# Exercises in Aimed Solar Returns from the Blog of **Ciro Discepolo** (74)

**Dear **Ciro**,**

Thanks for your reply (Oct. 23) on my request for help with my 2013 ASR! Sorry for the late response but I needed some time to think over the two locations you suggested (Wanaka and Nizhny Novgorod).

I would love to go to Wanaka and I am ready to pack for the travel, but I am having serious concerns about the configurations of the planets and the houses. The concern is based on analyses you have made in your books and also on a “historic comparison” of my previous SRs and the actual reality I have lived through.

Please help me decide between the two locations or suggest, if possible another one, having in mind the described below and the priorities of my SR: (1) the health and general wellbeing of my children, spouse and mother; (2) my health and wellbeing and (3) my job and personal/professional relationships. (My data: Feb. 9, 1963/ 27e50, 43n34/6:30 a.m.)

The Wanaka ASR has wonderfully placed Jupiter (MC) and Venus (cusp of DC), but it has SR AS in Leo in my natal DC, 5 planets in DC (including Sun and Mars), all SR houses facing opposite natal houses, and Uranus in the 8th house.

Based on my own “historic analysis” of my last 15+ years SRs, the most terrible 4 years (1998, 2002/'06/'10 – related to the death of my father, broken legs of my spouse and me, job and personal relationships problems, all resulting in pain and long time off work) were with AS in Leo and all (or almost all) SR houses situated in the opposite natal houses (AS in DC, DC in AS, IC in MC, MC in IC, 6th in 12th and vice versa, etc.), regardless of where Jupiter and Venus were in the SR chart.

The situation of Mars for most of these years may explain also the

misfortunes (Mars in DC or MC), but not in all cases.

As my SR almost always involve constellations in one or another house I have not found a defined relation with a specific house either for the good years or the bad ones.

I am not a specialist, just a person interested in how astrology can help people, so I may not be able to see all the interrelations and influences between the planets and the houses, but some patterns in my charts are obvious and very striking.

I believe it is due to what you have described about the 1st and 7th houses, but also may have to do with my natal chart configuration – two heavy constellations in these two opposing houses.

The Nizhny Novgorod ASR has Jupiter (AS) and Venus (MC) with AS in Gemini, in my natal IC (the last two correspond more to the configurations of the better years I've had in the last 15 years), but has the 5-planet constellation mentioned above placed in 11th house, Saturn in the 6th and Uranus in the 12th house.

Dear Ciro, please give me your advice which of the location is best, based on the specific situation I have described to you.

Can Jupiter and Venus eliminate all or most of the negative effects of the other planets and house configurations? (As far as I know, all planets have their effects relatively separately.)

Or there is a better third location you could suggest?

Thank you very much!

Sincere regards,

Vicky

**Dear Vicky,**

it is necessary to consider some important things to aim a Solar Return:

- 1) to ask one or two goals and not many goals
- 2) in the school of Active Astrology exist the Houses and not the signs
- 3) we cannot remove with the varnish the planets that we don't like and we choose, every year, the less bad Aimed Solar Return, not the best ASR,

without defects.

4) The ASR is alone one of the two principal tools of the Active Astrology: immediately after the birthday we have to effect every day the exorcism of the symbols and therefore, for example, if Mars is in the VII House, we will have to try to quarrel every day of the year with someone that can give us only small damages.

If we don't use the exorcism of the symbols we can also have serious collateral damages.

Explained this, I recommend you the ASR with Jupiter to the MC.

Best wishes.

**Dear Ciro,**

Thank you very much for your response! I have bought most of your books and am still learning:).

I would also appreciate your response on three more questions:

1) As my husband is coming with me for the ASR to Wanaka and after that we would like to enlarge the trip around NZ, do you think such a plan is a risky thing for him/for us with all these planets in my SR DC (even if I exorcise the symbols)?

2) You usually give advice on the location for an ASR, but I haven't seen you mention the exact time of the SR. Isn't the exact time important?

3) Will a relocation of some LRs be needed after my ASR?

Thank you!

Best regards,

Vicky

I think that going in NZ your husband will have the same risks of stopping at home.

2) You usually give advice on the location for an ASR, but I haven't seen you mention the exact time of the SR. Isn't the exact time important?

Yes, it is very important (also the day) and for that reason I write, every day, in this page:

A che ora sarà il mio compleanno? (At what time I will have my Solar Return?): <http://cirodiscepolo.homeip.net/oroscopi/rsmirata.asp>

but no one reads it...

3) Will a relocation of some LRs be needed after my ASR?

From 5 years ago, I spend about 11-13 ALR in every zone of the whole world, but i make it more over for my studenst, writing books on the matter ALR. You can make them, if you can and if you want. Reads my "Lunar Returns", on Amazon.com.

Best wishes.

**Dear Ciro,**

Many thanks for your answers and patience! It's my mistake I haven't paid enough attention to the links on the website.

Now it's checked:). I've got the "Lunar Returns" from Amazon, but am only at the beginning of the book.

