Exercises in Aimed Solar Returns from the Blog of Ciro Discepolo (60)

Dear Ciro,

Would you kindly help me?

I have a few ideas of astrology learned with my mom - who is very interested in your work-. Currently, she lives in mourning for his friend and difficult to answer my questions. This is why I am writing to you.

So, if I may ask you a few questions:

- The birthday of my friend is just around and Uranus and Moon XI worries me a little as this Venus Saturn V and not being on either Mars and Pluto in VII? What do you think, would it be better to change his place of birth?

(Fabrice, November 24, 1979, 18:45 Yverdon, Switzerland) place of birth = Yverdon

- My Revolution 2013 is not terrible ... Mars, Mercury, Sun, Moon, XII and I will have Uranus in XI, with of course also Saturn V. I read on your blog and I guess pregnancy unplanned cesarean or difficult to see twins as the ascendant falls in V RS but I'm not sure or separation with my friend or both. I do not know what to think ... Would it be better to change my place of birth? I looked up and found Taiyuan in China, what do you think?

(Melanie, 11 May 1979, 02:02 AM, La Chaux-de-Fonds, Switzerland) place of birth = Neuchâtel

I still have two questions, is it possible to have a head start on a solar revolution, sometimes it seems that some event occurring on the solar revolution for the following year is already evident. What do you think?

And then, a theory may be a little crazy, have you already found a year

after death there is a birth.

Thank you very much in advance to the attention paid for this message, for your help and for your answer.

Best Regards,

Mélanie

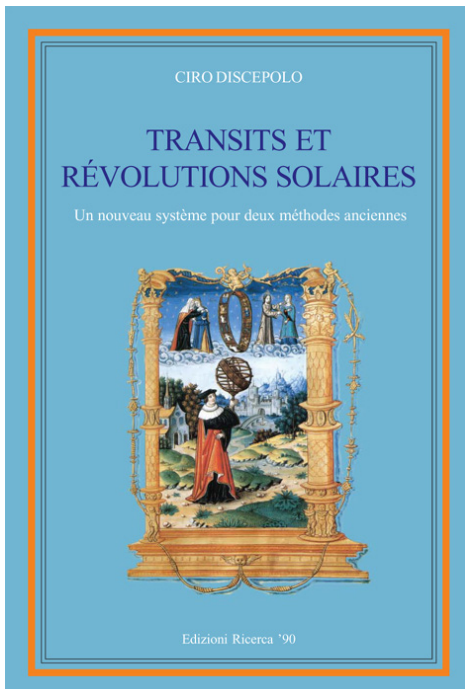

Welcome Mélanie from Switzerland!

I was recently in Switzerland and your country is always a wonderful country!

You have seen right about the next Aimered Solar Return of Fabrice: it is a very bad ASR and it speaks us about bad news of Mélanie or the relation to Mélanie.

Then we hug our concentration on your Aimered Solar Return. The next, for Neuchâtel is terrible, indeed! Why do you say that it is not terrible?

Please, read again my 34 rules in this book:

On the top of dangerous positions there is:

- The Sun in 12[^] House (we have)

- Mars on the 12[^] House Cusp (we have)

- A stellium in the 12[^] House (we have)

However you was very able to choose, in China, a possible good Aimered Solar Return for you. But the one that I choosed for you (Yangoon, Birmania) is many times better: Jupiter and Venus are closed to MC and we can avoid Mars and Saturn in the money Houses or on the cusps

of the money Houses.

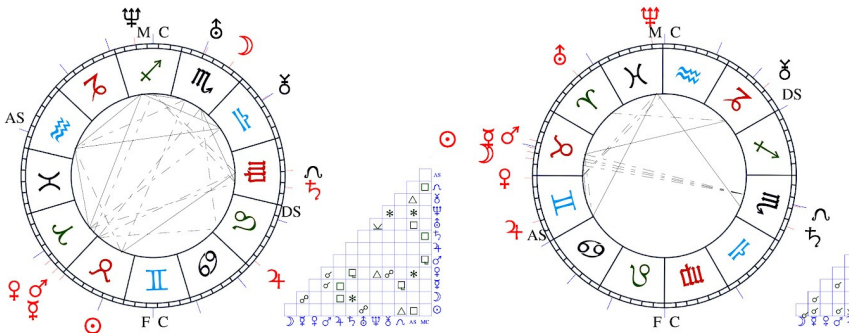

After you ask other two things.

