Exercises in Aimed Solar Returns from the Blog of Ciro Discepolo (50)

Hello Ciro,

How are you? Hope, you have better weather and no snow there.

What I need from you are:

1. Your Natal Chart (original from you) for my Album: "My favourite Astrologers"
2. As you are very good for explanation of Solar Return, I want to know, what means if all four Angles are at 0 and some degrees (AC, IC, DC, MC). I had never something like that. It was either AC and DC on 0 degrees or IC and MC on 0 degrees.

Kind regards from Bozica Vujcic

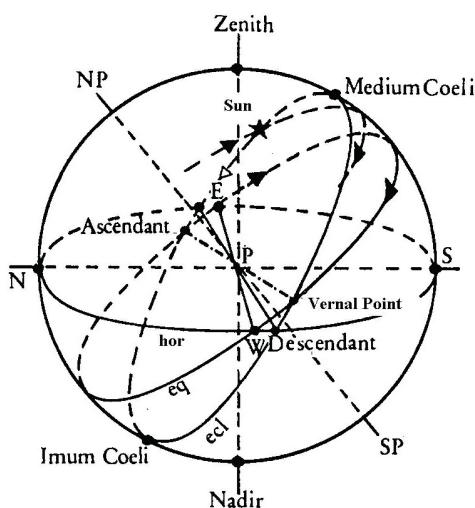

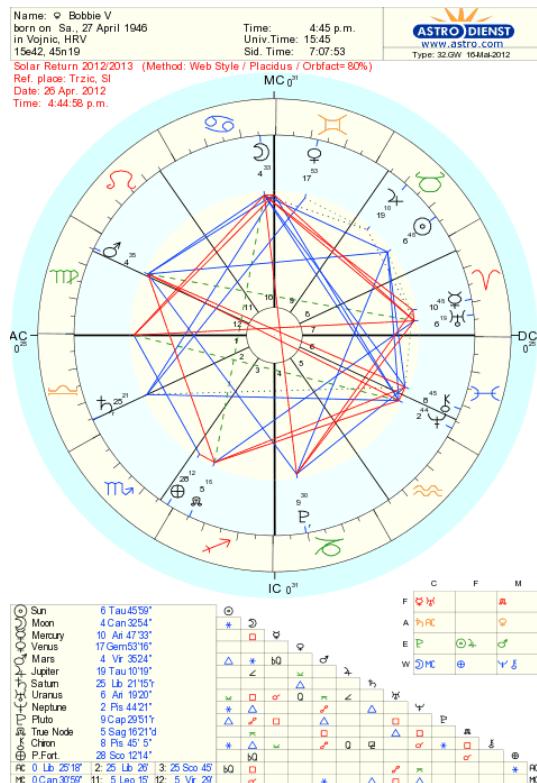

Welcome Bozica Vujcic!

I am very well, thank you.

I will send you today, with pleasure, the my Natal Chart, with my autograph.

It can happen a lot of times that the four angles of Natal Chart or of the Solar Return will have all 0 degrees every 90° because the elements of the equation are the date, the time, the Ascendant sign (if it is of short ascension or of long ascension) and the geographical latitude of the examined place.

How much more you are near to the equator it can happen more often you this combination. Best wishes.

Good Morning Respected Ciro,

Ravi (date of birth: Jan 5 1967 at 11:30am in Nagar Kurnool). Solar return in petersburg,alaska on Jan 4th 2012 at 6:55:07pm.

My friend (Nov 19 1970 at 5:50am in Ambala, India). Solar return last year in Gran Canaria, Canary Islands on Nov 18th at 11:02 pm.

Both had Jupiter conjunct MC.

They are both thinking about investing in a hotel business as a partnership with others.

Please advise your thoughts.

Thanks, Neena.

