Exercises in Aimed Solar Returns from the Blog of **Ciro Discepolo** (95)

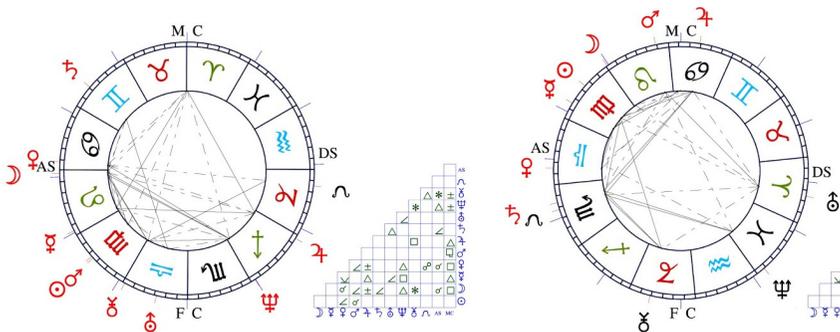

Hi **Ciro,**

I would like to know, if possible, where should I spend my next birthday.

Born in Mexico City on September 4th 1972 at 3,35h AM.

Thanks.

Monica from Mexico

ASR 2013 Holesov Czech Republic For Monica

Dear **Monica,**

I advise you to spend your next ASR in Holesov, Czech Republic, because Jupiter is joined to MC, in the Gauquelin's Zone and because you need of a strong help for health by Venus near the Ascendant, but not joined to it!

Saturn is out of the 2[^] House. I hope that your birth time is exact.
Best wishes.

Dear Ciro,

Thank you very much for your explanation and advice! I have several books of yours and will continue reading:).

I realize the heaviness of the 7th house stellium and will try to exorcise some of its symbols. As for my birth time, it is possible that it is a bit later. I was told it was around the pointed time.

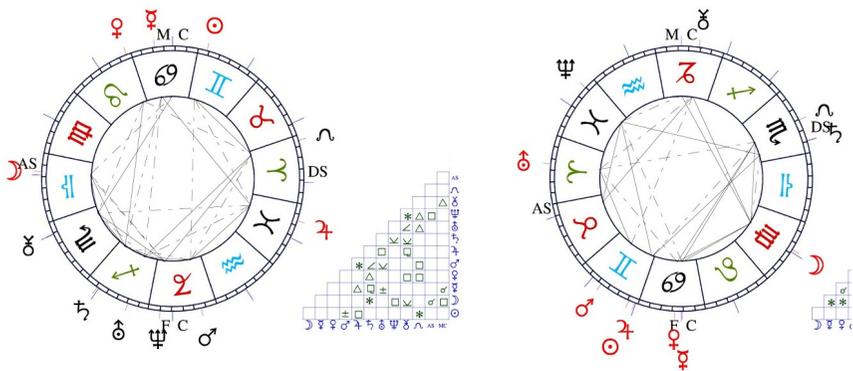

Regarding my second request – could you please help me now with Laura's SR as her birthday is approaching and she may have to schedule some days off work in advance.

For the other members of my family I will come back to you later as suggested by you.

Laura's data: 16 June 1986/ 2:15 pm/ 27e55, 43n13.

Thank you very much once again and best wishes!

Kind regards, Vicky

ASR 2013 Varna Bulgaria For Laura

Dear Vicky,

I advise Laura to remain at home for this ASR that is not very bad.

She will have some problems of love or some quarrel, but I think that it is the life...

Best wishes.

Dear Ciro,

I am looking for a good place to spend my next birthday (3-06-1972, Denia, Spain, 14,45 h). I live in Madrid and spent my last birthday in Porto Nacional Tocantins, Brasil.

My health problem (with symptoms of allergy , rheumatism... I think caused by digestive problems) have increased a lot for the last years and I am worried about it.

I would like to protect health this year, but I only find a way to protect health with Venus on the cups of the 5th and the 6th: I can go to Australia, a long and expensive trip with I think mediocre results...

So (forgetting my health problems) I am thinking in spending my next birthday in Arrecife (Canary Islands). I would like to know your opinion.

This year (in addition to things related to saturn on the 7th) I am suffering colds, dental problems...that tells me that the 6rd house has been involved.

Can a planet affect the next house when it is 2-3° from it?... or should I think that I was born few minutes after the schedule that I am using now?

Dear Carolina,

you cannot position 4 Celestials between the First and the Twelfth House, otherwise you will worsen a lot your health.

