Exercises in Aimed Solar Returns from the Blog of **Ciro Discepolo** (51)

Dear **Ciro, salut,**

Hope your travel was fruitful. Thank you so much for all your help. I have a small query regarding ALR. The ALR of the 12 July 2012 in Birmingham, ENGLAND is showing following -

Lunar return Ascendant in VII radix house

Sun in 8 house of Lunar return

Moon in 5 house of Lunar return

Mercury in 8 house of Lunar return

Venus in VII house of Lunar return

Mars in 9 house of Lunar return

Jupiter in VII house of Lunar return

Saturn in X house of Lunar return

Uranus in IV house of Lunar return

Neptune in 3 house of Lunar return

Pluto in I house of Lunar return

What do you think from love/relationship perspective.

thanks a ton!

Alfred Ayer

Dear **Alfred,**

respect only love, it is good. Apply, then, the 30 rules of the Aimed

Solar Returns and the 20 rules of Aimed Lunar Returns.

Best wishes.

ALR July 2012 Birmingham For Alfred Ayer

Dear Ciro,

School has been very demanding in the past month, class is all day long, and I get 4-5 hours sleep per day, and I still can't finish studying all the materials. I get grumpy and preoccupied, all-day exams are twice or once a month, I failed one of my exams already, and if I continue to fail more of my exams, there will be very negative consequences on my career.

On another hand, he is not officially my boyfriend, though we went on dates in the past. I'm very frustrated with the situation now that he's not asking me for dates, but at the same time, he does everything to make me approach him: he tries to make me feel jealous by using his friends of the opposite sex, and then his friends and their girlfriends are displaying to me how happy they are when they see me walking by, etc

But yes, I have too much worries on my mind that interferes with me thinking how to make a relationship work. But I hope you are right that "venus/jupiter is at the beginning of its walk", since every meeting seems to get better and better, though infrequent. . .but we only have till August to decide whether we are going to stay together or up to the school to assign for clinical hospitals in different cities for us. . .

you are suggesting Casablanca for July, which is great, with venus/

jupiter in 3rd, but for my situations now, LR mars is in 7th, would it be damaging? Do you have other suggestion that may work better for my situation?

Deva

Dear Deva,

I believe more to the Stars that to the men and to the women.

Your actual ALR is very bad. Mars in VII House destroys you, but lasts only one month. It is an error to put Jupiter or Venus in the Third House for the studies and then to position Mars in VII and values of I, 6[^] and 12[^] Houses.

The correct rule is to always position very good values of X House, that indirectly help also the studies, and always avoid the Houses I, 6[^] and 12[^]. it is better - possibly - to avoid also the House 8[^]. If you won't make errors of this kind anymore, you will live one marvelous year for love.

Many darling wishes.

Ciao Ciro.

I wanted to better understand where I should be on my solar return this year for my birthday.

I was told by someone that I should be in Chicago in order to ensure better romantic relationship opportunities – however, I live in New York and not sure I can travel to Chicago due to my work. Can you please advise if this is true and if it is – is there anything I can do if I can't travel to Chicago? Anonymous

My birth details are:

July 12, 1968

Born 11:00am

Lynchburg, Virginia – USA

Welcome Anonymous from New York!

Your Aimed Solar Return for New York is bad indeed, but the one for Chicago is decidedly worse.

In fact Mars and Saturn in the 6th House of ASR can produce serious damages to the job and to the health. I recommend you a lot Nightmute in Alaska (do you remember "Insomnia" with Al Pacino and Robin Williams?).

If you cannot depart, you can read some suggestions on a book of mine "Aimed Solar and Lunar Returns" (www.Amazon.com) to exorcize the symbols, but the result will be very small in comparison to what you would get if you spent your birthday to Nightmute.

Many wishes (see at your charts under).

ASR 2012 For Anonymous From New York

ASR 2012 For Anonymous For Chicago

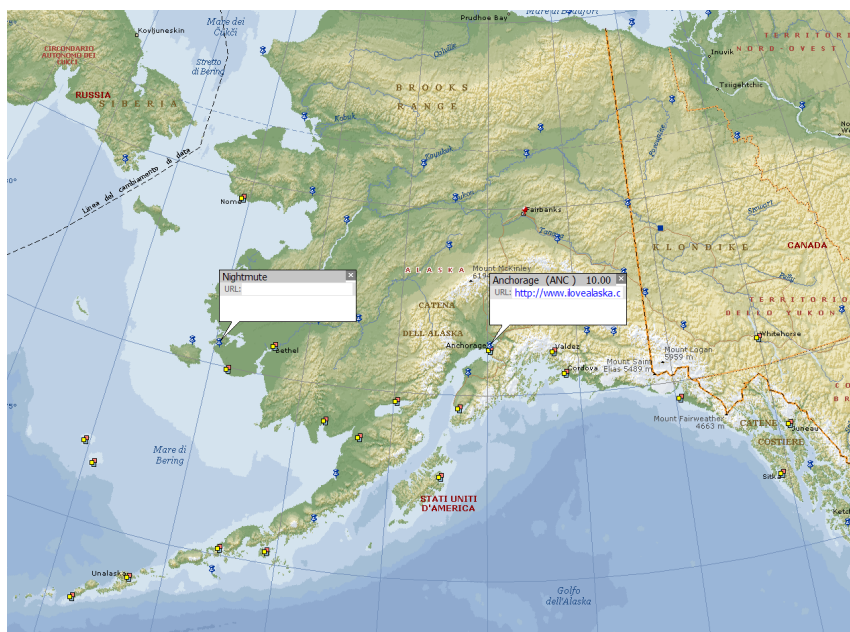

ASR 2012 For Anonymous For Night Mute Alaska

Dear Ciro,

It is impossible for me to go to Alaska for my solar return which is what i think you are suggesting. What do you think of these places:

New York coast, Virginia, Dominican Republic or Vancouver, Canada

birth details: Lynchburg, Virginia July 12, 1968 11:00am

Nightmute, Alaska, USA

Dear Anonymous,

I am sorry that you cannot go to Nightmute. We hope that next year you can go where the stars recommend you.

Don't suggest me other locations to make a test because this thing doesn't work in this way. As you can see from the map, Anchorage is far from Nightmute only about 600 kilometers and it is not good.

Therefore don't speak of Vancouver or of the Dominican Republic. I regret it.

Many wishes equally.

NY Anonymous....

one more city to consider - Providence, Rhode Island, in addition to Virginia, Vancouver, Canada- trying to decide what is best for me on my solar return!

Grazie for any help you can provide me!

Thank you Thank you thank you
Ciro

Dear Anonymous,

Providence Rhode Island is a location not possible for your next birthday: 3 Celestials between the First and the Twelfth Houses are very dangerous.

The Aimed Solar Return of Nightmute is very good with a splendid Jupiter on the 5[^]/6[^] Houses cusp and with Venus in the 6[^] House and with Saturn far from the Mid Heaven.

If you don't like Nightmute, ask me for other locations very closed to Nightmute (20-30 Km), but don't ask me for Miami, Acapulco, Rio de Janeiro, Barbados, Paris, London, Rome...

Best wishes.

ASR 2012 For Anonymous For Night Mute Alaska

Dear Ciro,

When a person is going to change his/her residence to another country for 1-2 years, is important to study the relocation chart for the new place or has the SR chart and transits preference?

Thank you

Anonymous

In this case is more important to look at the Solar Return.

If, instead, we are speaking of Kabul or of Bagdad, is very important to valuate both the skies.

Greetings.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called

'horoscopes of the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