If we put Jupiter in our X House of Solar Return, we can obtain that somebody decides to improve our position relatively to the work: we will know it in the next ASR, but the decision is in relation to the previous ASR.

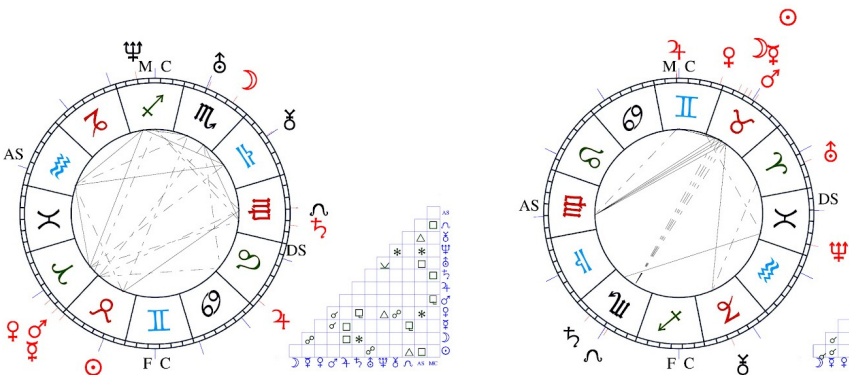

And then, a theory may be a little crazy, have you already found a year after death there is a birth.

It is not crazy: the Aimed Solar Returns works also after the death of a person and you can see it in all the relatives and the friends of a subject.

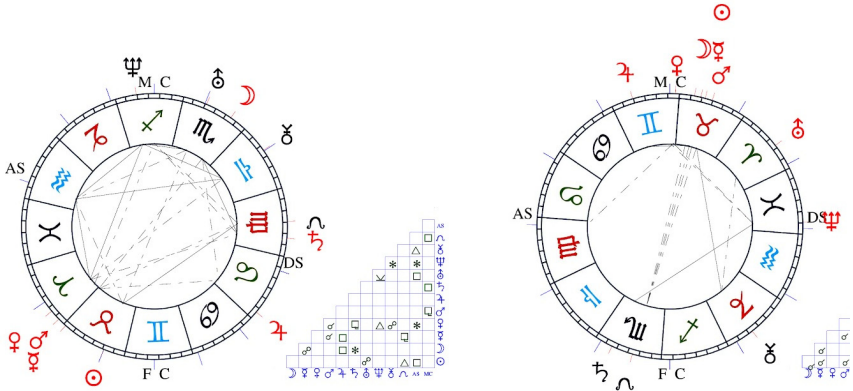

Best wishes and regards to your mother.

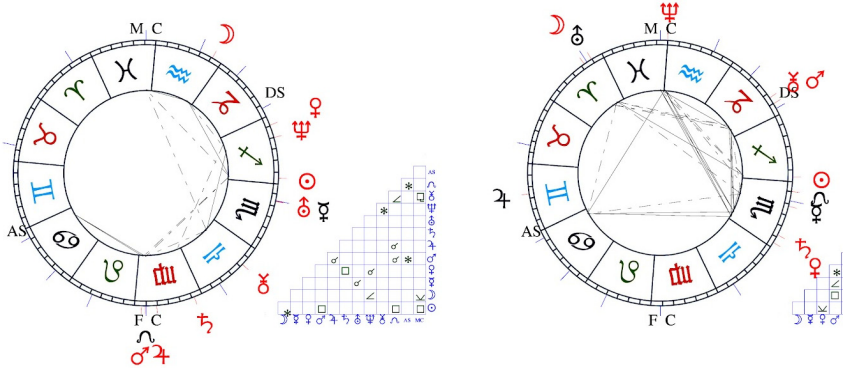

ASR Neuchatel 2013 For Melanie

ASR Taiyuan Shanxi Province China 2013 For Melanie

ASR Yangoon Birmania 2013 For Melanie

ASR Yverdon 2012 For Fabrice

Dear Sir,

I am very grateful that you are helping me with my up and coming solar return. From your previous e-mail, I should not spend my next birthday in Singapore or Melbourne, Australia.