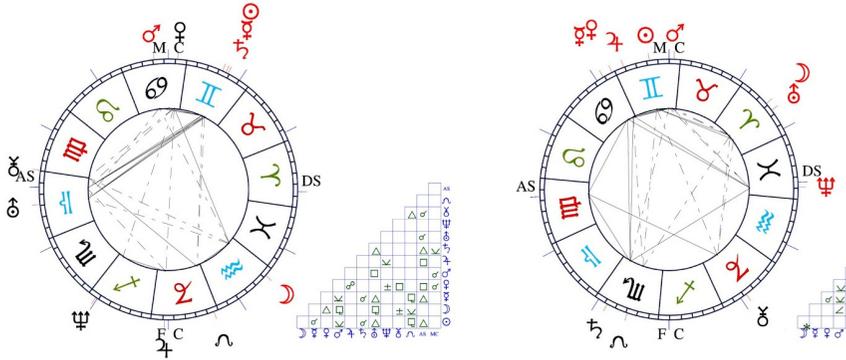

Even if you could use 4 times Jupiter, it would be the same thing. The solution of your next birthday is very difficult because you cannot position only even a stellium in the First House or in the Sixth House or in the Twelfth House to help your health: you would have a contrary effect.

I recommend you, then, to go to Valverde del Camino, Spain, and to put different good stars in the Tenth House that however it means growths, emancipations and among the emancipations you could also have that that a good physician can suggest you the correct therapy.

As it regards your second question is one of my 34 rules to aim well a Solar Return: when a Celestial is found to less than 2,5 degrees by a cusp, it acts in the two the Houses contemporarely.

If you are satisfied with the rules that you know for aiming the Solar Returns, then continuous this way.

Otherwise you can study someone of mine many books on this matter.
Many wishes.

ASR 2013 Valverde Del Camino Spain For Carolina

Dear Ciro,

Thanks a lot! It's really funny that you ask if the time is right! Because of that I realized that I made a mistake, the right time is 3,25h AM.

Does that make a lot of difference? My apologies.

Just a question: what does mean MC?

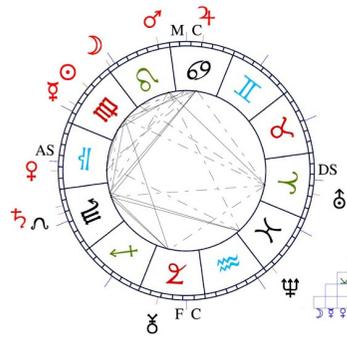

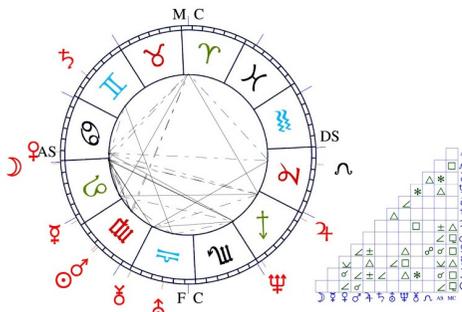

Thanks again.

Dear Monica,

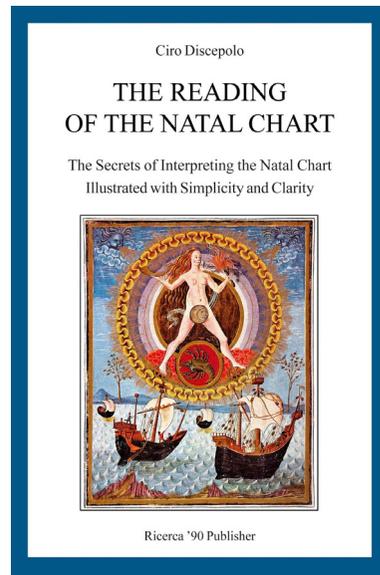

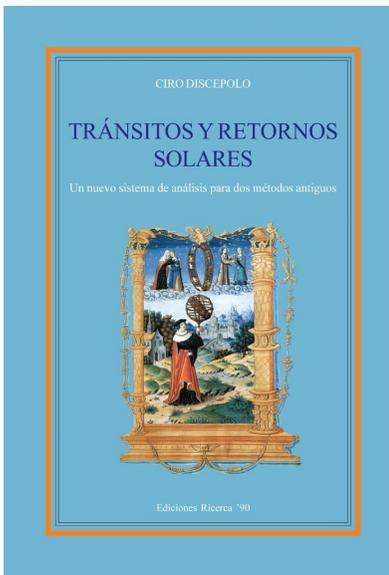

with your new birth time, I advise you to spend your next Aimer Solar Return in Osijek, Croatia.

To understand the different parts of your Natal Chart and of your Aimer Solar Return I advise you to study these books of mine.

Best regards.

ASR 2013 Osijek Croatia For Monica

Dear Master,

In your book "Astrologie Active", when you give the meanings of negative angles (page 67) is it about angles contained in the R S or angles of transit on natal theme ? because you say angles in R S don't matter.

Thank you very much for your precious help.

