write their names on this blog because it is had to know how much they hurt these mediocre astrologers to the humanity.

The accident of Juana has made me immediately think about the scene of the movie Frida, the history of the good Mexican painter Frida Kahlo that an atrocious accident suffered in a streetcar of its city and was destroyed in her body for the whole life.

The Aimed Solar Return of this year, in absolute sense, it is not bad and she could be left as it is. Nevertheless I see two dangers to the horizon: the first danger is that we don't put anything to improve her health in the next her ASR and the second danger it is that she could lose the job and also on this point we don't put anything in the next her ASR.

If you wanted to try to defend Juana on these two dangers, then you should think about an ASR very distant and you should decide with her if it is more important to defend the health or the job.

Many wishes to Juana.

## Dear **Ciro,**

What is the best possible way to rectify someone's birth chart? Birthdate is 6/20/88.

They have a very scientific mind, with Sun tightly opposed Saturn/Uranus conjunction. Perhaps a slightly criminal bent. Occultist interests. Gemini Sun/Virgo Moon.

Might I guess, Aquarius rising?

They burnt their hand/legs in a cooking accident December 2009, and had an extended hospital stay. Does this help? Perhaps a Mars transit?

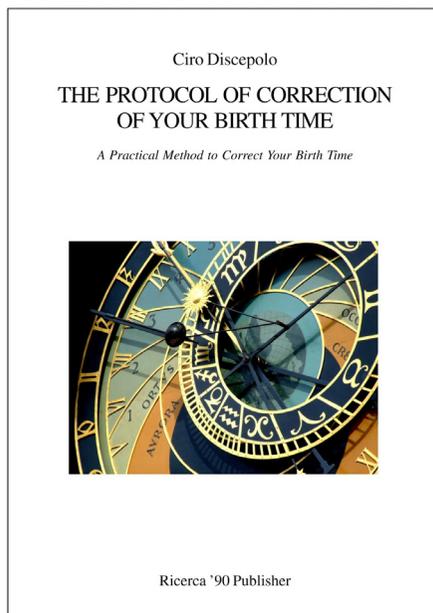

Thank you,

Alonzo from Wisconsin

## Dear **Alonzo,**

in my experience the only sure method to rectify the birth time is to follow, for 3 years, the rules of my book *The Protocol For Correction Of The Birth Time*, available on [www.Amazon.com](http://www.Amazon.com), that you see below.

Best wishes.

**Dear Ciro,**

I was born Feb 15th, 1981, 8:31 PM in Tehran, Iran.

I was lucky enough to find you on the web. My most recent birthday was in Toronto, Canada, and as little I know about astrology, I feel this year will be a bad year for me based on my Solar Return for 2013.

Since my birthday has already passed, what can I do to reduce the negative effects of planets? Please let me know what to do.

Many thanks, and looking forward to hearing from you.

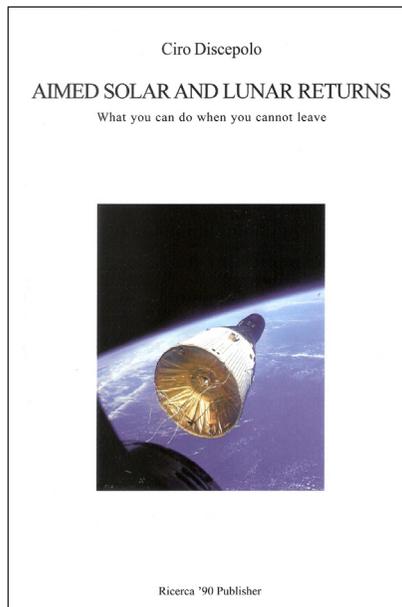

T

**Dear T,**

you can exorcize the bad positions of your Aimered Solar Return following the advices of this book of mine, but remember that the exorcism of the symbols is able to reduce only the 20-25% of the negativities of your birthday sky.

Next year, if you want, I will choose, for you, a best Aimered Solar Return that will avoid you the 80-85% of the most your problems.

Best wishes.

**Hi Ciro,**

My friend Juana has just told me that she needs to go back for another surgery as soon as possible.

During the surgical process last July it was found that she had a huge mioma that needs to be removed as soon as possible. This, as well as some complications from the last surgery, are sending her back to the operating room. She will have to stay in Pamplona recovering and make the best of this new year she is about to embark on.

Your analogy with Frida Kahlo's accident made me cry. One being suffering resulting in such a marvelous gift (her amazing paintings) for the rest of mankind. I asked my friend to try to wait a few days until after Mercury goes direct on March 17 to have the surgery.

Have you experienced extra complications at many levels while Mercury is in retrograde?

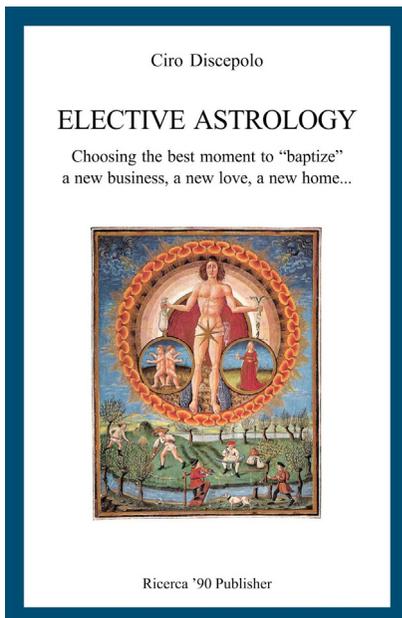

Thank you for your advice and for your sympathy for Juana. Eva

**Dear Eva,**

unfortunately my fears were justified by the positions of the Stars. In my experience the position of retrograde planets does not affect or influence in a surgery. I advise you to get in two days, on [www.amazon.es](http://www.amazon.es) my book Elective Astrology where I explained how we should schedule a surgery.

However I think it is much more important, before choosing the day of a surgery, to convince Juana to spend her next ASR in maximizing the protection for health. If Juana will agree with me, I will try to find the best solution of all.

Please, give my greetings and best wishes to Juana.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of

the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
