Exercises in Aimed Solar Returns from the Blog of Ciro Discepolo (86)

Master Ciro,

I have just received your books - the new guide to astrology and relocating solar returns and can't wait to read them.

The ALR in Finland has had some strong effects- Jupiter in the 7th-and I have met a wonderful person (more a friendship though)-although I find the ALR of Dubai for January is causing confusion and tension.

I wanted to have your views on the ALR for February in Dubai - the stellium in the second - what does it mean and how to exorcise it?

Is it good for money? Is the ALR in Dubai also good for love with Jupiter in the Vth? MY DOB 16.08.73 2.05am Trieste.

Anne Marie

Dear Anne Marie,

now many beautiful women as you leave for Finland!

Your Aimed Lunar Return for Dubai is dangerous: Saturn in the Tenth House and a great and good stellium in the Second House - for executives very high like you - is a serious danger of dismissal.

I advise you to go to Samara, Russia, where you can get maximum protection for work-health-love-money-look.

Please, read carefully: maximum protection, but not absolute protection.

Many greetings.

ALR February 2013 Samara Russia For Anne Marie

Hello Ciro!

I'm an actor that lives in Los Angeles.

I have looked at my upcoming solar return and it looks difficult, based on what I've read in your books.

I would love your insight on how to resolve this, where to go, for more success in career. My birthdate is July 2, 1970 12:28 AM in New York, NY, USA.

Victor

Dear Victor,

this is the best Aimed Solar Return for you in this year: Shudog, Russia (see the map below).

Jupiter is on the X/11[^] Houses cusp and Venus is out of the 11[^]/12[^] Houses cusp! It is a little miracle!

You have to stay there around 9:00 AM on July 2 of this year, but it is

prudent to anticipate 2-3 days.

Often in Russia many flights are canceled and you could get there the next day, frustrating your birthday trip.

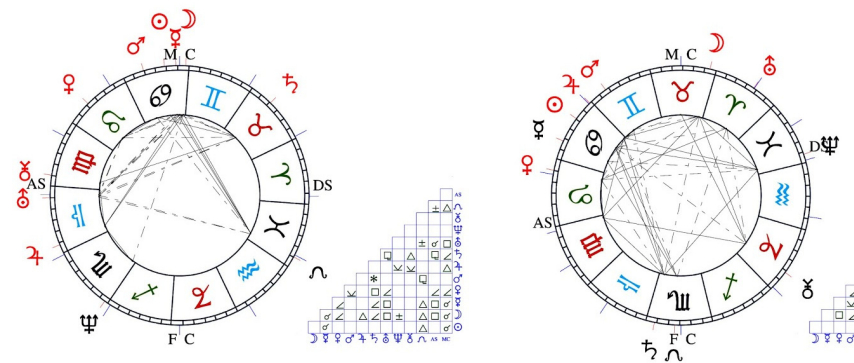

This village is near the city of Syktyvkar (OAG Airport code SCW). Alternatively you can choose Downey in California, but the results were 100 times lower.

Unfortunately it is not possible to place Venus very closed to the Descendant: Downey, California, July 2nd, at 9:52 PM PDT.

Best wishes.

Dear Ciro,

Thank you for the details. Can you please shed some light on the 5th house of the same SR of mine.

Regards,

Imran from Pakistan

ASR 2013 Karachi For Imran

Dear Imran,

with this Aimered Solar Return your 5th House is quite bad. Saturn is more strong than Venus, a lot. You have to think to a crisis in love, but it is possible also a new love after a separation: Venus.

Your wife or girlfriend might even abort. You could have two loves contemporaries: one will make you suffer and another will give you pleasure. Read chapters of Venus in 5th House and Saturn in 5th House in my Transits and Solar Returns.

This book is currently sold out, but maybe that you find a copy on sale at the American Federation of Astrologers, www.astrologer.com.

Many greetings.

Dear Ciro,

Can you please let me know, within Pakistan how far I should go to change my ASR Ascendant and have it best.

Also, is it enough to stay there only for a few hours just before and after the exact time of the Return?

Thank you!

Imran From Pakistan

If you will able to get VISA,

this of Banff, Ontario, Canada, is a quite good Aimed Solar Return.

Best wishes.

ASR 2013 Banff Alberta Canada For Imran

Dear Master Ciro,

Many thanks for the Lunar return calculations to Samara, Russia.

I am not sure I will be able to reach that destination - I am very busy with work and such a trip on the 12th of February might not be feasible.

Unfortunately, although I try my best to travel on the lunar returns, I will not always be able to do it.

I am hoping that the protection of the ASR coupled with several lunar returns will suffice unless it is absolutely critical. Is there any other location (closer to Dubai than Russia that you could recommend).

So, I could fly overnight and come back. If I stay in Dubai, I could exorcise Saturn in the tenth by working extra hard that month and taking

care of my mother.

I would be most grateful for your advice. Also, can you recommend a book on the exorcism of symbols in English- I was unable to find it on Amazon.

Warmest regards,

Anne Marie

Dear Anne Marie,

I am sorry that you will not depart next Lunar Return. I advise you to go to Samara or to remain in Dubai.

Yes, you can exorcise those positions like you write, but remember that the exorcism of a symbol protect us at 20/25% against the 80/85% of an Aimed Lunar Return.

My book Aimed Solar and Lunar Returns, on www.amazon.com, is almost all on the exorcism of symbols.

Best wishes.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
