Exercises in Aimed Solar Returns from the Blog of **Ciro Discepolo** (72)

Dear Mr. Ciro,

Im re-posting because I forgot to put my Birth info.

Im Santiago from Chile again, I recently asked for an ASR for 2013, and you told me that my suggestion of Rio de Janeiro was quite good; but I noticed that I got Saturn on the 1st house with that ASR in Rio... also Moon on 8th and Uranus in the 6th house.

My place and time of birth: Country: Chile City: Coihaique

Time: 15:20 p.m January 21th 1987

-How bad is Saturn on the 1st house??

-Uranus or Neptune on the 6th?

-What happens when the Ascendant of the ASR falls just between 2 houses for example 2nd and 3rd..??

-Im not decided whether Florianopolis, Rio de Janeiro or Brasilia (both Brazil)... My idea was to move that Saturn in the 1st at least to the edge of 2nd house without taking Mars too close to the 6th house (that was the main concern of the fixed SR)

-Might be better to have the sun conjuncted with mercury on 5th than in 4th house? -Am I wrong or this isn't important as an overall?

Sorry for doing so many questions but Im planing to buy tickets...

Thank you very much Sr.

Kind Regards

Santiago from Chile

Dear Santiago,

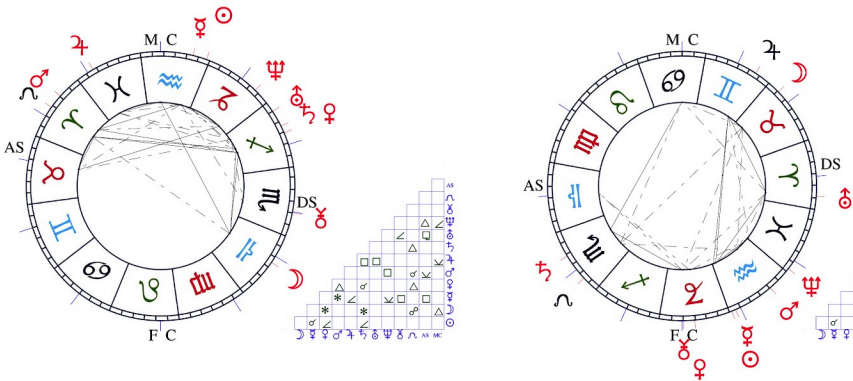

you have forgotten to insert your date of birth: this time I have made it for you.

Considering that you are very young, I has found for you not an exceptional Aimed Solar Return, but even of breakup of the 34 rules. If you can move in Australia, Oceania, Alaska, etc., I am able to find for you a very good Aimed Solar Return, but the one for Rio de Janeiro is acceptable.

You ask me explanations about Saturn in the First House, Uranus in the 6[^] House, etc, but you have my Transits and Solar Returns and you are able to read there the answers to your questions.

I advise you to go to Rio de Janeiro, this year, because the alternative locations don't change a lot your next Aimed Solar Return. Next year, if you will authorize me to plan a very good ASR in the whole world, I will make it for you.

Best wishes.

ASR 2013 Rio De Janeiro For Santiago

Dear Sir,

Few weeks have gone past when I asked you a recommended place for my ASR 2014. You generously answered and with your usual humour asked that if I assume that you are going pass away.

Of course, it is not the case. I hope and wish that you live happily a long

life with your loved ones and friends and readers.

I was merely thinking of myself, or more precisely was seeking glimmers of hope to get out of the emotional vacuum that chips me down [and which became much more acute after the breakdown of the relationship].

You saw my natal chart some time back and commented that since I have venus and moon in the 12th house there will be much trials for me in the field of love. And neptune in my natal 7th house doesn't help either.

At times I just ask myself - is there any respite? Is there any hope for a safe, nurturing, fulfilling, genuine connection? Maybe not.

Thank you so much for your help and time that you have dedicated to guide many many people like me.

Sincere regards.

A

Dear Alfred,

you are a sensible person and you suffer a lot for the punishments of love. You have to understand, however, that a lot of people are fortunate in some sectors of the life and unlucky in other sectors of their own existence.

Active Astrology helps you to improve that sectors where you are more weak.

There are besides periods of the life in which the lucky/unlucky is able "to turn himself". For example who has a Descendant in Capricorn, it often has a first part of the unhappy life on the plan of love and then a second or late part of the life lucky there.

You have a lot of arrows to your arc: you can try to choose the correct person appraising a good score of couple, then you can use your relocation to go to live in a good place of the world or choosing a woman been born in that place. You are able and you have to also help you with the aimed birthdays and with the exorcism of the symbols.

You can use the theorem of Geoffré. You have to respect more the woman that you love because to love doesn't mean to possess, but to be "active" in the relationship and this involves so many energies to spend.

In short I am enough optimist and I believe that you are fortunate because

you have found one of the roads of truth and this can help a lot you.

Best wishes.

Dear Ciro,

It has been a long time. A neighbor of mine, 38 years old, is single and alone.