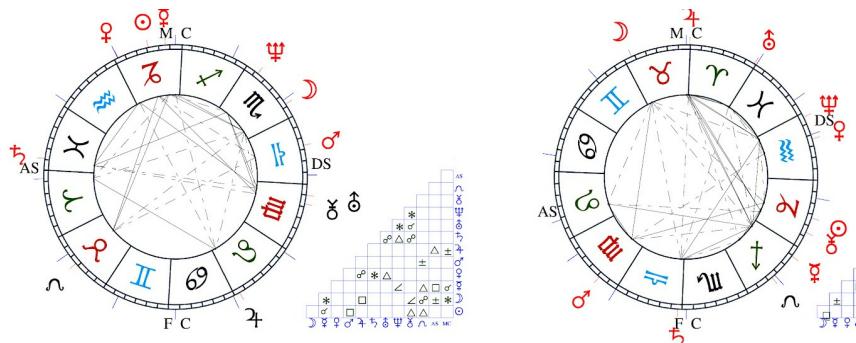

Dear Neena,

it is a true pity that you cannot wait for a few months yet because I am working to my book on the Elective Astrology where you will find many useful suggestions for the inauguration of a business.

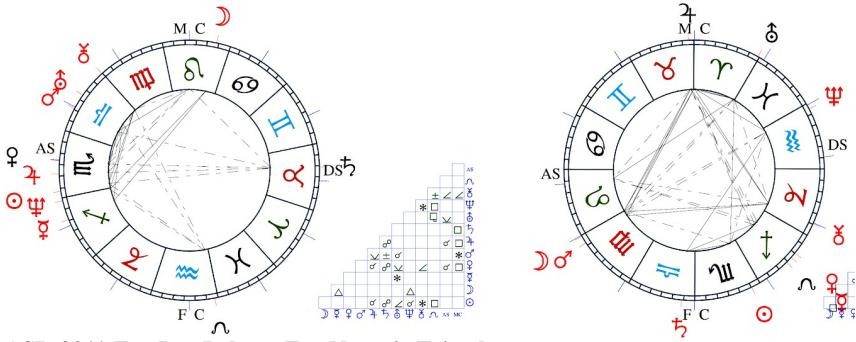

The stars of this year are good indeed for Ravi and for your friend, but they have Mars and Saturn in the VII radix Houses: they should never make societies.

Nevertheless, a lot of times, it is a good to pass through a breakup of a society for a best future evolution of each of the two partners.

Many wishes.

ASR For Ravi To Petersburg Alaska 2012

ASR 2011 For Las Palmas For Neena's Friend

Dear Ciro,

it seems my legal paperwork is still dragging on.

Will my June 6 ALR to New York be good for legal issues?

Thank you, Julie (Feb 24, 1968 Oshkosh WI 10:24 am).

Dear Julie,

the Aimed Lunar Return for you, on next June, that I recommended you to spend in New York, is the best to get legal good results, even if the Ascendant falls in the Sixth radix House, nevertheless the two things where I have been wrong more the forecasts in my life are the examinations to the university and the legal battles in Court.

However your ALR is special indeed and crosses the fingers!

Best wishes.

Dear Ciro:

I need some advice on what I should do with the current saturn transits opposite my venus.

My situation is that for last year's solar return (at Dominica), when I

have stellium in 5th house, I met a guy in social gathering and went on a couple of dates with him, but when saturn comes to opposite my venus, I found out that he was also dating someone else, and I also feel very disconnected and lack of energy in pursuing anything related to romance in general.

So I stopped seeing him. And then from January to April, when saturn is away from my venus, I knew that he isn't seeing anyone else anymore, but due to different assignments, I was really far from where he is.

And in May, we were again back to the same city till August. Now the problem about this year's solar return, (I mean I really just get myself to blame: I should have write to you privately in details about what happens last year, you may have suggested a different location for ASR), when we went on dates, his friends were usually there, even though we interacted mostly to each other, and it's mostly 5th house matter: music, movie, etc.