Would Adelaide, Australia be a better choice instead, as the

- solar return ascendant would fall in the 5th natal house instead of the 6th and

- solar return mars is in the 4th house,

- solar return saturn in the 12th house(not ideal but I suppose not as bad as mars in the 5th for my case)

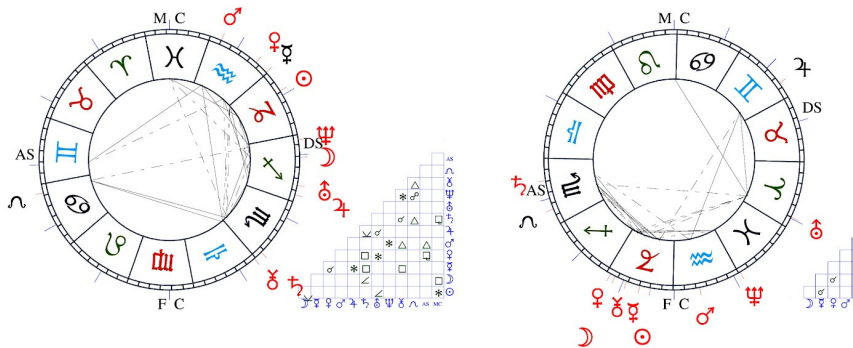

Also if I were to relocate for my next solar return, how many days prior and after the birthdate should I allow. Eg my birthday is on the 11/01/1983, then would it be 24 hours or 48 hours before the actual day I should travel and reach my place of destination. How many days after should I stay in the place?

I am convinced and I am very determined to try to minimise the negative effects of next solar return as besides you sir, another lady who specialises in Feng shui had warned me about possible miscarriage and hospitalisation in 2013.

I thank you once more for your time and efforts to go through my case.

Warm regards,

Michelle

ASR Adelaide 2013 For Michelle

Dear Michelle,

the choice of Adelaide is better than the other choices, but it is not good.

Uranus in 5[^] House can favor a lot of a beginning of pregnancy but Neptune in 5[^] makes us think that you will be worried about to lose your child.

To Adelaide we don't succeed in positioning Jupiter or Venus in the 5[^] House and we don't succeed in even protecting well your health: in fact enough narrow Saturn at the Ascendant is a danger of abortion.

I again recommend you to attend the birthday 2014 to spend where I wrote you.

Best wishes.

Dear Ciro,

Thank you so much for your advice of Porbandar as the SR for 2013.

One of things I noticed was that for my Porbandar 2013 SR, Saturn is in the 4th SR house. This will indicate problems with my father's health. As he is already not well I do not want to take any risk in this aspect, even if it means sacrificing some other promising positions.

What do you think?

thank you so much,

Alfred

Dear Alfred,

yours is a good question and my answer can perhaps help so many people to have clearer ideas on this matter.

You are worried because your father is sick and you think that if we will put Mars in the Fourth House in your Aimered Solar Return, he could die.

In my experience the things are not so.

I everything think that when 30-40 natal charts and ASR and ALR charts and many transits of 20-30 relatives and friends of the subject show his death, this death will be and it is impossible to avoid it.

I am able to calculate the timing of a death, but I study this argument only in my mind and I say about it only to few people that won't suffer for that death.

I have also challenged some enemies of mine to point out their date of death, for the "scientific" progress of the Astrology, but they are still escaping and they did not accept to give me the technical support (all the data of birth) to make this study.

I will now tell you a fact in which I have had to make a choice of this type.

I have had some very important mournings in my life among which two young sisters: one of 51 years and one of 61 years.

When my sister Rosanna, was 60 years old, she discovered to have an ugly tumor to the bowel. All the physicians that we visited said that she would be saved. I, studied instead for weeks the graphs of the whole family, and I told only to my brother and to a few narrow friends that she would be dead after 13 months. I was wrong me of 10 days in the forecast of the precise date of her death.

Meanwhile, I had to depart for my birthday of July 17. I chose a place where I positioned Mars in the 3[^] House. Someone asked me: "Why you have put Mars in 3[^] House if you have a very sick sister and you also know that she has to die the next winter?".

I responded: "I have done this because my sister cannot be saved and that Mars in the my 3[^] House of ASR means that I will suffer a lot for her and she will have a big help from me." In fact, in the following months, I stopped completely to write books and to do any job and, every morning I departed on the first train of the 6.00 am to go to her where I came around the 7.15 am.

Then I spent the whole day with her. I helped my sister in the small things. I gave her the medicines, I also took care of her hygiene. I spent a lot of times close to her and I held her hand. Then the evening I caught the last train, at 11 pm and I returned my home. I did so every day, up to her death.

The Mars in the third House was very bad and heavy for me and it was a relief for her that had nearby always her brother. If your father had to be in danger, you cannot be in India with him because you live in England but the Mars in the Fourth House of your next ASR will make you suffer a lot. The destiny, as it regards the date of death, is already written and you cannot change it.

In the future I will write a book on this matter.

A dear regard.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
