Exercises in Aimed Solar Returns from the Blog of **Ciro Discepolo** (69)

Dear **Ciro,**

thanks so much for your information. As to my birth time, actually my birth certificate says 1.43 am, but some time ago, someone told me that based on some events that happened in my life, my birth time should be 1.51 am.

Should I go to Hilo or where slightly to the East? I wouldn't like to waste this time to change my life just because of my birth time.

This coming year my birthday will actually be on Jan 22, can you see that?

Thanks!!

Mery

Dear **Mery,**

according to the experience of the most greater astrologers of the world the birth times are generally rounded up. The registry document of birth is the most reliable source that exists.

Therefore I would found me around 1.43 am. If the certificate writes 1.43 am and you was born at 0.50 a.m., your relative that declared you to the office of the registry was totally crazy and I don't think it.

Nevertheless a serious correction of the schedule of birth can be made only to mean of a long protocol of correction as the one that is long three years and that is explained in one book of mine.

We, nevertheless, have around 10 minutes you longitude before losing

the precious cusp of Venus on the Descendant. Then I recommend you, when you will arrive to Hilo, to move you on the most oriental point of the island.

Many wishes.

Many, many thanks dear Teacher Ciro!!

I will follow your advise...

let's start planning my trip to Hilo! By next year, I will let you know how it turned out.

Blessings,

Mery

Very well, Mery:

best wishes again.

Hello Ciro,

i wonder to know, if person don't like to travel abroad, he dont like to go out from home, he is real homebody.

But he is obsessed about idea to travel in time, he lives with that idea everyday and think about it every day, and hes interesting in astral journeys and trying to do that.

Is it possible, that his sun in 9 house?

Zoe

Dear Zoe,

yes, it is possible.

Best regards.

Dear Ciro!

How are you? First, I want to report some events: the end of last year I spent my first ASR with the Jupiter conjunct the MC and Moon in the 10th, Venus and Pluto in the 6th house, Mars in 2nd, Sun and Mercury in the fifth, Saturn in the third, Uranus on the cusp of 8th and 9th, Neptune in the 7th and 8th cusp and AS in the second house of radix.

Many things happened this year: new and old partners joined me for new projects and businesses, creative ideas are much clearer to me, the relationship with my parents has improved, my father traveled to his ASR, my wife also traveled to its first ASR which I will report soon here as it has been a very good year for her, friends and other people are looking for me to know about their ASR and I'm much more confident this year to accomplish all my goals.

With respect to health I had some serious complications in cervical spine because of a Hernia that pushed me away from sports.

Despite having many expenses with that, I was forced to seek various therapies and health solutions to reverse the situation and it made me adopt new eating and nutrition habits, good habits of posture and others restorative therapies.

Saturn was present this year in some way that I had several car license expenses, put in a good sense, since this year I'll probably be able to resolve an impasse with my driver's license that already lasts 5 years.

Anyway, as I'm taking seriously the study of SR, I'm planning my next SR that happens now in December.

I wonder if Saldanha in South Africa is a good choice for the business and career (my birth: December 7th, 1977 at 17h59 - Sao Paulo - Brazil)? I am very grateful to be able to learn from you and with all your recommendations and publications.

Thanks a lot.

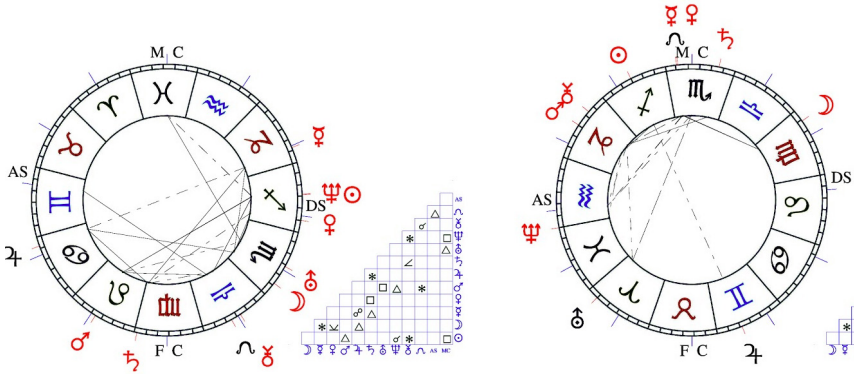

Jose Jorge Jr. from Brazil

Bravo, José!

My compliments for the very good results of the past Aimered Solar Return and my compliments for your chosen of today that shows that you have

understood very well my books and I am sure that you will be one of my best students and colleagues.

Best regards and wishes.

ASR 2012 Saldanha South Africa For Jose' Jorge Jr.

Respected Ciro,

I hope you are doing well. I am unable to post on your blog and am therefore emailing you. Please answer on your blog.

A great year for my friend with data of birth 19th Nov 1970 at 5:50am in ambala, INDIA(30N21,76E50). She got out of an awful job into a splendid job in April of this year.

I am working on her return of 2013(next year November) and I am running into problems. If I pick Los Alamos, New Mexico for NOV 18th 2013 then the ascendant falls very close to 12th.

