Exercises in Aimed Solar Returns from the Blog of Ciro Discepolo (77)

Master Ciro,

I am getting ready for my next lunar return. Can you recommend 2 lunar returns for AP (who has some work problems at the moment- for December and January - 6th house emphasis (health and work). AP is born 18.Sept.54 - 20.15. Trieste.

Many thanks and all the best wishes for Xmas and NY!! Anne Marie

Dear Anne Marie,

I advise these two ALR to A.P. Please, read again what is written, every day, in English and in Italian, in this blog:

- At what time I will have my Solar Return?:

<http://cirodiscepolo.homeip.net/oroscopi/rsmirata.asp>, Best Regards.

ALR Karachi December 26 For AP

ALR January 23 Doha Qatar For AP

Dear Ciro.

I am very grateful to you for your answer of 15.12.12 concerning my birthday in 2013.

However I wanted to ask to advise at you to me a place in Europe more than Mo-I-Rana, Norge because there very difficult and expensively to reach. As about Lissabon or Amsterdam?

Thanks in advance. Yours faithfully,

Igor(11.02.1976 in 06.20,Kharkov in Ukraine).

Dear Igor,

do you remember a nice movie with Peter Sellers named "Hollywood Party"? In this movie a fascinating woman asks to Peter Seller:

"Where are you from?"

"Bombay"

"Oh..., Bombay is in India?"

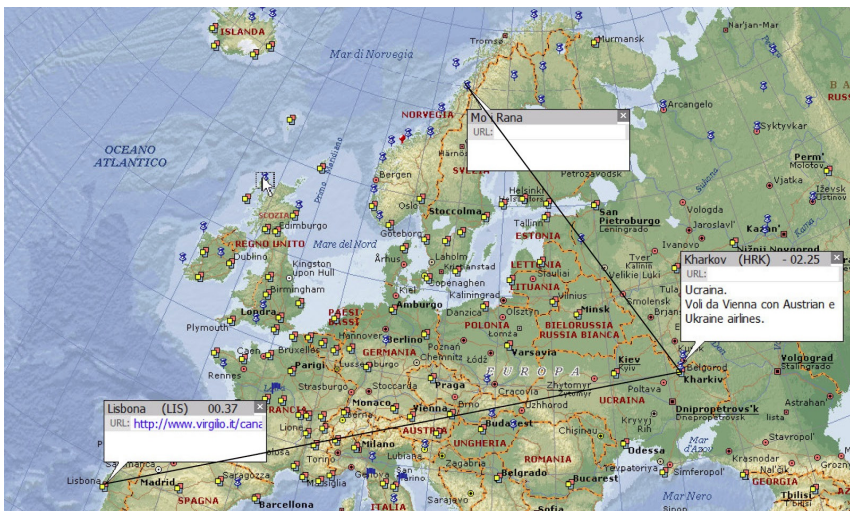

"Oh, yes: Bombay is 'very' in India!"

Now you asked me a location in Europe and you have my word that

Mo-I-Rana is a lot in Europe!

Besides, as you can see on the first travel-website that I searched, for a casual date, the round-trip tickets are of 621,96 euros for Lisbon and of 753,85 euros for Mo-I-Rana.

In the map upper you can see that the travel Kiev-Mo-I-Rana is about one half of the travel Kiev-Lisbon. I think that to find a travel more economic and more closed you have to choose the track Kharkov-Kharkov. Best wishes.

Hello, dear Ciro,

can you explain how to see signs of autism in the chart? which planet or sign is responsible if children dont talk? Cant it be Capricorn? Or Virgo?

Ive read your medical book, its wonderful, ive looked all my friends ar family charts and everything was exactly as written in your book. But in cant find anything about speech.

Zoe

Dear Zoe,

unfortunately I possess only one birth data of an autistic subject. You

verify every day that the astrological indicators of the illnesses described in my book of medical astrology work, indeed: this happens because I have written only these references after having tried them hundreds and hundreds of times.

When for a specific illness I have only few cases to study, then I am silent. I am sorry.

Best regards.

Caro Ciro,

I'm writing to consult for my next solar return destination (2013). Desirably, I would like to put jupiter on the cusps of 10/11th house, and sun/mars in the 9th, saturn in the 4th, ASC in the 7th. But I can't seem to find a place that does that!! Where do you think will be the best destinations??

I recall that your comments for my last SR (I chose yellowknife, NW, Canada), and I think by the end of the year, I can understand why you said I should have put ASC in 11th, instead of 10th, and saturn only in the 11th, not the cusp of 11/12th. ASC in 11th amplifies the 7th, and 11th SR planets, and minimizes bad saturn transit effects.

First of all, after two SR years of saturn in 12th, I personally feel I become more and more paranoia, including, thinking unrelated things are related, or simply hard to filter out what is related, and what is not.

If I exaggerate things to make a point, if I continue to put saturn in 12th house for 10 more years, I will eventually develop full spectrum of symptoms of schizophrenia. Which blends in with saturn in 11/12th house for this SR year. I feel it raises many questions about 11th house issues that I need to confront in my upcoming transits.

