Exercises in Aimed Solar Returns from the Blog of **Ciro Discepolo** (53)

Dear **Ciro**

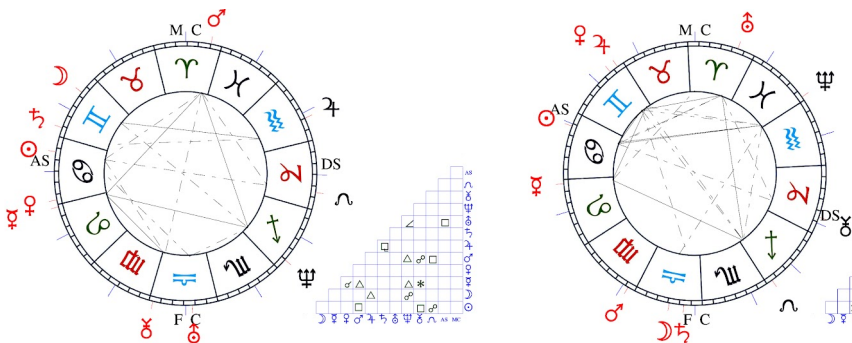

I'm Maria, my birthday is 28 of June 1973 at 6:30 am in bogota - Colombia, I'm at Melbourne - Australia and I'm looking for a job urgently, is there something I can do tomorrow to make things easier around here? Thank you do much for your comments and I'm sorry that I found your blog so late to be able to relocate!

Thanks, Maria

I am sorry, Maria,

but I am writing and you are spending your birthday, now, in Melbourne.

Try again next year. Best wishes.

ASR 2012 For Melbourne Australia For Maria

Thank You for the answer,

but now im a little confused, because i see a different view in the program, and now i dont understand maybe i did something wrong?

O maybe its a mistake because of specific changeball Lithuanian time? When my dougter was born, it was GMT+3 and the Pluto was conjunct with ASC.

But maybe my program is wrong? Im using ZET Pro.

And i still want to ask, if aspects in SR means anything? That horrible opposition?

Zoe

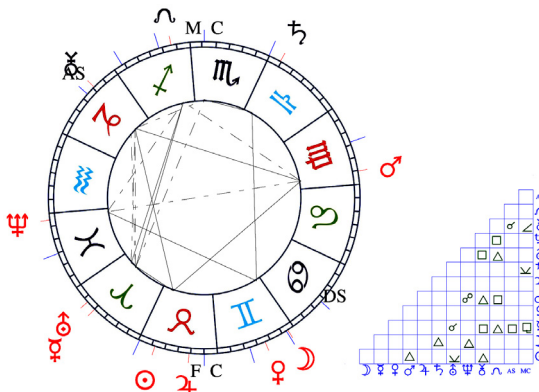

Why do you are confused?

Above you see the Natal Chart of your daughter drowen by Aladino-Ciro Discepolo-Software, by www.Astrologiainlinea.it and by www.Astro.com: all give an Ascendant at 13° Capricorn closed to Pluto. After you can see, again, the same picture in the yesterday blog, always with an Ascendant at 13° Capricorn.

At least also you say that with your software Pluto is joined to the Ascendant.

Then, where is the problem?

P.S. You wrote me that you read some my books and then you should know that in an Aimered Solar Return the aspects value almost zero.

Natal Chart With Ciro_Discepolo_Aladino

Dear Zoe,

no problems! In this moment you are afraid and it is easy to write something not exact. Best wishes.

Dear Ciro,

thank you for your commitment to us bloggers. I am feeling frustrated. My income has dropped significantly, and does not seem to be improving soon. I have several extra expenses right now.

Also, the legal issues regarding my 10 month old daughter are not resolve yet (the father is dragging things out for months). I am enjoying my daughter very much, and she is strong and healthy, but I can't afford to travel more until my next birthday.

Next year I will place Venus in 2nd house. Should I just relax and wait for things to improve financially next year? Julie February 24, 1968 10:24am Oshkosh, WI. 2012 ASR Denver, Colorado.

Father of baby: October 18, 1972 19:09(7:09pm) San Antonio, Texas. 2011 SR Oshkosh, WI.

Julie from Wisconsin

Dear Julie,

don't discourage you because here, from us, we are very worse. The world economic crisis, if in every country is worth 2, in Italy is worth 10!

The delays in the courts don't have to frighten you: from us a hard legal battle lives for 10-12 years. You have a marvelous baby, that is also the mascot of this blog, and — above all — you have a good Aimed Solar Return in progress.

I am sorry that you won't succeed in spending these neighbors Aimed Lunar Returns out of WI however you will make the next birthday with

Venus in the Second House and the things will improve a lot for you.

