Exercises in Aimed Solar Returns from the Blog of Ciro Discepolo (70)

Dear Ciro,

I trust you are very well after your partly resting, partly “working” vacation. Hope it was productive and satisfying:).

I would be very thankful to you if you could help me identifying the right place for my 2013 Solar Return. I see a constellation of planets in my 12th house of SR, Pluto in my SR MC, etc.

Could you please also tell me if there is anything I can do in advance as well. I have observed for years that the SR starts its effects 3-4 months before its actual date, I am afraid that I may experience some of the negative effects soon. Please advise.

Vicky’s data: 9 February 1963/Dobrich, BG/6:30 a.m.; 27e50 East, 43n34 Nord.

Thank you very much for helping me with my 2013 ASR.

Best regards,

Vicky

Dear Vicky,

I advise you for the chart of New Zealand, but I think that you will not go there. Then I suggest you another for Russia.

The beginning of an Aimed Solar Return 3-4 months before the Return has never happened in 42 years of my practice and in 25.000 ASRs followed tightly by me. Best wishes.

Dear Ciro,

Thank you for your message on the blog!

I have another question, too, as regards the charts for the birth of a love story.

If Venus is on the AS and Saturn is also in the 1st house, but not in conjunction with the AS, is it a good chart?

What if a nice Venus is on the AS, the Sun and the Moon are in good condition and Saturn is on the MC? Is it still a good chart for love with the Saturn on MC?

Thank you!

Georgiana Costescu

Dear Georgiana,

a Saturn closed to the Ascendant or to the MC shows us sad people, severe, but this is absolutely independent from the quality of the love.

In a lot of couples formed by a student and an old teacher, the love will be different from that passionate of two young people, but it will not bad because it responds to a precise mythology.

A dear regard.

Dear Ciro,

Again I ask, but must apologize.

Is there a place where we might send my father in our native United States? He is being understandably stubborn regarding flying to Norwich, England as you've suggested.

Birth: October 31, 1942 10:16 PM Eastern War Time -- Jersey City, NJ Anonymous

Current Place of Return is Fresh Meadows, NY 40.44N 73.47W

Anywhere nearby in the United States we may send him, to remove Mars from the 6th, and Pluto from the Descendant? Is Jupiter in the 12th enough to protect from harm? This is a 12th house return...

Thank you,

Michael from New York

Dear Michael,

you strongly put me in difficulty. When I knew that my father and my mother were about to die (but the physicians didn't know this) I never tried to make to depart them for an Aimered Solar Return because they didn't believe in this marvelous possibility that the sky has given us.

I have found you the only possibility in the United States of America where your father will have less risks: Barrow, in Alaska; but it deals with a mediocre Aimered Solar Return that I would not recommend even to one

enemy of mine.

It is my opinion that you should not accept the "whims" of your father: or he departs or he doesn't depart. However I send you many wishes.

Dear Ciro,

Please help me find a good location for Richard's 2013 SR. I am having difficulty finding a suitable location for 2013. I keep finding the Sun or Mars in unacceptable positions in 2013.

The best I came up with is Paris, France, where he will be happy to spend his birthday, but Mars falls in the 8 house, which is better than the 1st or 6 or 12. But you say you don't like Saturn in the 10th.

Would Madrid, Spain be any better? Saturn falls in 11 house but Uranus gets very close to the cuspid of 4th house. Also, his 2013 birthday is very close to the new moon.

Any comments on a new moon birthday? The Sun/Moon will be in 10th in either Paris or Madrid.

Richard's birth data: Born October 5, 1941 at 1945 hrs in Springfield, IL, USA

Best regards.

Eva

Dear Eva,

for the next Aimered Solar Return of Richard we have to choose the least bad ASR and not the best.

We have to discard Paris and Madrid because there is there, in both cases, Saturn in X House. Uranus closed to the Imum Coeli of the sky is not a problem.

In the Active Astrology we don't consider the charts of New Moon.

If you have some doubts on what we consider in our school, you can make above all reference to two books, those that you see under.

Transits and Solar Returns is sold out, but it will be available in few weeks or in 2-3 months.

I advise you Fort Franklin, Northwest Territories, Canada, near Fort Simpson were I was some months ago. But watch out to the birth time of Richard!

Best regards.

Dear Ciro,

do you see chances of a good pregnancy for me (unfortunately I'm already 41 years old)?

After a few bad years ..., I think I have a good solar return for 2013 with a stellium in the 10. house, AC in Cancer and moon in the 5. solar house (but unfortunately also Saturn in the 5. solar house).

Also I have good transits Jupiter/Sun and Jupiter/Moon in the 5. house in the middle of next year and this could be a chance ... But also I have an 8. house transit of Saturn.

Should I travel for my next birthday? Can you give me an advice?

Here my dates:

2. March 1971 Langenau, Germany (10e07, 48n30), Birth time: 07:20 a.m.

Kind regards and many thanks!

Anonima

Dear Anonima,

to try a first pregnancy at 41 years old with Moon and Saturn in the 5[^] House of the next your Aimed Solar Return, would be too much risky indeed.

The transits, if they are of opposite sign to the positions of the sky of the Solar Return, they value zero.

Well, if you want to try, made to make all the preventive medical examinations, inclusive that of the toxoplasmosis, and if the physician says that you can try, then spend your next birthday to Lisbon that will protect a lot you in this project, but not in total way.

Best wishes.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of

the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