Many best wishes and sincere appreciation for your help!

Best regards,

Vicky

**Dear Vicky,**

it was a pleasure for me.

**Caro Ciro,**

I noticed my solar return this year has Saturn squaring my natal Sun,ugh!

I was wondering if there is anywhere in the world I can go to improve the situation, but preferably to stay in the US?

My birth info is: feb 1, 1967,time 13:27

Suffern, NY

**Dear Anonymous,**

if you absolutely want to stay in the States for your next birthday, then I recommend you to go to Diamond Shoals, North Carolina: it is an enough ugly Aimed Solar Return, but at least we have removed the Sun from the 6<sup>^</sup> House that would bring you problems of every kind.

I generally don't make discounts in mileage. When I did them, 30-40 years ago, my clients paid a price very high in the twelve following months.

Then I recommend you Colombo in the Sri Lanka with two marvelous cusps of Jupiter and Venus.

If you will go there, you will receive so many magnificent gifts during the 2013!

Best wishes.

**Dear Ciro,**

hope this letter finds you well.

Could you please give us advice in finding a good place for ASR for my wife Zhanna. Her data is 12 january 1976, 18:50 Ufa, Bashkortostan, Russia (54n44, 55e56, -5h, Asc 9Leo14, Moon 25Tau04).

My lovely wife is going to complete her studies next year that she is doing at the moment at the University of Geneva and to obtain the diploma successfully.

Afterwards it would be great to find a good job during the next year. In the end we could not rule out starting our family and, hence, our baby is going to be among our biggest tasks as well next year.

I've found one place in the west of the France (in Bretagne) but still I'm not sure about Venus in the 8-th.

Unfortunately, one month ago Zhanna lost her earrings, the very dear and expensive ones, and it was a big frustration for both of us.

I'm afraid s-th like this may happen the next year if she has Venus in the 8-th.

The place in Europe would be preferable to all the other places.

Dear Ciro, I highly appreciate your advice.

Thank you in advance,

Eugeny Volokontsev, Moscow.

### **Dear Eugeny,**

I save a good memory of you and the twice (if I remember well) that we met some years ago to the Novotel of the airport in Moscow, during one of mine so many transits in your Country that - as you know - I love.

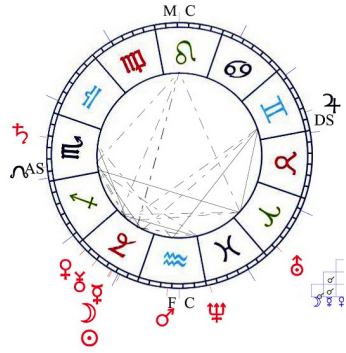

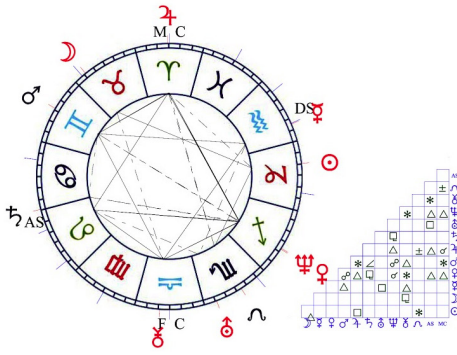

I saw in you one "positive Scorpio", a young man, intelligent, handsome and to which a light illuminated him in the eyes when you spoke of your wife: I believe that you love her a lot and it is beautiful indeed!

I have studied her next birthday and we cannot put Jupiter closed to the MC because you would have a stellium with Mars in 5<sup>th</sup> House: very negative for your relationship of couple and for the project of the baby.

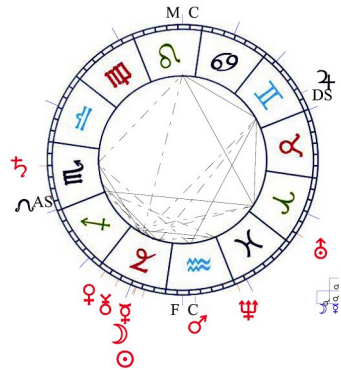

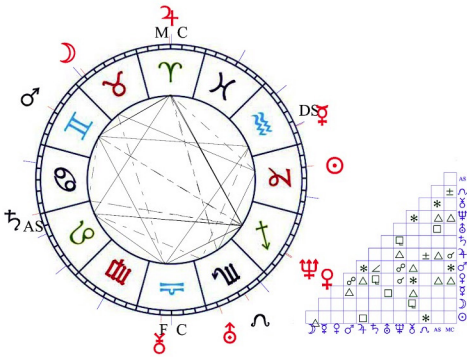

I recommend you instead Gisborne in New Zealand and also better Apia, American Samoa Icelands.

I know that this trip is expensive, but not as to go to the Northwest of Canada... However you consider that the only risk could be an abortion, but it is not sure.

Contrarily Zhanna could find a good job (stellium in the 2<sup>nd</sup> and Jupiter in VII House) that, in these times of great economic recession could repay you a lot of times of the trip done. Best wishes.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of

the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