Since my SR saturn is in 11th, and no planets are in the 5th house, none of his friends or my friends are helping, and although he's showing more loving gestures everytime I approach him, he's not initiating any going out events. And since we have different schedules, we rarely see each other.

And I am again feeling blocked and disconnected emotionally and romantically from the transit saturn opposite venus.

Do you have any advice of what I should do? Is it doom that since the transit won't go away till August, and it seems that he is complacent and waiting for me to make any initiation, and I'm feeling block and awkward to make any initiation? How am I suppose to exorcise the transit?

DOB: HongKong, March 20, 1985, 1:35am

ALR for May: Carolina, Puerto Rico

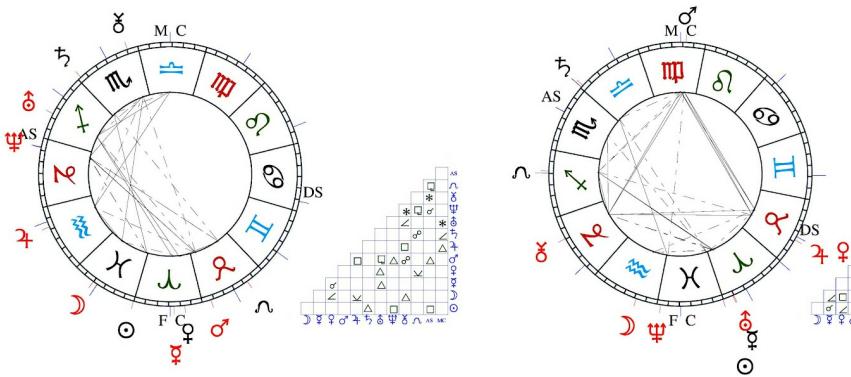

2012 ASR: 12km southwest of yellowknife, NWT, Canada (Solar return ASC is in natal 10th house, just a few degree too far from 11th house)

Also would like to ask for your advice on ALR for August,
looking forward to hearing from you, Deva

Dear Deva,

I am a few perplexed: you have chosen indeed a very bad Aimed Lunar Return, above all for the love, and then you ask me how it is possible that your boy friend is not very affectionate to you in this month.

We are in accord that the your ugly ALR cannot upset the beautiful ASR - that it is at the beginning of its walk - but even if you had to strike you with a hammer on the feet you would receive pain. You have perhaps done it to privilege the studies.

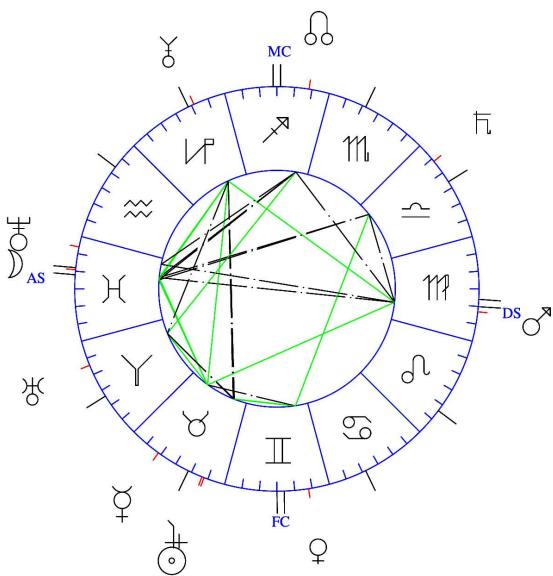

ASR 2012 Yellowknife Canada For Deva

Then I think that anything won't happen of irreparable and I also think that seeing you few and doing a lot of tenderness miss you are exorcizing very well this ALR that lasts only one month. I recommend you, in the next ALR, not putting Saturn in VII and in 5th Houses if you desire a lot of love.

Finally you say that you could privately write me to tell me some things that you cannot write on the blog: unfortunately this is not possible because I don't make private consultations.

Instead, when you will write here, you will be always the welcome one.

Best wishes.

ALR May 2012 Carolina Puerto Rico For Deva

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