Marguerite de France

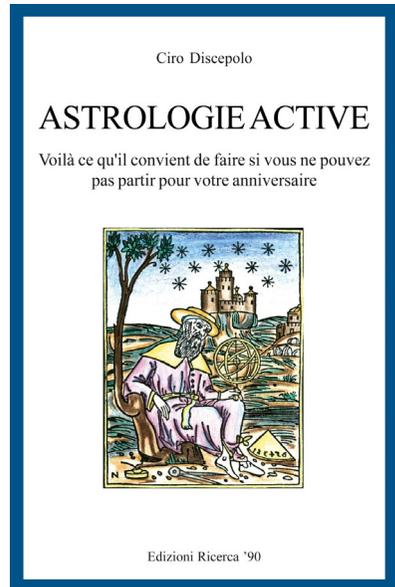

Dear Marguerite,

in my experience, for dating the events, you have to consider:

- 1) The Aimed Solar Returns (remember that a Solar Return is always aimed also when you don't depart)
- 2) The Aimed Lunar Returns
- 3) The Transits, many times lower

The Transits exist only in relation to the Natal Chart, but we can exorcise also the Transits. I hope that I was clear.

Best wishes.

Dear Ciro,

Could you kindly tell me where I should spend my next birthday?

I was born in Todi (Italy) on 9th December 1960 at 7:13 am (local time).

Presently I am resident in Southampton (United Kingdom).

If it's not too much trouble could you also let me know the best location for my son's birthday this year?

He was born in Winchester (UK) on 22nd August 1989 at 7:41 am (summer time).

He works and lives in Middlesbrough (UK).

Many thanks,

Clarissa

Dear Clarissa,

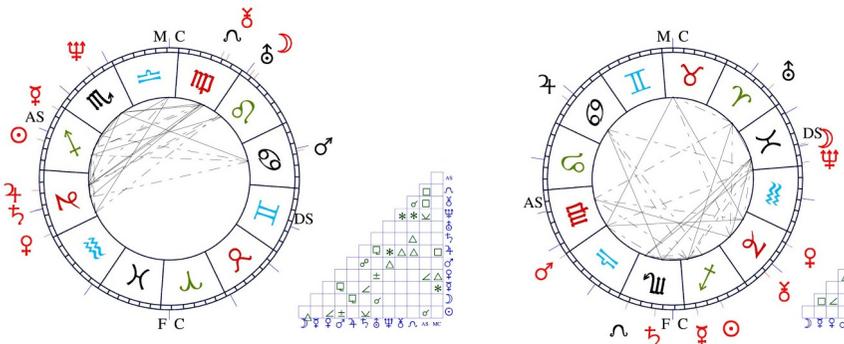

please, make an only request for time. Thanks.

I recommend you to spend your next Aimed Solar Return to Pagnirtung, Nunavut, Canada.

There is the possibility that Jupiter is enter the 2,5 degrees from the cusp X/11^ Houses and that therefore it can work in both said Houses.

To understand well the rules of this school of Astrology, I recommend you to study above all the book "Transits and Solar Returns."

Many wishes.

ASR Pagnirtung Nunavut Canada For Clarissa

Ciro Discepolo is an astrologer, journalist and writer, he was born in Naples in 1948 (on the 17th of July, at 5:40 am). He worked for twenty years for the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He has always refused to cast the so-called ‘horoscopes of the solar signs’ for that newspaper, as well as for any other newspaper or magazine. He worked (at the age of 20) for five years at the *CNR* (*National Research Council*) as Research Helper

and, for two years, as Electronic Measures Laboratory’s head in the *Istituto Motori* of Naples, *CNR*. He has been dealing with astrology since 1970. He has written over 70 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia) and he has published over 1,000 astrological lessons on *YouTube* and about 300 short *Astrology Essays* on *Google Books*. In 1990 he founded the quarterly *Ricerca ‘90*, which he has been editing and publishing since then. He has been doing statistical researches from the very beginning of his interest in astrology. During the early ‘90s, he obtained brilliant results with researches on astral heredity on a sample of over 75,000 subjects, in different years and always under the control of different experts of statistics among which also teachers of the University of Naples. The astrological rules #1 and #2, published in his *Transits and Solar Returns* but already described decades earlier in other publications of his, have been statistically demonstrated by Didier Castille – the greatest astrological statistic researcher in the world – on the entire French population, and this is probably the most convincing evidence in Astrology of the possibility to statistically demonstrate some astrological items. These rules were also demonstrated in over 40 years of studies by some researchers of Zurich University and they are the only statements of an astrologer, of every time, demonstrated by Official Science. He has been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad. He particularly deals with Predictive Astrology, Aimed Solar Returns and Aimed Lunar Returns. According to many colleagues, he may be considered the greatest living expert of this area of study. Not only has he written many texts on this specific segment of the art of Urania – he can also rely on the experience of more than 25,000 aimed birthdays (covering the years 1970 to 2012). The outcomes of these aimed birthdays have been recorded and analyzed by his consultants and himself at the end of each year after the consultant’s departure for the aimed birthday. He has developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year, for individuals or groups of people. He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault. He founded the school of the *Active Astrology*.
