Exercises in Aimed Solar Returns from the Blog of Ciro Discepolo (58)

Hello Ciro,

I would like to aim my, next year's 2013 Solar Return.

Birthtime is September 3, 1984 at 11:39AM. Place of birth is New Hyde Park, NY 40.73N 73.68W. Current location is Fresh Meadows, NY 40.45N 73.75W.

Additionally, so I do not pester you with too many questions - is there a list of astrologers specializing in Solar Returns who you can recommend?

All the best,

Michael

Hello Michael,

the chart that you see under is not a beautiful chart, but - in my opinion - the best for you and for this birthday.

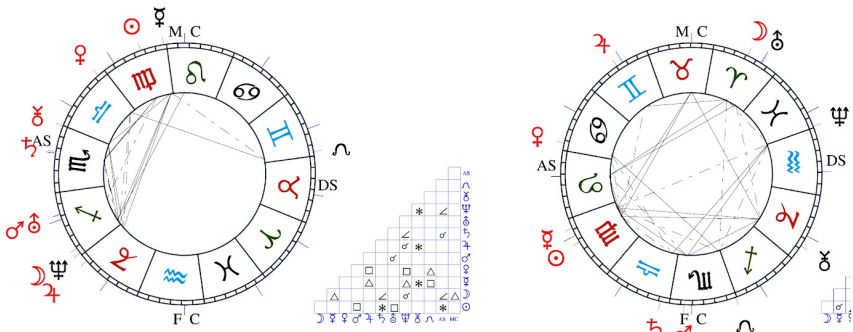

You are a pleasant guest in this blog and you can often ask questions. Nevertheless, if you prefer not to ask here questions, then consult this provisional page

www.activeastrology.com

and choose one of our owners to ask suggestions: they are all good ones.

One owner of ours lives in Chicago.

Many wishes.

ASR Coatzacoalcos Veracruz_Mexico 2012 For Michael

Just a quick question for a healthy child turning 1 year old.

She will have a bad SR (Mars and Saturn in 1st house of SR). I know you said not to worry about SR for very young kids, but mom needs reassurance. Baby NMH (August 18, 2011. 03:34AM, Oshkosh, WI, USA)

Anonymous from Wisconsin

Dear Mother of Anonymous,

I dissuade you to try an Aimered Solar Return for your son, next August 18. In fact to get a very positive result you should go to Morsabit, Kenya, by it is a very expansive journey.

To remove Mars and Saturn from the First House to put them in the Second House (if you will bring him to Sucker Lake Manitoba, not far from your house) it is useless.

In my experience these two super bad stars could damage your child as in the First House, for example if the baby swallowed a small piece of metal (Second House = throat).

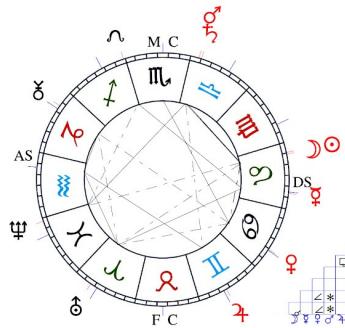

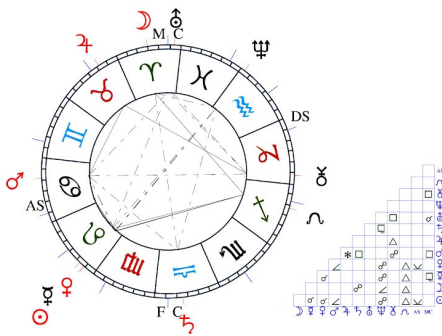

Nevertheless I would like to reassure you on the percentage of risk of your child: it is true that the medical statistics tell us that also a child could seriously get sick, but the risks of illness and accidents increase a lot with to

pass some years and the risks of a 30 year-old man is perhaps 1000 times superior to that of a 1 year-old child.

