# Exercises in Aimed Solar Returns from the Blog of Ciro Discepolo (82)

**Dear Ciro,**

Is it possible for a SR chart to announce its presence a few months in advance?

I mean, do events trigger during the last 3-4 months of a SR in order to create conditions for the the next one?

I know that you stated in your books that this doesn't happen, but

I think I am now in this type of situation. I see no other explanation.

For the past 4 months I have been planning a business partnership that will take effect right after my next SR on 24 Jan. (n.24.01.1986, 21:20, Campulung, Romania).

This SR points to a partnership: ASR in 7th house, Saturn in 7th house, stellium in 11th, Pluto on MC. I didn't know at that time (4 months ago) that it will take effect so late after the next SR.

We were planning it for last November.

According to the chart, this might not be a good action.

Anyway, I'm planning to go to Montreal for the SR, so things should change, but I am not sure at which extent, as regards their effect positive or negative.

What do you advise me?

Thank you in advance!

Best regards,

Georgiana from Bucarest

### **I have one more question about my sister's SR.**

We thought of a SR in Rasht or Qazvin in Iran. This way, she will have a ASR in 2nd house, but also an important influence from this house with 4 planets there.

It also seems that Jupiter has influence in both 6th and 7th house in this chart.

What do you think about this? (22 Jan 1984, 1:30 am, Campulung, Romania)

Thank you again!

Georgiana from Bucarest

### **Dear Georgiana,**

as you know, I believe in the stars more than in the men. I think you're projecting your fears.

In my 43 years of practice on over 100.000 consultations never happened that an ASR was expressed a few months before the SR because we may decide to change our destination.

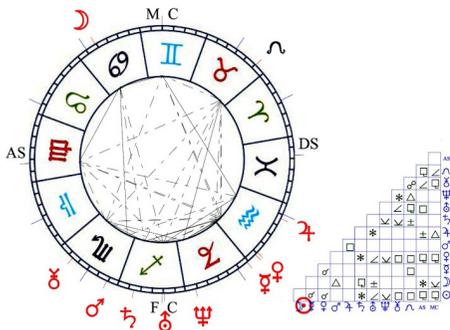

Ask yourself, however, why you wrote this post today and not a few months ago or at another time of the year.

Your Aimed Lunar Return in course presents Sun and Pluto in the 8th House (the end of things, I think you're deciding to finish this work and also the current romantic relationship).

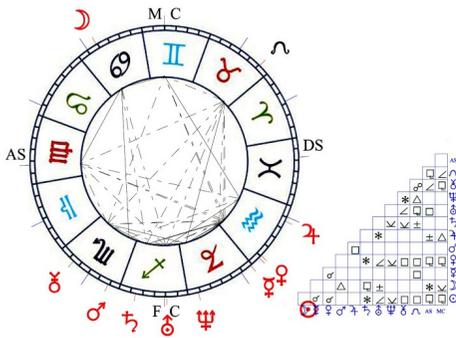

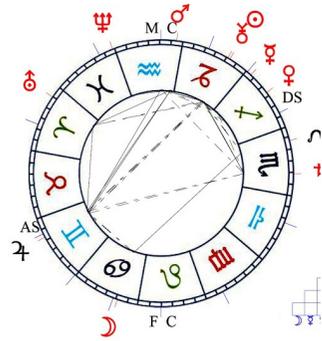

Mars is also the dominant at MC (struggles) and Neptune in House X: anxieties about your social and professional future.

Go quiet in Montreal and you take a very good ASR.

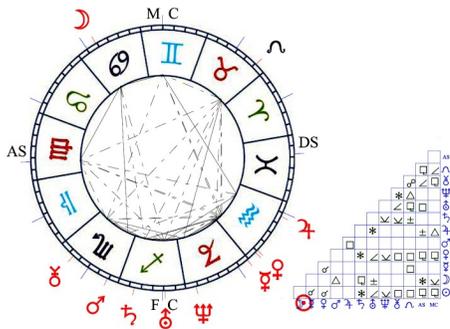

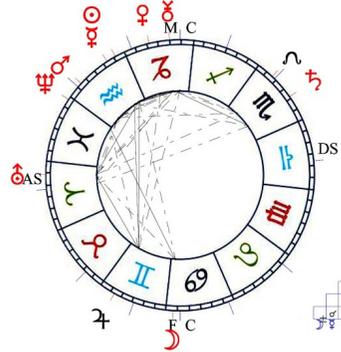

Many greetings.

After you ask me if the Jupiter will have a strong influence in the 6<sup>^</sup> and in the VII Houses for your sister: obviously if it is a cusp!

Best regards.

ASR 2013 Rasht Iran For Georgiana' Sister

**Dear Ciro,**

Thank you for your post.

I don't really want to end my relationship or the work. My fear related to the business came to surface in early December, on the previous SR.

Now, I got to see things more clearly, but still I feel that there is more behind than it seems (maybe Sun + Pluto in 8th house is also working towards revealing the real face of things).

