# Exercises in Aimed Solar Returns from the Blog of *Ciro Discepolo* (99)

**Dear *Ciro*,**

You may have saved me from a terrible health problem. Just after I returned for you suggested solar place for my September birthday, Minneapolis, Minnesota, I spent the lunation at home in Fallbrook, California.

Then I went to Mexico for three weeks and returned before the next lunation, which was also spent at home. In Mexico I developed an abscessed tooth and a bad bone infection in the palate. The tooth was extracted but I became very ill.

The antibiotic didn't work, and I had to have another emergency visit. Upon returning home, the problem occurred again, worse than before.

Just this past week, I had another emergency visit for a strange bone infection in the palate that puzzles the dentist and is causing bone loss. All of this was present before the solar return in September.

I just didn't know it. The prior return in 2009, to Miami, Florida, chosen by a different astrologer, had my natal ascendant in the 12th of the return, and the sun conjunct the 11th cusp of the return. It was a horrible year.

My mother-in-law died suddenly, and the infections that I spoke of began their hidden course. I just didn't know it.

If they weren't discovered and treated this year under your solar return, it could have been much, much worse. All in all, this has been a much better year, except for the health problem. And I believe your choice of return made a huge difference.

My birthday comes again on September 2 (10:45 AM, 1951, Summit, New Jersey, USA). Would you kindly look to see if there is any place I can afford to travel to, preferably in Canada, US, or Mexico?

Thank you so much. You are the best.

With affection,

Catherine Christopher

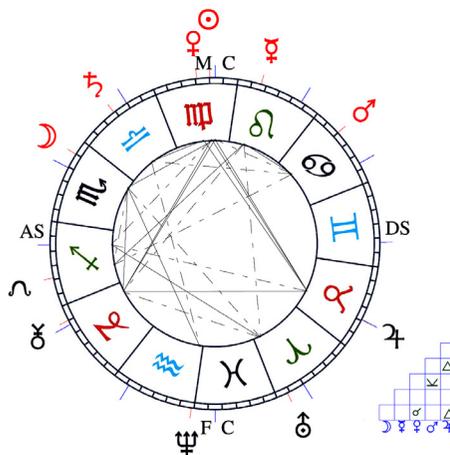

(The health crisis was why I couldn't help you with the speaking engagement. I am very sorry. I did find two people, but they were already committed for the January 8 weekend. As to writing, my brain just wasn't working well this year, and I could only do necessary things. If you come to the US again, I hope to support you in any way I can.)

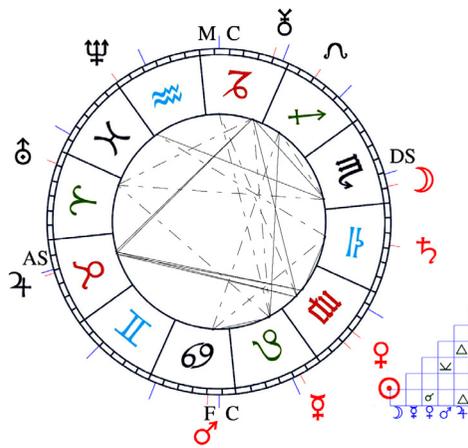

### **Bentornata Catherine!**

We are all happy that you are resolving your problem. The your best ASR is one of the two that you see under, that for Indonesia.

It is indeed a lot of powerful. If you cannot go there, you choose that of USA that is also good in general, but with a very smaller protection for health in comparison to the other solution.

Many wishes.

### Sparta Illinois ASR For Catherine 2011

\*\*\*

**Dear Ciro,**

Thank you, thank you, thank you!

However, I don't see the towns or latitude/longitude for the charts. Would you mind putting that information up, at least for the US chart?

With affection,

Catherine

**Dear Catherine, surely.**

Sparta in Illinois, code airport SAR, has a latitude of 38.07 N and a longitude of 89.42 W.

For Kor Babelthuap we have: airport code ROR and latitude 7.21 N and longitude 134.28 E. Remember, please: the Kor ASR is very more powerful in comparison to that of Sparta!

With the best wishes.

