Exercises in Aimed Solar Returns from the Blog of Ciro Discepolo (90)

Ciao, Signor Discepolo,

I am in the midst of reading three of your books right now and have a question, if you would be so kind.

According to your risk index, my Solar Return year from 9/2012 to 9/2013 is negative 40 and positive 16.

This is also the year of my second Saturn return, (or very close) as well as my Ascendant in the 12th house of my SR. At birth my AC was 15 degrees Scorpio with Saturn at 16 degrees Scorpio, with a stellium of Mars, Sun, Venus and Pluto in the 10th at birth, Jupiter, Moon and Uranus in the 9th at birth (Leo), Neptune in the 12th and Mercury in the 11th.

All my natal planets are very bunched together, it seems.

I've been advised I need a uterine surgery this year, benign fibroid, but needs to be removed.

When should I schedule it?

My birth data is as follows: Sept 13 1955, Lakewood, New Jersey, USA born at 11:20 a.m.

Many kind regards,

Ahuva

Dear Ahuva,

actually your Aimed Solar Return in September last year is very heavy. In Active Astrology we usually do prevention and we don't attempt to

remedy bad situations. But you just did come to my School and then I will try to give you the best advice taking on myself responsibilities that I should not have given that you should have an operation within an ASR that was not chosen by me.

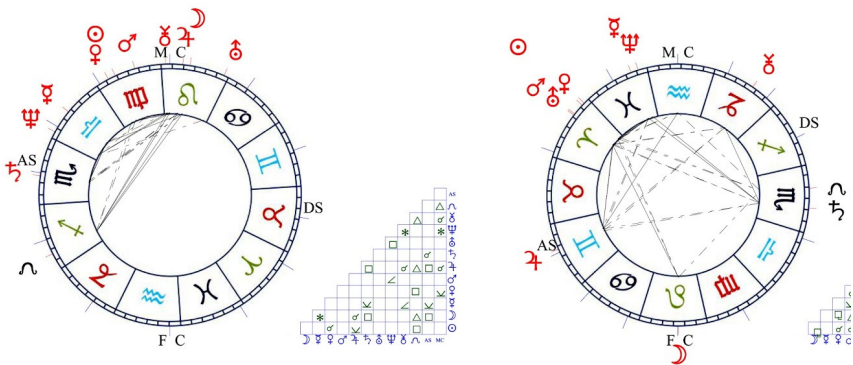

I think that we must act with a good combination of an Aimed Lunar Return and a couple of good planetary transits.

From next April 11th Venus enters your 6th House (the House of Health) and Jupiter will be in sextile to the Moon of birth (the Moon is in relation to the uterus). But your Aimed Lunar Return for March 23 (the previous April 11th) is not good, because Saturn will probably be on the cusp of 5th / 6th Houses, the Ascendant will be in the 8th House of birth and we will have a not strong protection on health.

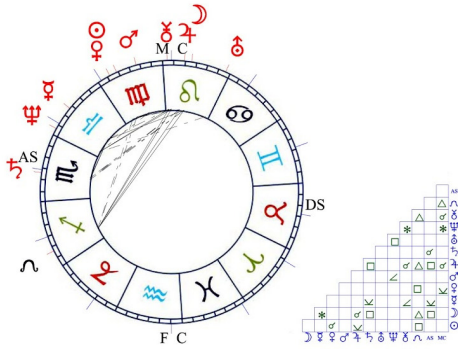

So I advise you to spend your March 23th ALR in Detroit, MI, where we take the two positions that I wrote, and "glue" Jupiter to the Ascendant of ALR.

So, starting from April 11, after making a ALR in Detroit, I advise you to make you act immediately, within a maximum of 4-5 days, that way we will not have even the Moon in Scorpio that following a rule of Ptolemy always valid we must never operate a part of the body when the Moon passes through a corresponding sign of the part of the body on which to practice a surgery.

Dear Master,

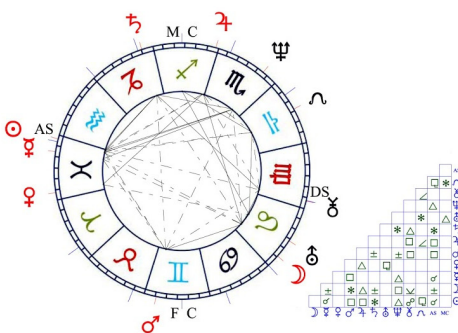

I made the last year RS at Solomon Islands.

During this period, I got married, but it is not a success. My similar birthday(anniversary), (in 21/02/1959 at 07:40 am to Sorgues France) not being able to make a new RS, I wanted to exorcise the symbol and I made operated for the foot 11/02/2013.