What do you recommend for next year preferably with income raise.

Also Ravi is disappointed with his return this year. I gave him Petersburg Alaska with Jupiter conjunct MC and Venus conjunct 7th house. His health has improved dramatically but his business hasn't been doing well.

No significant income. We have suggested Moscow Russia for him for Jan of 2013. Do you think this will give him good money and business? His data of birth is Jan 5th 1967 at 11:30am in Nagar Kurnool, India (16N30, 78E19). Please advise.

I have also been working on 2014 for him but that looks like a difficult year.

I looked at Rio Bonito, Brazil and found that Mercury is conjunct MC but Saturn is conjunct 8th cusp. What do you suggest? Please advise.

Thanks, Neena

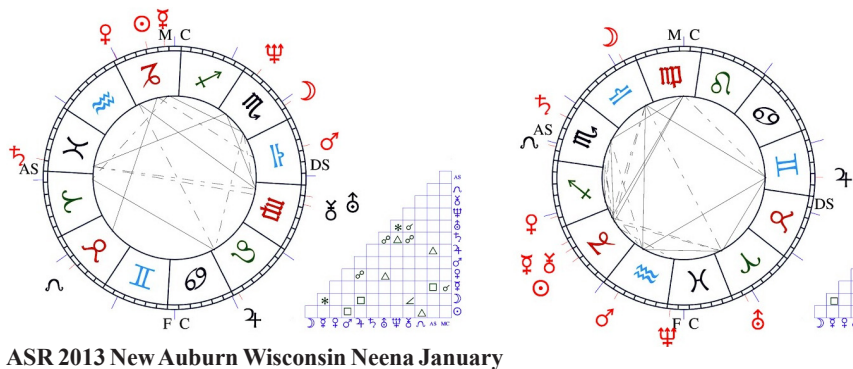

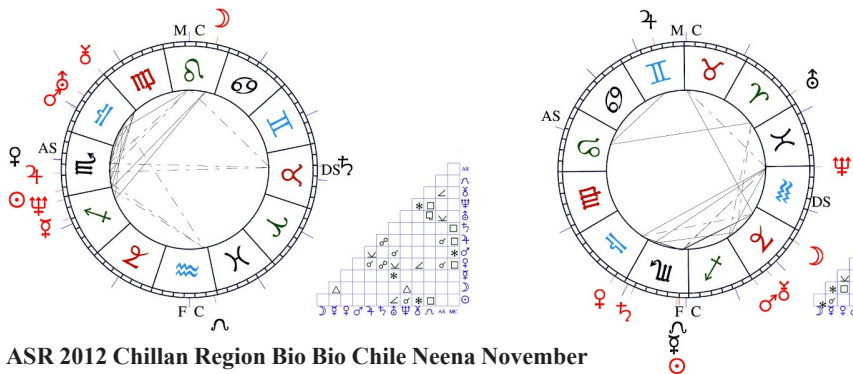

Dear Neena,

I am very happy to read the news that you send us.

For your relative of November: very well! For the other relative of January, we had not aimed to the money and his great improvement for the health is a splendid reality.

I would like to organize to furnish complete packets for families, for 4-5 years at a time, but I am not still for now able and then excuse me if I suggest only you two Aimeas Solar Returns and I suggest me to 2013.

Under you will read my suggestions.

Where it will be my birthday?

Passing the mouse pointer on a graph, you will read, in low to the right of the screen, the name of the recommended place.

If this didn't have to happen, I recommend you to use as browser Chrome of Google that is free and, in my opinion, the best.

(At what time I will have my Solar Return?):

A dear regard and best wishes.

Dear Ciro,

I read the Kindle edition of "Elective Astrology", but, for me, it is still not clear when the baptism of my business will take place.

I sell services to different companies. The money come on a contract basis and, on my turn, I hire people to perform the required tasks.

So, the question is: will the baptism take place when I sign the first contract with the first company, when I hire my first employee or when the work done by the employees starts?

Thank you a lot!

Kind regards,

Georgiana

Dear Georgiana,

the contracts are not important. You activity will be baptize when you will produce the first service for the first company.

Best wishes!

Dear Ciro,

I trust you are very well after your partly resting, partly “working” vacation. Hope it was productive and satisfying:).

I would be very thankful to you if you could help me identifying the right place for my 2013 Solar Return. I see a constellation of planets in my 12th house of SR, Pluto in my SR MC, etc.

Could you please also tell me if there is anything I can do in advance as well. I have observed for years that the SR starts its effects 3-4 months before its actual date, I am afraid that I may experience some of the negative effects soon.

Please advise. Vicky's data: 9 February 1963; 27e50 East, 43n34 Nord.

Thank you very much!

Best regards,

Vicky

Dear Vicky,

I was able to distinguish the latitude from the longitude, but I am not able to divine your birth time...

I am sorry.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 70 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia) and about 250 short Astrology Essays almost all on Google Books. He has published also about 1000 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