Though his natal chart indicate this possibility, is there an indication for a change with Venus and Jupiter both in Hs 5 in the 2012 SR, or what place can you suggest for his 2013 ASR?

The details of my male neighbor are: 17/7/75, 20:00, tel aviv.

Many thanks, Mordecai

Dear Mordecai,

I believe it that your friend has not enjoyed of Venus and Jupiter in the fifth House, having - before every other thing - an Ascendant in the 12[^] House and then a heavy Saturn to the MC.

Nevertheless, recommend this message to write him on a social network for friendships: "I look for only 50 year-old women, target friendship." If he will do this he will have a line of women so much that he will have to put out his house a semaphore.

For the next birthday I recommend him Erzurum in Turkey.

Many wishes.

Hello dear Ciro,

ive wonder if it possible to graduate your school and to have a certificate?

Zoe

Dear Zoe,

yes it is possible, but it deals with a serious thing and not of a fraud.

In past, at the University of Naples, at the Italian Institute of Philosophical Studies (where have spoken almost all the living Nobel Prizes) and at the University of Budapest we have organized free seminars of Astrology and these three Universities have released a Diploma of Frequency signed by the Teachers of the University and by me. In the future I will organize other seminars in some European Universities and not only European and if you will follow the blog you will be informed on this.

Dear regards.

Dear Ciro,

you think that its enough to read books and asking on the blog if you want to became an astrologer? Im asking, because everyone told me before, that its not enough.

And ive wonder if astrologer must have a sertificate, or he can learn by himself and work after learning without diploma?

Zoe

Dear Zoe,

reflect a few seconds. I am autodidactic. André Barbault is autodidactic.

The greatest astrologers of the last two centuries are autodidactics: do you think indeed whether to be good astrologers is it necessary to frequent a course from the beginning at the end? You every day have the possibility to turn questions and to understand where you are wrong: this is the best way to learn the Astrology.

Then, if you desire a diploma of an important Seminary of Astrology frequents my next university seminar and not to fall in the trap of disqualified courses where teach you terrible things, even to believe in the "oroscopetti" (the forecasts for the Aries, for the Taurus, for the Libras... as those demenzialis of Marco Pensatori that fortunately nobody reads over Italy).

You go on so and you will become a good colleague: you are already in some American books of mine with the questions that you have done me.

A dear regard.

Dear Ciro,

I would like to know about my Solar Return year for 2014.

I have a third house stellium, a cardinal Grand Cross, and a Natal and SR Uranus opposition.

Apart from the Grand Cross and the Uranus opposition, is the 3rd house a hard one to deal with when many planets are in it ?

Thank you very much for the help,

Michael.

(Born on 1/1/1969 at 4:00 am, in Tehran, Iran. Now living in Yerevan, Armenia.)

Dear Michael,

in my opinion, you will have a stupend stellium in your 3[^] House on December 31 2013.

The problem, instead, is a very dangerous Mars in your 12[^] House of the 2014 Aimed Solar Return (in my school of Active Astrology the aspects among the Celestials have not value). Unfortunately, to resolve this situation is possible only to move yourself in USA/Canada or in Australia and closed locations.

I fear that you can have problems with VISA/ESTA. Write here again and inform me if you can go in these countries.

If you are available to make a very expansive journey, I will study a good location for you.

Best regards.

Dear Ciro,

I did not expect to be able to travel for this birthday, however I may now have the opportunity, can you recommend someplace for me? The 7th house still does not look kindly upon me. Buffalo, DEcember 7th 1964, 9:41pm.

Thank you,

John from Buffalo

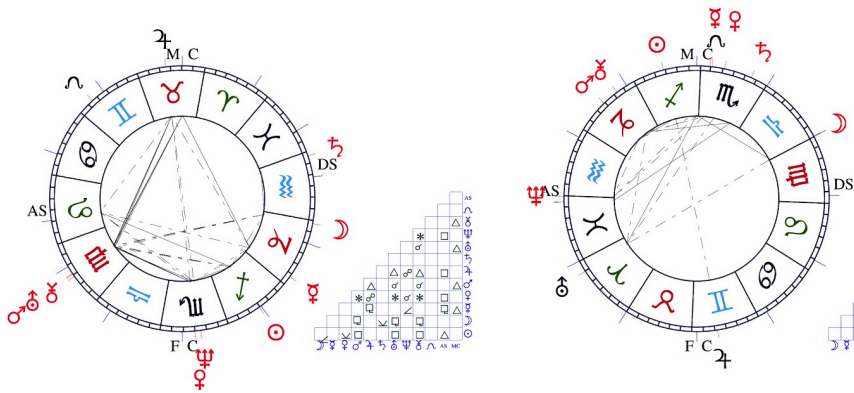

Dear John,

with the tools of this school today we also succeed in making some miracles; for the impossible things we are equipping now.

I warmly recommend you the island of Easter in Chile: it is an enough expensive journey, but you will spend very less than if you had to stay home.

This time I have inserted your data of birth: please, next time make you it.

Many darlings wishes.

ASR 2012 Easter Isle For John

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of

the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