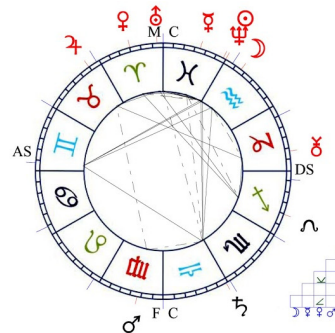

Of what think of it you?

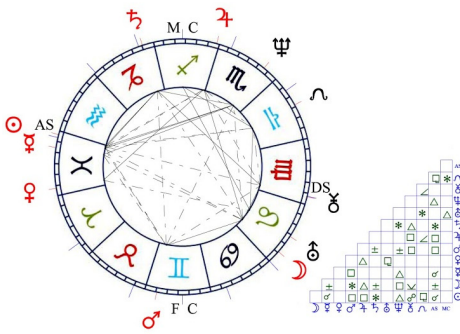

I thank you for your invaluable advice(councils)

ASR 2012 Solomon Islands For Marguerite

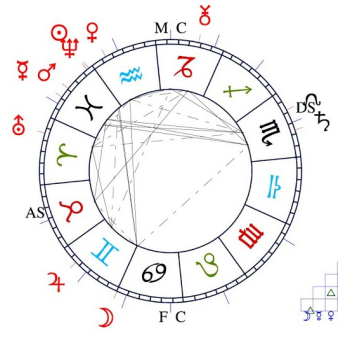

ASR 2013 Sorgues France For Marguerite

ASR 2013 Varese Italy For Marguerite

Dear Marguerite,

you have not written in what island of the Salomone Islands you have spent your last birthday and I have erected the graph for Honiara, the capital, but I think that the island was not that because I would not have positioned you a Saturn so next to the cusp of the 5[^] House.

You found yourself in the condition that I call of the "scissors" because if you were born before, Saturn is fallen in the 5[^] House and if you was born after the Sun is fallen in the 8[^] House: in both cases, also being this a good Aimed Solar Return, it was not all right for a marriage because a lot of times a woman breaks a marriage with Saturn in 5[^] House or with the Sun in 8[^] House.

Then the first important suggestion that I give you is that to correct your schedule of birth to avoid future problems.

You now tell that this year you cannot depart and you have thought about exorcizing Mars that you will have among few days in 12^ House making a surgical operation to the foot.

I believe that this is not all right because, it doesn't everything make any surgery before the 20 days from birthday and after the 20 days from the birthday, otherwise serious risks are taken.

The second reason that doesn't make me be in accord with your choice (but because do you have not asked me suggestion one month ago?) is that you have tried to exorcize something that doesn't is not start yet: your Mars in the 12^ House will take service next 20 February at 10:03 am, French and Italian time. I now dissuade a lot you to leave Mars in 12^ House and Saturn glued to the Descendant in 4 days.

I don't push you to depart for a good ASR, but at least you have to absolutely avoid these two positions and you can do it staying on February 20th, at 10:03 am to Varese or to the airport of Malpensa (it is the same thing). I recommend it to you a lot of, for your own good health.

And, please, ask me next time and not to put your health in danger.

Many wishes.

Dear **Ciro,**

It is a good new to learn it is possible to do a aimed solar returned, with the place of the birthday. In fact little astrologers are agree with this possibility; so that it is why I' should be interested in experimenting the aimed solar return if I can do it of course.

My birthday is the 5 of may of 1961, in Paris , at 16H05.

If I stay here, it looks very difficult with the stellium in the twelve house opposite to saturn in the six house.

I quickly saw that if I go to Sanghaï for instance, it changes for better, because what I should like is to live in another country (in Florida for instance) and a new good work, and love!!!!

So, do you think I could travel for a best year?

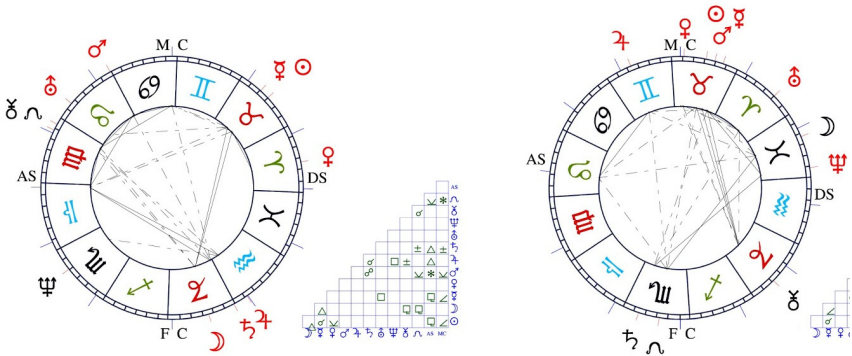

Thanks a lot and best regard. Sylvie

Dear Sylvie,

I advise you Denpasar in Bali, Indonesia, because Venus is closer to MC and Neptune is not on the cusp.