## Mr. Discepolo,

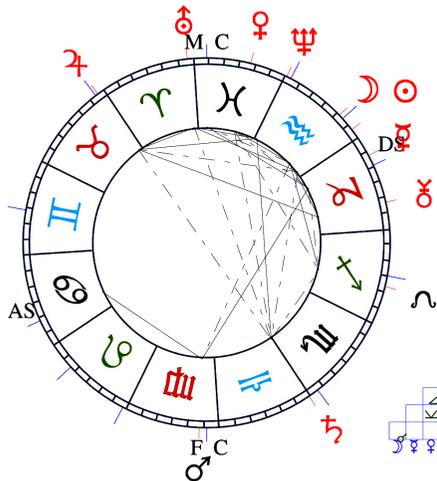

I dare to bother you again with one question.

My sister's birthday will take place shortly this month and I've been trying to relocate her, so she can spend her b-day not too far from home but saving her of much damage for her next year, since if she spends her b-day in town, she will have her AS of SR falling in her natal 6th house, plus Sun, Venus and Mercury in the 6th house of SR (in addition to Neptune in 12th and Uranus in 1st)...so, I found Puebla, Mexico (19N03, 98W13), for her (the only thing I didn't like is Uranus in the 12th, but I could save 6th and 1st house, and placed the AS of SR in 7th of natal chart).

My question is regarding the time when the solar return occurs, because I noticed that even though I indicate a place with different zone time to for the SR, the time of her b-day or when the Sun falls in the same degree as when she was born, is exactly the same. Is this correct?

Her DOB is August 22, 1976, 8.00 am, Mexicali, MEX (32N40, 115W29), her Sun is in 29°40' Leo, her Ascendant is 4°46' Libra.

Thanks so much for your time.

SaintJohn's New Foundland ASR For Mary 2012

## Welcome Mary!

Boston is not possible for three asters in the 8<sup>^</sup> House. Santa Cruz of Tenerife is not possible for the Sun in the 6<sup>^</sup> House.

Near Boston there is a good solution for you: Saint John's, New Foundland (see at the chart).

Best wishes.

**Mr. Discepolo,**

Thank you so much for answering to my question.

I am willing to go wherever possible to spend my b-day in order to improve my life and I'd love to experience the power of the ASR. I really appreciate your advise very much. I was looking at the chart for your suggestion of Saint John's New Foundland.

It looks very interesting but I got confused because the chart I got for that city (47N33,52W42) has Moon, Sun and Mercury in the 6th house (which based on your studies, the Sun or stellium of SR in 6th is not good at all), Neptune in the 7th conjuncts the 8th house and Saturn in the 4th conjuncts the IC (this is scary, specially because I live in a very sismic zone, plus my parents are not in excellent health).

I know that it is not possible to cover all aspects in Life but I'd like to have a partner without causing too much damage in other areas. What I am thinking is that I probably provided you with wrong info regarding my natal chart because when I got the ASR chart for Boston I only see Neptune and Kiron in the 8th house (my concern here was that the ascendant falls in the last grade of the natal 8th house, conjunt the 9th house. I actually thought about Portland, Maine in USA to place the ascendant in the natal 9th house).

And the ASR for Santa Cruz de Tenerife has the Sun in the 5th house, 3'39 away from the cusp of 6th house (my concern here was that even though Venus is in the 7th house and the ascendant falls in the natal 10th house, close to MC, in 2012 Saturn will be squaring my natal Sun).

I was born on January 23, 1973, 1.45 am, Mexicali, MEX (32N40,115W29). My Sun is in 3'16 Aquarius and my natal ascendant is in 23'17 of Scorpio.

I will really appreciate if you can take a look at my ASR for 2012 when you're back from your vacation.

Best Wishes!! Grazie Mille!! Mary.

**Dear Master,**

Anne Marie 16.08.73 - 2.05 am trieste

I am getting ready to leave to Hong Kong for my next ASR in hong kong but I saw in the news that there is typhoon in China.

In case it does not subdue and reaches HK could Bangkok be a suitable alternative? Or any other alternative you recommend? I want to make sure I have a back up.

Warmest wishes,  
Anne Marie.

**Dear Anne Marie,**

I think that is a positive fact the typhoon, today, to Hong Kong because if it acts today, very hardly will act in 8 days!

Nevertheless, we see the alternatives: Bangkok is not all right because you would put Saturn in the 12 ^ House.

