# Exercises in Aimed Solar Returns from the Blog of Ciro Discepolo (67)

**Hello Ciro,**

i want to ask, if i can count on this page?

<http://www.timeanddate.com/worldclock/converter.html>

i though its very safe, but ive found some difference and im not sure about it. I thought that 1998 - 2003 where was gmt + 3 on summer, but it shows gmt +2. So how can i now? Because program made for Lithuania shows gmt+3 too.

Zoe

**Dear Zoe,**

I don't think that this website is one of the most precise one in the whole world relatively to the problem of horary regimes.

I think that the 3 most important and precise database in the world are:

- Aladino database, enriched by years of my studies on the occupied war zones in Italy, France, Palestine, etc. and enriched by years of mail exchanges with some most famous Australian, Canadian, Russian, etc. colleagues.

- Thomas Shanks database that - I think - you can buy on Amazon.com, published by Neil Michelsen

- Henri Le Corre database, Éditions Traditionnelles, in 3 volumes, but very difficult to buy

Best wishes.

**Dear Ciro,**

Why did you say the SR in Montreal would be interesting?

Would it be better for a business? If I would exclude the idea of a possible damage for love, would the chart in Montreal be better for profession and business? 24 JAN 1986 21:20, Campulung, Arges.

For my sister, I found two possible charts: one in Punta Arenas in Chile and the other in Gürgen in Azerbaijan (a village in the eastern part of the country). What is your opinion?

sister: 22 JAN 1984, 1:30 Campulung, Arges.

Thank you!

Best regards, Georgiana

PS: I couldn't post it on the blog

**Dear Georgiana,**

yes, Montral is good: surely.

For your sister: OK for Punta Arenas.

Best wishes.

**Dear Ciro,**

Thank you for your answer on your blog! To be honest, I am pretty confused now.

Both options seem good: Montreal and Brisbane.

What do you advise me? Which is the best, according to your experience.

I like a lot the Jupiter on 10th, contemporary with Jupiter transit through 10th.(Brisbane).

I am not sure if this might be the situation of a bomb shell.

I like also Jupiter on 6-7th cusp. (might mean important partnerships/contracts in 2013).

(Montreal)

I aim for a business in partnership and career mainly.

Best wishes,

Georgiana

**Dear Georgiana,**

I could never choose, for me, to place Mars in the VII House because the envious enemies that would like to see me dead would be also able to put cocaine in my pockets... For you it is different.

I would choose Jupiter in X House because its results are almost definitive and irreversible (if you don't put Saturn in X, another year: a my good colleague has used this rule and was able to forecast the fall of an Italian politician called Polverini).

Even if you had to quarrel with your fiancé, you could always put again the things on the right way or to find another fiancé.

Remember, besides, that Jupiter on the Descendant, in this moment that you loves and in which you are loved, could work, as a bi-stable oscillator and you could lose this love.

Then, I advise you Jupiter in the Tenth House.

Best wishes.

**Dear Ciro,**

first of all congratulations. The second one, is it possible to buy your program?

I can read english and russian. Zoe

**Dear Zoe,**

thanks for the congratulations. I have never sold Aladino to the foreign countries because I could have problems with the technical support of this software. I should work a lot besides for giving possible explanations on its operation. The program is only in Italian.

However you are a correct person and I could accept to sell you a copy. Consider that Aladino is a very expensive program (it works on over 200 decimal numbers and it sees even when the Moon is "retrograde" for an only instant.

The other programs cannot do it (it is a small "bug" that I have left because I don't have time to lose with things that almost all know). To my page:

[www.cirodiscepolo.it/astral.htm](http://www.cirodiscepolo.it/astral.htm)

you can download the Demo (almost 2 Gigabytes of material!).

If you succeed in understanding as it works, write me in private and I will perhaps make an exception for you.

Many darlings you greet.

**Dear Ciro,**

It's the time of the year when I have to ask for vacation time for 2013 at work and I am considering where to spend my 2013 SR.

In 2012 I tried to protect my job and I hope it is working because we are having many changes (I went to St. John's NF, great place in the summer!).

In 2013 I need help with real estate. I am living in my fiancé's house now but we want to move back into my house.

I need to refinance my house with the bank. I believe that I can accomplish this if I spend my birthday where I live, Oshkosh, Wisconsin, USA.

The conjunction Mars/Jupiter will fall in 4th house, and yes, there will be

expenses and much activity related to this process but I hope Jupiter will help me to get back into my house and to make it a comfortable place for my fiancé and me.

Work seems ok in 2013 with Venus in 6 house and I hope Pluto in 10 house will not bring too many problems.

Do you think that to stay home in Oshkosh, WI is a good option for me in 2013?

My birth data: Born August 1, 1957, at 1515 hrs, in Madrid, Spain.

As for my fiancé, Richard, I am having difficulty finding a suitable location for 2013. We will try to sell his house when we move into mine, but that is not my primary concern.

For 2013 I just want to keep him safe and there are only certain locations where he is willing to go for his birthday.

He respects my love of Astrology but he is not willing to travel to certain places. I keep finding the Sun or Mars in unacceptable positions in 2013.

The best I came up with is Paris, France, where he will be happy to spend his birthday, but Mars falls in the 8 house, which is better than the 1st or 6 or 12.

Also, his 2013 birthday is very close to the new moon.

Any comments on a new moon birthday?

Richard's birth data: Born October 5, 1941 at 1945 hrs in Springfield, IL, USA

Best regards. Eva

**Dear Eva,**

your next ASR for Oshkosh can be good, but you will have many difficulties in the love relation: you will have to make the Geisha if you want to avoid an ugly quarrel.

For Richard I advice you the ASR that you see.

Best wishes.

ASR Alma Quebec 2012 For Richard

ASR Oshkosh 2013 For Eva

## Thank you Ciro.

For Richard we are actually going to Barbados for his 2012 birthday which is the chart you recommend.

But what I need help is with his 2013 birthday, next year.

I am so early because I need to ask for time off at work now for 2013. I thought Paris, France, maybe a reasonable option.

Data: Born October 5, 1941 at 1945hr in Springfield, IL, USA

Thank you. Eva

PS. I can play Geisha for one year as far as I don't have any complications at work .

**Dear Eva,**

it is very dangerous to put Saturn in the X House: Paris is not the solution.

Please, ask me again at the beginning of December.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 70 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia) and about 250 short Astrology Essays almost all on Google Books. He has published also about 1000 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