Best wishes.

ASR 2013 Denpasar Bali Indonesia For Sylvie

OK - in short,

I have discovered your book "Solar Returns" on Amazon and found out that I have a horrible Solar Returns this year. Radix's 6th House falling on SR's Ascendant and also a stellium of planets in the 6th house of SR. My Natal ascendant is Aries and that one falls on 9th House(Midheaven) of SR. Natal Chiron is glued to the Midheaven.

I am panicking because I didn't know about the Solar returns on my birthday yet, and now that I know about it, I am helpless because ITS TOO LATE. I would have gladly travelled!!! I have Radix Jupiter trine my Sun, surely we could have relocated me somewhere to avoid a disaster?

Now my question is, can I travel on my Lunar return instead? I realize that I have missed my Solar one. I have tried to "exorcise" the sign by having my wisdom tooth removed (I needed it) and scheduling root canal in March. Will be removing another wisdom tooth in April.

Surgery was scary but turned out to be very easy procedure for me with no complications - I seem to have healed already.

My birthday is January 12 1977 and I was born at 11 45 AM in Vinnitsa Ukraine

Miss. A

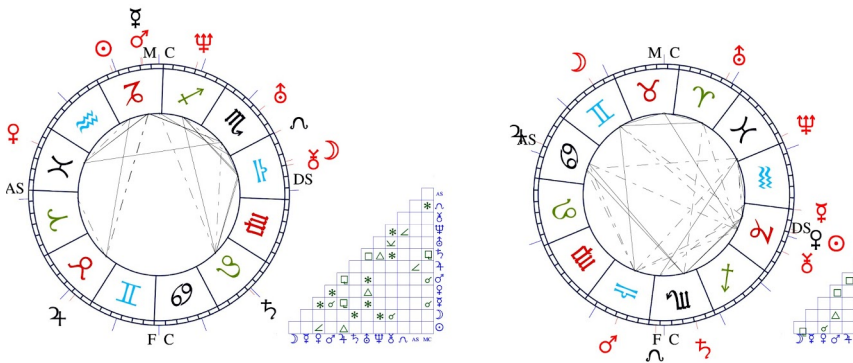

Dear Miss A.,

follow all the suggestions of the book that you see under. In it is explained in which way to exorcize the bad positions of the sky when you are not able of departing for the birthday.

However remember that the exorcism of the symbols protects you to 20-25% while the Aimered Solar Return can protect you in a measure near to the 80-85%.

For next year I recommend you the place that you see under. Clicking on the graph it is magnified. More under, in this page, you will find writing as the name of the city and when you have to stay there.

Many wishes.

Ciro Discepolo, an astrologer, journalist and writer, was born in Naples in 1948 (on the 17th of July, at 5:40 am).

He worked for twenty years at the most popular daily of Naples, *Il Mattino*, writing articles on science, medicine, informatics, literature and astrology. He always refused to cast the so-called 'horoscopes of

the solar signs' for that newspaper and for any other newspaper or magazine.

He worked (at 20 years old) for five years at the CNR (National Research Council) as Researcher Helper and, for two years, as Electronic Measures Laboratory's head in the Istituto Motori of Naples, CNR.

He has been dealing with astrology since 1970. He has written over 65 books, most of them best-sellers in Italy as well as abroad (France, the United States of America, Spain, Germany, Hungary, Slovenia and Russia). He has published also about 750 Astrology lessons on YouTube. In 1990 he founded the quarterly *Ricerca '90*, which he's been directing since then.

He's been doing statistical researches from the very beginning of his interest in astrology.

At the beginning of the '90s, he obtained very brilliant results with researches on astral heredity on a sample of over 75,000 subjects.

He's been holding seminars, courses and lectures in different universities and cultural centres in Italy and abroad.

He particularly deals with Predictive Astrology and Aimed Solar Returns. According to many colleagues he may be considered the greatest living expert of this sector. In fact not only he wrote a dozen of texts on this specific segment of the "Art of Urania" - he can also rely on an experience of more than 20,000 aimed birthdays (covering the years 1970 to 2007) that he suggested, whose outcomes he collected at an interval of one year.

He developed extremely advanced software packages for the study of Predictive Astrology, also projecting an innovative algorithm which is particularly useful for the dating of events within one year for individuals or groups of people.

He is deeply interested in informatics. Astrologically speaking, he followed the school of André Barbault.

He founded the school of the Active Astrology.