In two weeks from now I will fly on your head and I will send a kiss to your marvelous baby and so many positive thoughts to you from the whole Blog.

Hello, once again,

dont be angry on me, but i have a question again. Its about Jupiter ar Venus in the 12. As your wrote in your book both of them a very protective, buy then i look at examples,i see that they didnt.

For example: Mussolini death and more examples in your book. Why? Is it mean that they can help, but just a little?

Zoe from Lithuania

Dear Zoe,

no problems. You have quoted the case of Benito Mussolini that is very interesting.

We begin saying that death cannot be avoided, but the bad circumstances of a death can be reduced a lot, just as in the case of the Italian dictator. Let's bring us a last days before his shooting, at the end of April 1945. He was hunted by the partisan army and all his troops had abandoned him. He was old, tired, suffered a lot for an ulcer to the stomach and he was afraid to be arrested by the partisans.

The Germans offered him only a fragile hideaway inside a German camion that brought the German soldiers in country.

Claretta Petacci, her woman, an extraordinary character that speaks to us of great love brought up to the limit of the martyrdom, would have been able to be saved herself, if she had estranged from him. Claretta didn't want to leave also knowing that they would have killed together.

It was nearby him and she also took care of him the night before the end. She was fond with him and it was the great comfort with which he suffered, having she beside, own execution with a gust of machine gun

few minutes after their arrest.

If today someone ends in the hospital and it has Venus and Jupiter in 12[^] of the Aimered Solar Return, he will be helped to recover soon and well. I repeat: if its death is visible in all the charts of his relatives and of his friends, not even 10 Venus and 10 Jupiter in 12[^] House could save his life.

Best regards.

Thank You for explanation,

now i understand my mistake, i thought that it is possible to avoid death.

And i want to ask again, ive looked a lot and think a lot, and ive found that London will be a good place to relocate my dougters SR, but im not sure?

Zoe

Dear Zoe,

but you asked me a very closed location to Lithuania.

If you are available to depart for London, please, write me again and precise me the greatest distance that you can consider.

I will work on that.

Best regards.

Yes, you are rigt,

its because i didnt know that a fly costs to London from Lithuania not so big and because I understand now, that in this case cant be high prices, if i can do anything for my baby, i ave to.

I just understand, that i can borrow money, or i can work more, but i

just have to do the best for my little girl.

2012 04 26 02.34 a.m. Panevezys, Lithuania.

Thank You,

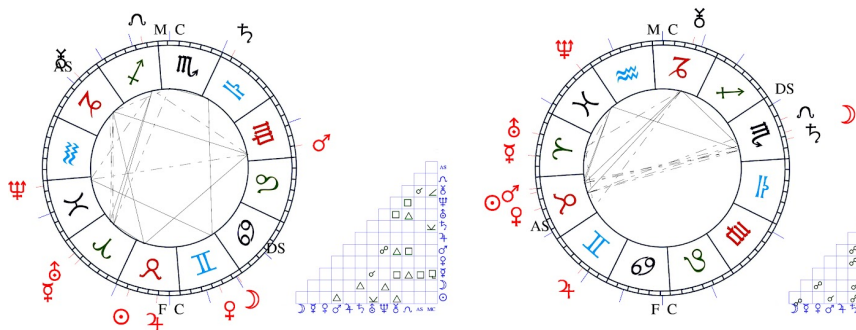

Zoe

Dear Zoe,

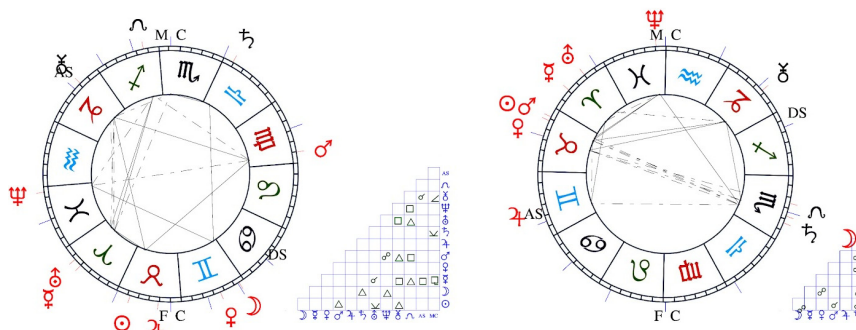

I think that London 2013 is very terrible for your daughter with 5 Celstials (also Sun and Mars) in the 12[^] House.

I repeat you that the Adana-Turkey solution is very good!

Best wishes.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called

'horoscopes of the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