And also I continue to realize how natal and solar return can really magnify things: the double whammy effects?

My natal venus/mars in 4th, and with SR venus in 4th: I successfully persuade my mother to go on her first solar return trip, yes, it's a success on my part, because there are always power struggles between my mother and I. And now few months after her second solar returns, she has expanded her business, has expanded her social networks to the point that she's surprised and excited by it, etc. On the contrary, my natal saturn in 11th,

and with SR saturn in 11th: I've decided to end three of my closest friendships, that have lasted for more than 4 years.

The story: I felt betrayed, my former friends will tell people things I said to them (that meant to be private conversations), not admit they have done so, and when I said I was hurt by their behaviours, they think my reaction is inappropriate, etc. I feel a relief to end it, but at the same time, it's nearly impossible to start a new friendship under SR saturn in 11th.

Finally, with SR venus/jupiter in 7th (It's such an effort, recall, jupiter in 7th; then venus in 11th; then stellium in 5th, none of them seem to make me do enough of the right things to attract the most compatible partner, I'll blame my retrograde venus), I think I am getting close in finding my future husband :-). Desirably, in my upcoming jupiter transits (to 7th house), it will bring engagement, hopefully, hopefully.

Careers had been demanding, I transfer to another medical school (a more reputable school), I perform better than before, with better resources in reach. I still struggle, as if swimming up the current, I can either make decent efforts to keep myself from drowning, or exhaust myself but finally reach a serene, prosperous land.

Dear Deva,

good news! Splendid the one of your mother! Only the blind peoples are not able to see the extraordinary results of an Aimered Solar Return.

You and us know, however, that in some Houses we have to put the bad planets...

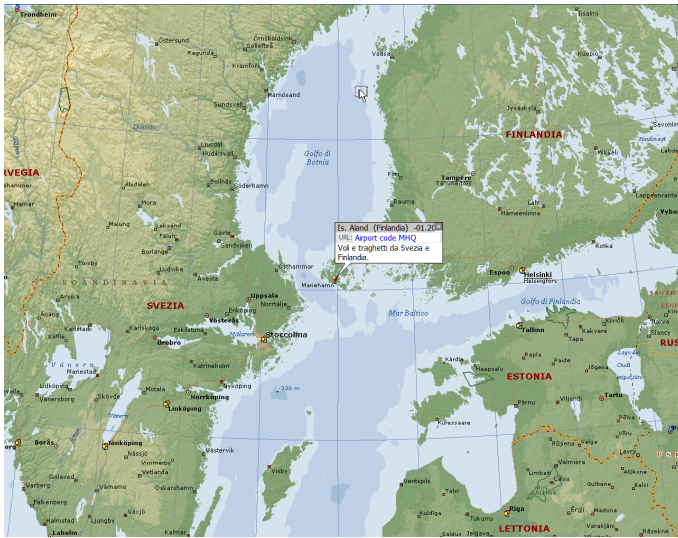

I was able to find an ASR as you asked, but in it is not possible to add even an Ascendant in the VII House: this ASR is not live neither on the Moon.

Marianhamina, in Finland, Airport code MHQ, is a good one and you could meet an interesting foreign man. In your Natal Chart Venus in IV House speaks us of a second part of life with a great love.

You can live the second part of your life even at 30-35 years, for your psychological maturity. Best wishes.

ASR 2013 Marianhamina Finland

Dear Ciro,

I thank you for your work. No child of any age looks forward to losing their mother.

My mother is 82 and is having a very bad year for her health. Very recently I learned of her birth time (April 19, 1930. Oshkosh, WI, USA 08:20am).

Now I can look at her terrible 2012 SR (Oshkosh). I suffer at the thought of her possible passing and ask for any comfort.

I know of others who have died with a very bad stellium 12th house SR.

I know you tell your bloggers not to try to make elderly travel for ASR.

Julie

Dear Julie,

I understand your anguishes of daughter worried for the health of her mother. Remember, however, that only if you find confirmation in all the ASRs of all her relatives and friends you can think about one near death of her. So many times the elderly people also cross terrible years for banal things and then they have an exceptional resumption.

The next ASR of your mother is not terrible and, if she had to die in that year, this would happen in enough painless way (Jupiter in 11 ^ House).

It is true that I am contrary to let the elderly people to depart: but only those that don't want to depart. My parents didn't believe in the aimed birthdays and I, also knowing that I would have lost them, I never practiced any pressure to make to depart them.

As you know I have also lost two young sisters. One could not depart because her husband prohibited her to depart. The other one thought about not being able to leave the job only even for a day. I would make to depart all, also the children of few months and the elderly ones of 100 years, but only if these last agrees. I recommend you to talk to your mother of it, serenely, and if she was prepared we could subsequently improve the next her ASR.

However immediately acquit you because you are a good daughter and us we cannot force the wish of our darlings. An affectionate regard.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of

the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