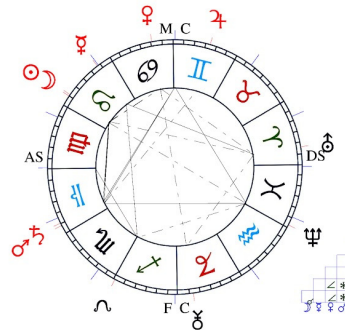

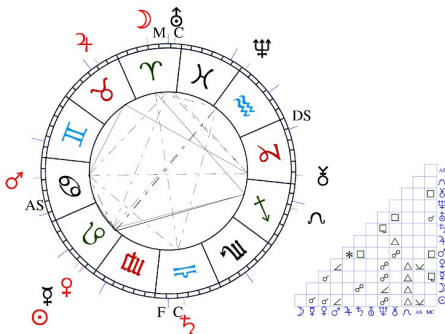

I recommend you, in alternative, to make to take care of your child in preventive way, for example with the homeopathic medicine that is very economic and with which can get good results.

Besides remembered, that if the Aimered Solar Return of the mother of a child is good, it is almost impossible that the small one can seriously get sick.

Many darlings you wish.

Dear Ciro,

I have been thinking of relocating to a place more suitable to kick-start my halted education [I want to change from maths to psychology] and subsequent career [research/writing/counselling/politics].

Is there a way to find couple of candidates areas/cities for relocation?
thanks a lot.

Dear Alfred,

Derby in North Australia is your best relocation for improving your career. Look at the picture and best wishes!

Relocation Derby Australia For Alfred

Dearest Ciro,

A hypothetical question, for the solar return of a writer.

What is the likely outcome of the 3 concurrent placements?

Mercury in Virgo, less than a 1/2 degree from Virgo ascendant in

Gauquelin sector.

Saturn conjunct 3rd house cusp, in the 3rd.

Jupiter in the 10th, in Gemini. MC cusp is also Gemini. Again, the ruler of the 10th, Mercury, conjunct the ascendant from the 12th less than 1/2 degree.

Would the 10th ruler, conjunct the ascendant from 12th create professional intrigues against the individual? Or is it close enough to create favor with the boss?

Deepest thanks,

Michael

Dear Michael,

in my opinion to try the way to be a writer, the best position among the ones listed by you is Jupiter in the X House and...

I think that Mercury in the 12th House, ruler of the Tenth, is always a factor of mistakes, betrayals by anonymous letters, damages from calumnies...

Be brave!

Dear Ciro,

As advised by you regarding relocation to North Australia for education/career purposes, I tried to look into but couldn't find any universities or relevant work/courses in the area (I want to switch from maths and start psychology), it will be really helpful if you can point to couple of suitable places to relocate, as that will help me to search for universities and subsequent job options.

thanks a lot.

Dear Alfred,

this relocation, for Darwin Australia, is almost powerful as the other. Best wishes.

Dear Ciro,

Which are the indicators in a Solar Return that point to baby conception/pregnancy?

Are there significant aspects also for the father?

I checked on several charts to see if there are certain rules, but for each possible rule I find exceptions.

A friend of mine is having a baby (next year in February), so she conceived it on the 2012 SR which indicates a Saturn in the 5th house. The issue is that the father left her, so this is the only way I could explain the Saturn, but not too much the pregnancy. Noticed that Jupiter plays generally a significant part when placed in 1,5,7 and 11 houses.

SR 2012 spent in London.

Thank you!

Georgiana

Dear Georgiana,

I consider you one of the best my ex students and today colleagues.

You have to mature only a greater experience because you discovered only a few years ago Active Astrology..

In Astrology is not valid the logic "Good" - "No Good".

This year, at July 16th 2012, I put Mars and Saturn in my third House: do you think that I will publish less books than other years?

No, probably, I will publish more books and perhaps one extraordinary, but I am suffering for the delay of 4 books, in new 4 languages, that were almost ready about 4 months ago and I think will be ready in 2013...

If I was a female and I had Saturn in the fifth House of Solar Return, I would take 2 "pills" every day...

The best positions are Venus, Sun and Uranus to get a son, ma it is absolutely important that the 5th House is good for the mother and for the father.

Best regards.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