I indeed fear now more than ever for my future (Neptune in 10th). My boyfriend says he is there for me and that he cares for me, but I see potential legal troubles and my inability to handle the situation.

If I would accept this contract and partnership, on my SR should be seen an important change in my career.

I don't see it in any of the planned positive charts (Vilhelmina, Sweden or Montreal), except for the potential one in Romania with Pluto on the MC. Do you think that which ever decision I take, it will be the correct one, just because I am protected by a good SR?

It is interesting how important events and decisions gather near one's birthday more than during the rest of the year.

In 2009 I decided to go to Erzincan on my birthday. I had a Sun-Jupiter

conjunction to the MC there and ASR in 9th.

Three days before my SR, I got a call from a friend of mine asking me to do a singing collaboration in a very famous music contest. To me, that seemed the great opportunity that I had been waiting the whole 2008.

But accepting that offer, meant to renounce my travel for the SR, as I had to go to rehearsals and be part of that project. In my SR chart of Romania, I had a Mars on the SR, ASR in 8th, Saturn in 6th and Venus+Uranus in 12th.

I turned off their offer as much as I wanted it and embarked on my new SR. I bought the flight tickets only one day before the travel, so there was nothing really set when I had to decide for the artistic offer.

In just 4 days after my return, it turned out that there was no true opportunity in that music project. But I got a good job in a multinational, so I felt I took the right decision.

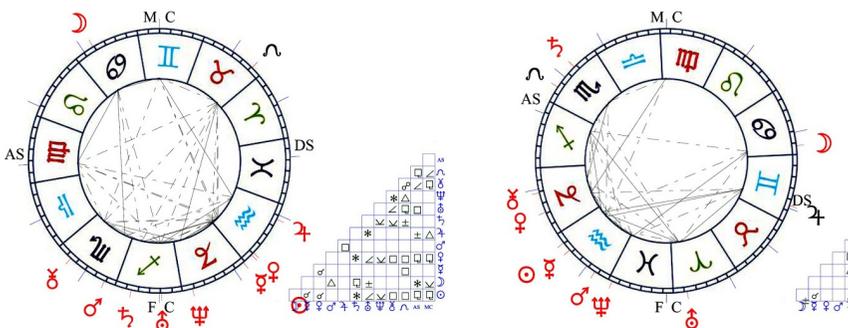

Also, I wonder if Jupiter in 5th in a SR always brings good fiances in one's life or the impression that they are good as Saturn does.

In 2009 and 2010 I had a Saturn in 5th and I thought I am with a good person, but it turned out the opposite when Saturn ended up in 11th house in 2011. On my 2012 SR I also have Saturn in 11th.

Can this Saturn in 11th transfer its negativity to Jupiter in 5th because they are in opposition?

Best wishes,

Georgiana

ASR 2013 Montreal For Georgiana

**Dear Georgiana,**

from your post we understand that you are very suffering fears, anxieties, fantasies that you think you see in front of your driveway and we also understand that you would like to have all the variables under control.

This is not possible. You say you do not see an improvement in your work life in the ASR of Montreal and yet a strong stellium in the Second House along with Jupiter on the Descendant guarantee us good results in this direction. We can help you on the facts, but not on fear.

Then you ask me if Jupiter in the Fifth House is always good: yes, in that specific ASR it is certainly good.

I remind you that in the ASR aspects among angular planets do not count, so there is no opposition between the 11th House and the 5th House.

Once again, I suggest you entrust with optimism to our recommendations and not to torture the mind with anguish.

A warm greeting.

**Dear Ciro,**

I am looking into the solar return for November of 2014(NEXT YEAR) and want to use the power of sun or venus on MC and Jupiter on Descendant. Date of birth : 19th November 1970 at 5:50am in Ambala, India.

In Oranjestad, aruba the Sun is conjunct within 2 degrees of MC but Saturn is within 3 degrees of MC in 9th house.

If I move the return to Curaco island (12N11, 69W00), then the Sun is at 26degree, 3 degrees away from MC and Saturn is 4 degrees away from MC. Jupiter is exact at Descendant.

Does Saturn have to be at least 10 degrees away from MC? I can move the solar return to Castries, St.Lucia but I lose the glorious Jupiter on Descendant to just the 6th house.

I hope my email is clear. Please throw some light on this dilemma that I

am facing. Thanks for always helping.

Saint Pierre And Miquelon Map 2

**Dear Neena,**

we are about 2 years before the 2014 birthday of your friend: perhaps it is exaggerated a request so early.

I'm glad you worried that I might die soon and I would not be more able to suggest you, however it is too much!

However, since you are one of the most loyal of this blog, I'll make an exception for you. Saturn can never stay less than  $12^\circ$  from the MC.

Then the solution for your friend is Saint Pierre and Miquelon.

Many greetings.

P.S. Venus conjunct at the Mid Heaven is stronger than the Sun.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of

the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