A good alternative can be Beijing that doesn't almost change anything in the ASR that I had studied for you.

Warm wishes.

**Dear Ciro,**

I have been worrying a lot recently for my mother's health. She will do some tests at the end of this month. Please tell me if you notice something on her chart (related to the breast).

She was born on 5th of October 1958, Campulung Muscel at 4:50 am. She spent her last SR and LR in Campulung.

Which place might be a good relocation for her?

My LR for 26th of August looks very unpleasant (Mars conj with Moon on the AS in the 10th house) and that would coincide with the time when she receives the result if the test.

Thank you so much.

Best regards, Georgiana

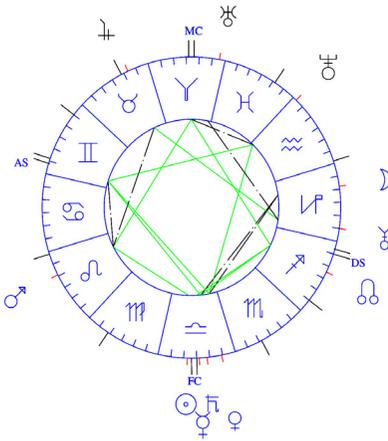

## Dear Georgiana,

if I remember well, when we met to Bucharest the last winter, I, looking at your celestial papers, saw some upcoming health problems for your mother. But this doesn't matter.

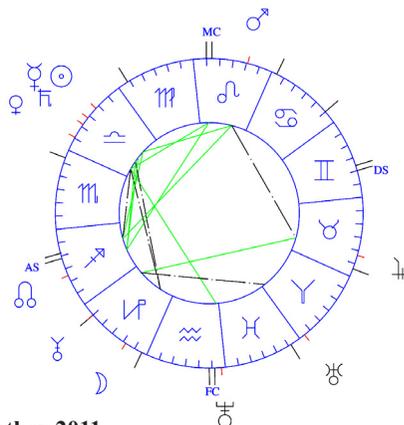

I recommend you the three ASRs that you see under. In our case we can accept an AS in the Tenth House.

I believe that I would choose the stellium in 9<sup>^</sup>. I recommend you not to push your mother to depart, if she doesn't want.

Many warm wishes.

**Ciro Discepolo** is an astrologer, journalist and writer, he was born in Naples in 1948 (on the 17<sup>th</sup> of July, at 5:40 am). He worked for twenty years for the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He has always refused to cast the so-called ‘horoscopes of the solar signs’ for that newspaper, as well as for any other newspaper or magazine. He worked (at the age of 20) for five years at the *CNR* (*National Research Council*) as Research Helper

and, for two years, as Electronic Measures Laboratory’s head in the *Istituto Motori* of Naples, *CNR*. He has been dealing with astrology since 1970. He has written over 70 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia) and he has published over 1,000 astrological lessons on *YouTube* and about 300 short *Astrology Essays* on *Google Books*. In 1990 he founded the quarterly *Ricerca ‘90*, which he has been editing and publishing since then. He has been doing statistical researches from the very beginning of his interest in astrology. During the early ‘90s, he obtained brilliant results with researches on astral heredity on a sample of over 75,000 subjects, in different years and always under the control of different experts of statistics among which also teachers of the University of Naples. The astrological rules #1 and #2, published in his *Transits and Solar Returns* but already described decades earlier in other publications of his, have been statistically demonstrated by Didier Castille – the greatest astrological statistic researcher in the world – on the entire French population, and this is probably the most convincing evidence in Astrology of the possibility to statistically demonstrate some astrological items. These rules were also demonstrated in over 40 years of studies by some researchers of Zurich University and they are the only statements of an astrologer, of every time, demonstrated by Official Science. He has been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad. He particularly deals with Predictive Astrology, Aimed Solar Returns and Aimed Lunar Returns. According to many colleagues, he may be considered the greatest living expert of this area of study. Not only has he written many texts on this specific segment of the art of Urania – he can also rely on the experience of more than 25,000 aimed birthdays (covering the years 1970 to 2012). The outcomes of these aimed birthdays have been recorded and analyzed by his consultants and himself at the end of each year after the consultant’s departure for the aimed birthday. He has developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year, for individuals or groups of people. He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault. He founded the school of the *Active Astrology*.
